## SETUP GUIDE

- **Carefully:** take out from the packing the two lamps, shades, bulbs, and power cords.
- Look for damage; make sure every component—including the USB ports and cloth shade—is in pristine shape.
- **Assemble:** the lamp base; fasten the lamp pole to the base such that it is tightly tightened.
- Install the Fabric Shade by carefully covering the bulb socket with cream fabric shade.
- Insert the E26 LED bulb; screw the provided LED bulb into the socket until it is snug.
- To stop the Lamps from tipping, set them on a level, solid desk or nightstand.
- **Connect:** the lamp's power wire to a 120V wall outlet plug-in into.
- To switch on the lamp base and change brightness levels, gently tap it.
- Cycle among the three Dimmable Modes by tapping to alternate low, medium, and high brightness levels.
- Plug in gadgets including phones, tablets, or smartwatches into the built-in USB ports.
- **Using the AC:** Power Outlet, connect an additional small appliance—such as a speaker or clock—here.
- Position the lamp such that it offers the optimal task or ambient illumination.
- Make sure the cords are in correct arrangement. To prevent trip hazards, neat the cord.
- Test both lamps for functionality to see if they turn on and dim correctly.

- **Love Your New Table Lamps!** – Your Bosceos dimmable table lamps are ready for use right now.

## CARE & MAINTENANCE

- Dust often from the lamp base and shade using a soft microfiber cloth.
- To get stains or dirt from the Fabric Shade, gently wipe with a dry or slightly moist towel.
- Steer clear of strong cleaning agents; instead, protect the matte finish with mild soap and water.
- Test several gadgets to make sure the USB ports and power outlet are operating as expected periodically.
- Do not overload the USB ports; avoid running several highly powered devices at once to avoid overheating.
- Keep the lamp away from liquids and moisture since it is corded electric.
- Turn off the lamp when not in use to help bulbs last longer.
- **Replace the Bulb Should Needed:** Should the provided LED bulb burn out, replace it with an appropriate E26 LED or incandescent bulb.
- Make sure the power cord is secured so tangling or mishaps are avoided.
- Look for flickering bulbs; if they exist, make sure the bulb is tightly fastened in the socket.
- Steer clear of putting heavy objects on the lamp base since this could compromise internal components.

- Plugging the lamp into a surge protector will help to shield it from electrical surges, therefore providing added safety.
- **Keep Out of Reach of Children:** Position the lamp somewhere tiny children cannot unintentionally turn on by using touch control.
- **Store Correctly If Not in Use:** Unplug and keep in a dry, safe spot if not used for too long.
- **Enjoy Long-Lasting Performance:** Regular maintenance guarantees that your Bosceos table lights stay elegant and useful for years.
