| Phone | Gateway | PHONE CORD |

HOW TO SET UP YOUR PHONE:

After connecting the gateway using the Ready-Set-Install instruction guide, follow these steps to connect your phone line. To get started you will need a phone and a phone cord.
NOTE: For this activation step, do not connect the gateway phone port to any phone jacks in your home.

1. Connect the phone cord from your phone A into phone port #1 on the back of the gateway B .

2. You should now hear a dial tone.

3. From this phone, call the activation line at 1.888.674.4738 to complete the set up of your phone line and features. The activation team will assist you with connecting any additional phones.

Services subject to availability. Advertised installation times are estimated only. Subscription to Breezeline Voice Services requires a continuous Breezeline Internet service subscription.
