2. In the induction mode, the blue light will light up on the button.
3. Waving your hand within 15cm in front of the headlamp to turn on/off the light in sensor mode.

Charging

- Charging: Red Light; Fully Charged: Green Light.
- Please make sure the product is fully charged when you use it for the first time.
- Please use the supplied or certified USB cable to charge. When fully charged, please close the dust cover to protect the charging port.

Warning

1. Avoid drops, impact, and extrusion.
2. The highlight mode is very bright; in this mode, it is normal for the headlamp to heat up.
3. The perceived temperature depends on personal perception and the ambient

temperature. The maximum temperature is within the standard limits. The headlamp is safe to use.

4. Do not disassemble and replace the internal parts of the lamp by yourself, so as to not to damage the product or even cause safety hazards.
5. The light source of this luminaire is not replaceable, and the whole luminaire should be replaced when the light source has reached the end of its life.
6. It is not recommended to leave the product in an uncharged state. If not used for a long period, charge the headlamp at least once every 3 months.
7. Please use a safety-certified adapter when charging, and never overload the circuit, as this may cause an electric shock or fire. Cut off the power in time after fully charging.
8. Do not use this product in extremely hot or cold environments ($<-25^{\circ}\text{C}$ / $>40^{\circ}\text{C}$).
9. Keep it away from fire, flammable gases, and corrosive liquids
10. Children should use this product under the supervision and guidance of adults.
11. Do not look directly into the light source to avoid eye irritation.
12. To prolong the service life of the battery, please do not overcharge or overdischarge.
13. This product does not have a diving function. Do not take this product diving or put it in a bathtub or water basin for a long time.
14. A headband is a choking hazard. Do not wrap around the neck.

This product is subject to the provisions of European Directive 2012/19/EC. The symbol showing a wheelie bin crossed through indicates that the product requires separate refuse collection in the European Union. This applies to the product and all accessories marked with this symbol. Products identified with this symbol may not be discarded with normal household waste, but must be taken to a collection point for recycling electric and electronic appliances. This recycling symbol marks, e.g., an object or parts of the material as valuable for recycling. Recycling helps to reduce the consumption of raw materials and protect the environment.
