    - A: Press and hold the RCC key for over 3 seconds until OFF is displayed.
- **Q: Can I manually receive the time signal?**
    - A: Yes, you can use the RCC key to receive the time signal manually. The receive mode stops automatically after 6 minutes.
- **Q: How should I dispose of this product?**
    - A: This product is covered by the Waste Electrical and Electronic Equipment (WEEE) directive. It should not be discarded with normal household waste but taken to your local collection centre for recycling.
- **Q: Where can I find the EU Declaration of Conformity?**
    - A: The full text of the EU Declaration of Conformity can be viewed on our website at **www.braun-clocks.com**.

Alarm clock (Radio controlled)

User instructions Guarantee

Battery precautions

1. Do not use rechargeable batteries.
2. Use only alkaline AA batteries of the same or equivalent type.
3. Insert batteries with the correct polarity.
4. Keep batteries away from children.
5. Dispose of exhausted batteries according to local legal requirements. Do not dispose them by throwing away with normal household rubbish.
6. Avoid short circuiting the contacts in the battery compartment and battery terminals.
7. Remove batteries from the unit if it will not be used for long period of time.
8. Exhausted batteries should be removed from the battery compartment to prevent over-discharge, which can cause leakage and may cause damage to the clock.

Getting started

1. Remove the battery door.
2. Insert 1xAA size new battery as indicated in the battery compartment, and press the "reset" key to reset the clock. The display will turn on after a few seconds.
3. After 6 seconds, the Clock will automatically start scanning for the radio controlled time signal.
4. Close the battery door.

Note: When the snooze function is activated, the alarm will automatically start again after 5 minutes. The snooze function will not stop unless the ALARM ON / OFF SLIDER is shifted down.

Battery replacement

When the LCD becomes dim, replace with a new battery at once.

Important

For best reception performance, please read the following instructions.

1. We strongly recommend you start your clock at night. Allow the clock to receive the signal automatically overnight.
2. Place the unit away from interfering sources such as TV set, computers, microwaves, etc.
3. Avoid placing the unit on or next to metal surfaces.
4. Avoid closed areas such as airports, basements, cement office buildings or factories.

Note: Exposure to an electrostatic environment may cause the clock to reset. In this event please follow the instructions as described in this manual to set the clock again.

Guarantee

2 year guarantee against material and workmanship defects (except battery). The guarantee is valid in those countries where the alarm clock is officially being sold. Broken or cracked lens screen is not covered under the Guarantee.
