Owner's Guide

Important Safety Instructions

Please read this owner's guide carefully and save it for future reference.

=> The lightning flash with arrowhead symbol within an equilateral triangle alerts the user to the presence of uninsulated, dangerous voltage within the system enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

=> The exclamation point within an equilateral triangle alerts the user to the presence of important operating and maintenance instructions in the owner's guide.

WARNINGS:

=> To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.

=> Do not expose this apparatus to dripping or splashing, and do not place objects filled with liquids, such as vases, on or near the apparatus. As with any electronic products, use care not to spill liquids into any part of the product. Liquids can cause a failure and/or a fire hazard.

CAUTIONS:

=> Keep new and used batteries away from children. Do not ingest battery, chemical burn hazard. The remote control supplied with this product contains a coin/button cell battery. If the coin/button cell battery is swallowed it can cause severe internal burns in just 2 hours and can lead to death. If the battery compartment does not close securely, stop using the product. If you think the battery may have been swallowed or placed inside any part of the body seek immediate medical attention. May explode or cause a fire or chemical burn if incorrectly replaced or mishandled. Do not recharge, disassemble, heat above 212°F (100°C), or incinerate. Replace only with an agency approved (ex. UL) CR2032 or DL2032 3-volt lithium battery. Dispose of used batteries promptly.

=> Do not place naked flame sources, such as lighted candles, on or near the apparatus.

WARNING: Contains small parts which may be a choking hazard. Not suitable for children under age 3.

廢電池請回收

=> **Please dispose of used batteries properly**, following local regulations. Do not incinerate. wurass

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

=> The product contains magnetic material. Please contact your physician if you have any questions on whether this might affect the operation of your implantable medical device.

=> **CAUTION:** Make no modifications to the system or accessories. Unauthorized alterations may compromise safety, regulatory compliance, and system performance.

NOTES:

=> Where the mains plug or appliance coupler is used as the disconnect device, such disconnect device shall

remain readily operable.

=> This product must be used indoors. It is neither designed nor tested for use outdoors, in recreation vehicles, or on boats.

=> The product label can be located on the bottom of the system.

Important Safety Instructions

1. Read these instructions.
2. Keep these Instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water or moisture.
8. Clean only with a dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8 Do not install near any heat sources, such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
10. Only use attachments/accessories specified by the manufacturer.
11. Unplug this apparatus during lightning storms or when unused for long periods of time.
- 12 Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way: such as power supply cord or plug is damaged; liquid has been spilled or objects have fallen into the apparatus; the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Regulatory Information

Information about products that generate electrical noise

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- => Reorient or relocate the receiving antenna.
- => Increase the separation between the equipment and receiver.
- => Connect the equipment to an outlet on a different circuit than the one to which the receiver is connected.
- => Consult the dealer or an experienced radio/TV technician for help.

FCC WARNING

Changes or modifications not expressly approved by Bose Corporation could void the user's authority to operate this equipment.

Important USA and Canada compliance Information

This device complies with part 15 of the FCC rules and Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC and Industry Canada radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between radiator and your body. This equipment must not be co-located or be operating in conjunction with any other antennas or transmitters. This device complies with Industry Canada licence-exempt RSS standards(s). This Class B digital apparatus complies with Canadian ICES-003.

CAN ICES-3 (B)/NMB-3(B)

Bose Corporation hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC and all other applicable EU directive requirements. The complete declaration of conformity can be found at:
