### WELCOME TO #LIVINGHIFI

The PULSE SOUNDBAR+ is a premium audio system for your home entertainment setup. It can be grouped with other Bluesound Players to create surround sound environments and multi-room listening experiences. It should be connected wired or wirelessly to your home network.

This Quick Setup Guide will guide you through the basic steps to get your PULSE SOUNDBAR+ positioned, plugged in, and on your network. Most of the setup is done using the BluOS App on your phone or tablet. Make sure you have the App downloaded and your phone or tablet nearby as you get started. Go to [bluesound.com/downloads](https://bluesound.com/downloads) to download the App.

The PULSE SOUNDBAR+ online owners manual has even more in-depth information, including troubleshooting tips and tricks. Please visit [bluesound.com](https://bluesound.com) and go to the PULSE SOUNDBAR+ product page to download the latest manual. If you have any questions during setup please visit our support site at [support.bluesound.com](https://support.bluesound.com)
