**Blushield B1 Premium Cube**

## OVERVIEW

- **A** Cube soc
- ket
- **B** LED indicator light
- **C** Logo
- **D** Logo

## PRODUCT USING INSTRUCTION

- Using the included power supply, select a suitable place to plug in the B1.
- Preferably plug the B1 in a central area within your home or office.

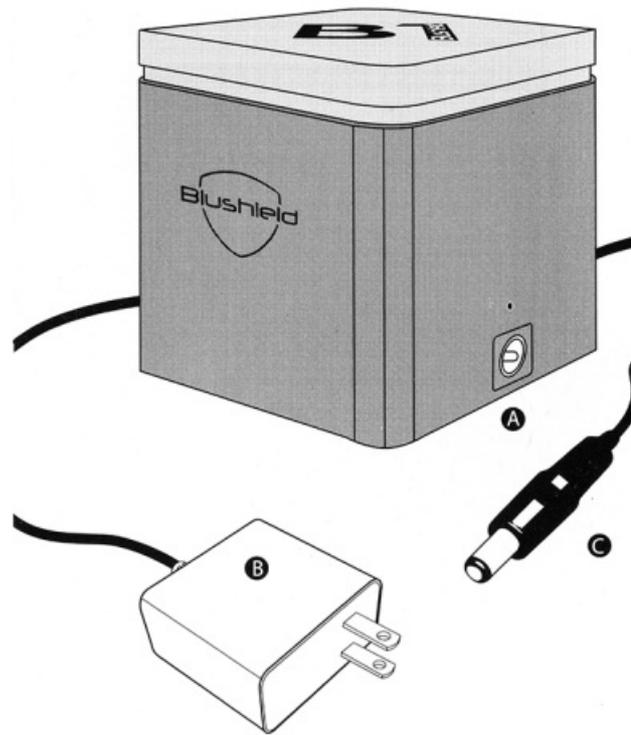

- Only use the included power supply as other third-party power supplies may have the wrong voltage or polarity, potentially damaging the B1 beyond repair.
- Using incorrect power supplies will void the warranty.
- DO NOT place the Cube in damp areas or bathrooms as there may be a risk of electric shock
- DO NOT use force to insert the power plug into the socket
- DO NOT attempt to modify or open the case, this will void the warranty and you may risk electric shock
- DO NOT try to charge the unit as it does not contain any battery
- DO NOT place the B1 on an unstable surface
  - AIRPLANE SAFE
  - Wi-Fi SAFE
  - MOBILE SAFE
  - AUTOMOBILE SAFE
  - 5G SAFE
- Place out of reach of young children, and keep the power cord tucked away to avoid children pulling on it or household pets from chewing on the wire.
- There is a risk of electric shock if the cord is broken.
- Some people report that within the initial first few days after installing the B1, they feel low in energy or tired. This is a harmless transient condition and will pass. This is the body adapting to a new environment.
- Persist with this until it passes. Older persons who have poor health may take longer to adapt, this is a normal process as the body adapts to a new environment.
- The B1 does not remove EMF nor does it modify EMF. Using an EMF meter will not indicate any change in the environment.
- After you install the B1 the numbers on any EMF meter will not alter, as their sole purpose is to measure electro-magnetic fields.
- B1 DOES NOT interfere with wireless devices
- B1 DOES NOT block any mobile phone or

### **Wi-Fi signals**

- B1 DOES NOT interfere with pacemaker use
- B1 DOES NOT cause electronic devices to stop working
- The B1 is strictly for interior use only. It carries a warranty for one year.
- This covers factory defects or faults. The warranty does not cover misuse, modification, neglect (water damage) or opening of the case. The warranty does not cover wear and tear on the power plug cord.
- If a claim is made all postage costs are to be covered by the customer. A Blushield distributor will decide whether to repair or replace the product depending on the fault.

### **CAUTION RISK OF ELECTRIC SHOCK:**

For interior use only. Do not use it in damp or humid areas.

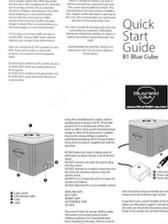

- **A** Cube Socket
- **B** Power supply
- **C** Power plug

Once the power plug is inserted you will observe the LED indicator light up red. If you fail to see a small red light at the hole make sure the power supply is turned on at the wall, and check that the power plug is firmly in the socket. Do not force the plug.
