**Headset Overview**

## Operation

### To answer a call:

With the headphone connected to your mobile phone, there is a beep/ringtone for an incoming call, press the MF button on audio cable once or use your phone to answer it.

### To end a call:

Press the MF button on audio cable once or use your phone to end the call.

**To reject a call:** keep pressing the MF button on audio cable for around 2 seconds or use your phone to reject the call.

### Voice recognition:

Keep pressing the MF button on audio cable for around 2 seconds.

### Music play/pause:

Press the MF button on audio cable once to play or pause music.

### Track Selection:

Press the MF button on audio cable twice to skip to the next track. Press the MF button on audio cable three times to skip to the previous track.

All the above functions are applicable to iPhone and Samsung devices. Except the previous track operation is only applicable to iPhone devices.
