BONHAM

BONHAM 50-70 Towel Rails

Product Specifications

- Wall to front face = 88-100mm
- Wall to pipe centre = 72-94mm

| Model | Height (mm) | Width (mm) | Pipe Centres (mm) | Electric Element Wattage | Weight (kgs) |
|----------------|-------------|------------|-------------------|--------------------------|--------------|
| Bonham 50 /70 | 700 | 500 | 88-100 | 300 | 7 |
| Bonham 50 /120 | 1190 | 500 | 72-94 | 600 | 10 |
| Bonham 50 /160 | 1540 | 500 | 72-94 | 600 | 13 |

Installation

1. Measure the wall to determine the appropriate placement for the radiator.
2. Ensure the pipe centers align with the specified measurements for your model.
3. Connect the electric element according to the wattage specified in the manual.

Operation

1. Turn on the electric element to start heating the radiator.
2. Adjust the temperature settings as desired.

Maintenance

1. Regularly clean the radiator with a soft cloth to remove dust and maintain its appearance.
2. Check for any leaks or malfunctions periodically and contact customer support if needed.

VALVES / TOWEL HANGING OPTIONS / OTHER ACCESSORIES (please see pages 88 – 100)

ADDITIONAL EXTRAS: Electric Version (Essential Element) + £150.00 Dual Fuel Version (please add price of correct size element from Accessories pages)

The brackets are designed to be installed using the smallest measurement; however, the adjustment is available, where required, for fitting purposes
