#### Important Safety Instructions

1. To avoid accidental ingestion, keep the Sleepbuds™ away from children and pets. The Sleepbuds™ contain a nickel-metal hydride (NiHM) battery, and may be hazardous if swallowed. If ingested, seek immediate medical

attention. When not in use, store the Sleepbuds™ in the charging case with the charging lid closed, and keep out of the reach of children and pets.

2. Do NOT allow children to use the Sleepbuds™.
3. Clean the Sleepbuds™ and charging case only with a dry cloth. Refer to the owner's guide for additional cleaning instructions.
4. Only use attachments/accessories specified by the manufacturer.

## **WARNING/CAUTION**

- When using this product, basic precautions should always be followed, including the following:
  - Read all the instructions before using the charging case.
  - To reduce the risk of injury, close supervision is necessary when the charging case is used near children.
  - Do not expose charging case to water, rain, liquids or snow.
  - Do not use the charging case in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury to persons.
  - Do not use a charging case that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behaviour resulting in fire, explosion or risk of injury.
  - Do not disassemble the charging case. Take it to a qualified service person when service or repair is required. Incorrect re-assembly may result in risk of fire or injury to persons.
  - Do not open, crush or expose a charging case to fire or excessive temperature. Exposure to fire or temperature above 212° F, 100° C may cause explosion.
  - Have servicing performed by a qualified repair person using only identical replacement parts.
- The Sleepbuds™ are designed to mask sounds. Do NOT use your Sleepbuds™ in a way that may interfere with sounds you need to hear for your safety or the safety of others.
- Use this product only with an agency-approved power supply that meets local regulatory requirements (e.g., UL, CSA, VDE, CCC).
- Remove Sleepbuds™ immediately if you experience a warming sensation or loss of audio.
- Do NOT submerge the Sleepbuds™ in water. Do NOT expose the Sleepbuds™ to moving water (e.g., from a faucet, etc.). Do NOT wear the Sleepbuds™ while showering or bathing, or when participating in water sports, e.g., swimming, water-skiing, surfing, etc.

Contains small parts which may be a choking hazard. Not suitable for children.

This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

- Do NOT expose this product to dripping or splashing, and do not place objects filled with liquids, such as vases, on or near the product.
- Keep the product away from fire and heat sources. Do NOT place naked flame sources, such as lighted candles, on or near the product.
- Do NOT make unauthorized alterations to this product.
- If the battery leaks, do not allow the liquid to come in contact with the skin or eyes. If contact is made, seek

medical advice.

- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).

## Regulatory Information

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

Changes or modifications not expressly approved by Bose Corporation could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules and with ISED Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This device complies with FCC and ISED Canada radiation exposure limits set forth for general population. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Right Bud; FCC ID: A94432893R

Left Bud; FCC ID: A94432893L

### CAN ICES-3 (B)/NMB-3(B) For Europe:

Frequency bands of operation 2400 to 2483.5 MHz.

Maximum transmit power less than 20 dBm EIRP. Maximum transmit power is below regulatory limits such that SAR testing is not necessary and exempt per applicable regulations.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

## Management Regulation for Low-power Radio-frequency Devices

### Article XII

According to "Management Regulation for Low-power Radio-frequency Devices" without permission granted by the NCC, any company, enterprise, or user is not allowed to change frequency, enhance transmitting power or alter original characteristic as well as performance to an approved low power radio-frequency devices.

### Article XIV

The low power radio-frequency devices shall not influence aircraft security and interfere legal communications; If found, the user shall cease operating immediately until no interference is achieved. The said legal communications means radio communications operated in compliance with the Telecommunications Act.

The low power radio-frequency devices must be susceptible with the interference from legal communications or ISM radio wave radiated devices.

**DON'T** attempt to remove the rechargeable nickel-metal hydride (NiHM) battery from this product. Contact your local Bose retailer or other qualified professional for removal.

Please dispose of used batteries properly, following local regulations. Do not incinerate.
