### USER MANUAL

**Bluedio**  
**Model: F800**

**Welcome to your new Bluedio Headphones**

We appreciate your choice of Bluedio headphones. Before use, please read this user manual carefully and keep for future reference.

### Purchase verification

You can find the verification code by scraping the coating off the security label that is affixed to the original packaging. Enter the code on our official website: [www.bluedio.com](http://www.bluedio.com) for purchase verification.

### Learn more and get support

Welcome to visit our official website: [www.bluedio.com](http://www.bluedio.com); Or to email us at [aftersales@gdliwel.com](mailto:aftersales@gdliwel.com); Or to call us at 020-86062626-835.

### Important Safety Information :

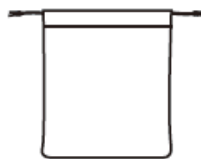

- DON'T use the headphones at a high volume for any extended period to prevent hearing damage.
- DON'T use the headphones while driving or in any environment requiring your full attention. If necessary, use Bluedio communication headphones.
- Keep the headphones, accessories and packaging parts out of reach of children to prevent accidents and choking hazards.
- STOP using the headphones immediately if you feel sick while using the headphones.
- DON'T expose the headphones to either extremely high or low temperatures (ideal: 70°C to 35T).
- The headphones have ANC (Active Noise Cancellation) function; please use it in safe environment, such as public transportation and noisy office, instead of the road to avoid accidents.
- Removal of the chargeable battery in the headphones shall be conducted only by a qualified professional. DON'T try to replace the battery on your own.
- If the headphones have incompatible issues with your laptop or desktop, please use the included audio cable to connect; or buy a CSR4.0 and above Bluetooth adapter.
