Maintenance Instructions

1. Warranty is valid/invalid only the y basis of the below criteria:
   - The product should be purchased through legal and formal channels to be applicable for warranty.
   - Damaging the product intentionally/ unintentionally, or due to natural disasters, etc., is not covered in the warranty.
2. Do not dismantle the product in any way, as this can result in a fire or electrical breakdown, causing the product to be completely damaged. As this is extremely dangerous, we request that any maintenance or servicing of the headphones be performed only by a qualified service provider/manufacture.r
3. Use a compatible 5V 1A charger with a supplied cable to charge your headphones.
4. Please do not remove the battery by yourself; this is a task that should be handled by a service provider/ manufacturer. Replacing the current battery with an ill-fitting set can cause a fire or electric hazard, so it is strongly discouraged.
