Brighttown CR2032 Battery Operated Fairy String Lights

Launch Date: March 17, 2020

Price: \$12.99

Introduction

You can use the Brighttown CR2032 Battery Operated Fairy String Lights to make any room look beautiful. These lights give off a warm, cozy glow and are powered by LED bulbs that use little energy. They can be used for home decor, events, or holiday decorations. You can bend the 7-foot silver wire, which makes it easy to wrap around trees, furniture, flowers, and other things. These lights add a magical touch to any event and are great for parties, do-it-yourself projects, and holiday displays. The Brighttown CR2032 lights can be used both inside and outside because they are waterproof and safe to touch. These fairy lights stay bright for more than 72 hours on two CR2032 batteries that are included. Because they are small, you can put them anywhere without having to worry about not having enough power outlets. You can use the Brighttown CR2032 lights to light up a place or make it feel more festive. They are flexible and easy to use. Because they are energy-efficient and last a long time, they are a cheap choice for all your decorating needs.

- **Control Method:** Touch control
- **Light Color:** Warm white
- **Indoor/Outdoor Usage:** Indoor use (with proper care for the battery pack if used outdoors)
- **Controller Type:** Touch control
- **Additional Features:** Safe to touch, long-lasting brightness, energy-efficient LED, waterproof, 7ft flexible silver wire
- **Light Source Type:** LED
- **Power Source:** Battery powered

Package Includes

- 1 x **Brightown CR2032 Battery Operated Fairy String Lights** (20 LEDs)
- 2 x **CR2032 Batteries** (pre-installed)
- 1 x **Instruction Manual**

Features

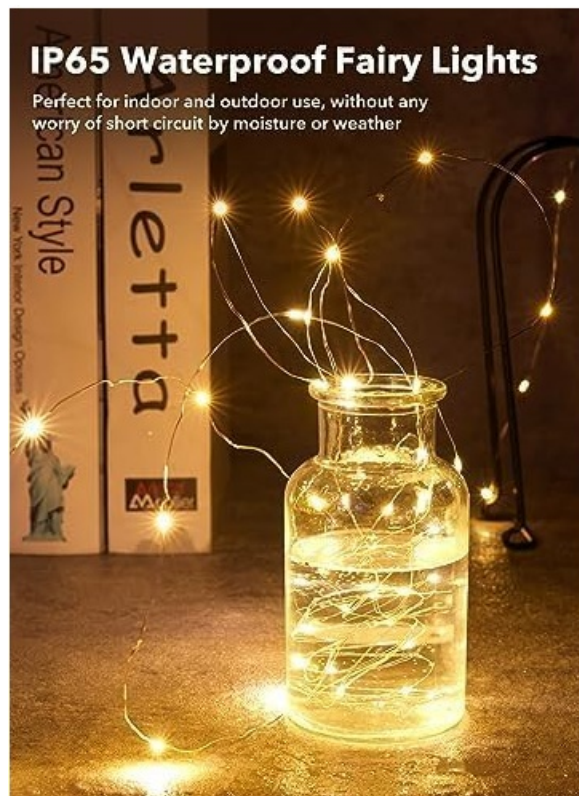

1. **Energy Efficient:** These fairy lights are powered by low-power LED technology, providing long-lasting illumination without draining the batteries quickly. The energy-efficient LEDs ensure that the lights remain bright while using minimal power, allowing you to enjoy them for hours without frequent battery changes.
2. **Versatile:** With 12 packs of these mini fairy lights, you have plenty of options to decorate and enhance a wide variety of spaces. Perfect for everyday home decor, holiday setups, parties, weddings, and DIY craft projects. The flexibility of use makes them suitable for indoor and outdoor spaces alike.
3. **Flexible and Lightweight:** The fairy lights are made with a soft, bendable copper wire, making them easy to shape and manipulate. You can wrap them around furniture, trees, or floral arrangements, or even create intricate designs like photo frames, mirrors, or holiday wreaths. The lightweight nature of the wire means you can hang or place them anywhere without worrying about them being too heavy.
4. **Safe to Use:** Even after extended use, the lights remain cool to the touch, making them safe around children, pets, and other delicate surfaces. The low voltage ensures there is no risk of overheating, so you can enjoy these lights for hours with peace of mind.
5. **Portable:** Since the lights are powered by small CR2032 batteries and the battery pack is compact, they can be

easily moved from one location to another. They don't require an electrical outlet, allowing you to set them up virtually anywhere—whether you're adding a sparkle to a living room or decorating an outdoor patio.

6. **Waterproof:** Designed with an IP44 waterproof rating, these fairy lights are safe to use outdoors, even in light rain or damp conditions. However, be sure to keep the battery pack dry if exposed to moisture. Whether you want to enhance your garden, patio, or balcony, these lights are durable enough to handle outdoor settings.
7. **12 Pack of Battery Operated LED Fairy Lights :** Each set is powered by 2 CR2032 batteries (included), providing approximately 72 hours of use before a battery change is needed. The lights are strung along a 7-foot micro copper wire, featuring 20 upgraded energy-efficient LEDs that offer a soft, glowing effect perfect for creating a cozy atmosphere.

8. **7ft Flexible Silver Wire:** The flexible copper wire can be shaped or wrapped around various objects such as photos, shelves, walls, mirrors, trees, branches, or furniture. This malleable design makes it easy to use for a wide range of decorations and crafts.
9. **Long-Lasting Battery Life:** Thanks to high-quality silver wire and energy-efficient LED bulbs, these lights can last up to 2 years with proper care. The CR2032 batteries provide 72+ hours of continuous lighting, making them ideal for long-term, hassle-free use. Simply turn them on or off with the press of a button.
10. **IP65 Waterproof for Indoor and Outdoor Use :** These fairy lights are not only safe to touch but also IP65-rated waterproof, making them perfect for both indoor and outdoor decorations. Whether you're using them to decorate your bedroom, or for an outdoor wedding or holiday display, you can trust their durability in any weather.

11. **Wide Decorative Uses**: From creating a romantic atmosphere at a wedding or special event, to accenting everyday spaces like bedrooms, living rooms, and nurseries, these fairy lights are perfect for any setting. They can be used on trees, branches, plants, flowers, kids' rooms, patios, balconies, fences, staircases, porches, and more.

Usage

1. **Decorative Lighting**: Wrap the fairy lights around furniture, plants, or frames for a cozy, elegant glow.
2. **Holiday Decorations**: Ideal for adding sparkle to Christmas trees, wreaths, or holiday centerpieces.
3. **Special Occasions**: Use them to create a dreamy ambiance for weddings, birthdays, or romantic dinners.
4. **Craft Projects**: Perfect for incorporating into DIY projects, such as mason jar lights, photo displays, or wall art.
5. **Outdoor Lighting**: Set them up in your garden or patio area (protect the battery pack from rain or moisture).

Care and Maintenance

- **Storage**: When not in use, remove the batteries to prevent corrosion. Store in a cool, dry place.
- **Cleaning**: Wipe the lights with a soft, dry cloth to remove dust or dirt. Avoid using water or cleaning chemicals.
- **Battery Replacement**: When the lights start to dim, replace the CR2032 batteries by opening the compartment of the battery pack. Ensure the new batteries are placed with the correct polarity.
- **Battery Pack**: Avoid exposing the battery pack to moisture. If it becomes wet, dry it immediately before use to prevent any damage or leakage.

Troubleshooting

Issue	Solution
Lights won't turn on	Ensure the CR2032 batteries are properly inserted, and replace them if they are drained.
Lights flickering	Check the battery contacts for any dirt or corrosion. Clean the contacts with a dry cloth and replace the batteries if necessary.
Battery life is too short	Use high-quality CR2032 batteries and ensure they are installed correctly. Replace with fresh batteries when necessary.
Wire is tangled	Gently untangle the copper wire by carefully pulling apart the coils.
Lights are dim	Check the battery level. Replace with fresh CR2032 batteries if the lights are not as bright as usual.
Lights are too bright	These lights are designed to provide a soft glow. If too bright, consider adjusting the placement or dimming surrounding lights to balance.
Not enough lights in pack	Verify that the package contains all 12 packs, each with 20 lights. Contact the seller if there are missing items.
Waterproof performance fails	Ensure the battery pack is kept dry when used outdoors to maintain the waterproof feature of the string lights.
Copper wire is stiff	If the wire doesn't bend easily, try gently manipulating it or warming it up slightly (ensure the lights are off before doing so).
Touch control not working	Check for any obstructions or dirt on the touch area. Clean the surface and ensure the battery pack is functioning properly.
Battery compartment not closing	Ensure the battery compartment is aligned properly and that no wires are obstructing the compartment. Check for loose parts or damage.
Lights not responding after long use	Turn off the lights, remove the batteries for a few minutes, then replace with new CR2032 batteries.
Flashing lights	Check the connection between the battery pack and wire for any loose connections or damage. Tighten any loose parts.
Wire gets too hot	Ensure the battery pack is functioning correctly and there are no short circuits. Disconnect if overheating occurs and check for faults.
Battery pack not fitting properly	Verify that the battery compartment is not obstructed or damaged. Ensure the CR2032 batteries are inserted correctly for proper connection.

Pros and Cons

Pros	Cons
Flexible and easy to shape	Battery pack is not waterproof
Energy-efficient LED technology	Batteries not included
Long-lasting with proper care	Limited outdoor durability due to battery pack
Versatile for various occasions	Requires manual operation (no remote)

FAQs

How long do the batteries last in the Brightown CR2032 Battery Operated Fairy String Lights?

The Brightown CR2032 lights can last up to 72 hours on fresh CR2032 batteries before needing a replacement.

What is the total length of the Brightown CR2032 battery-operated lights?

Each Brightown CR2032 string light is 7 feet long, with 20 LEDs spaced along the copper wire.

What color are the lights on the Brightown CR2032 string lights?

The Brightown CR2032 lights emit a warm white glow, creating a cozy and inviting atmosphere.

How do I turn on the Brightown CR2032 fairy lights?

The Brightown CR2032 lights feature a touch control, so you can turn them on or off by simply tapping the battery pack.

Can I use the Brightown CR2032 lights for holiday decorations?

Absolutely! The Brightown CR2032 lights are perfect for holiday decorations, especially for Christmas and other seasonal events.

How many Brightown CR2032 light sets come in the package?

The package includes 12 sets of Brightown CR2032 battery-operated fairy lights, each with 20 LED lights.

What is the power source for the Brightown CR2032 fairy lights?

The Brightown CR2032 fairy lights are powered by 2 CR2032 batteries, which are included in the package.

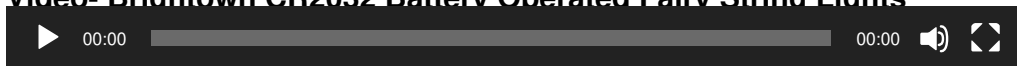

How do I care for the Brightown CR2032 fairy lights?

To care for the Brightown CR2032 lights, avoid excessive bending of the wire, replace the batteries as needed, and keep the battery pack dry when used outdoors.

Are the Brightown CR2032 fairy lights dimmable?

The Brightown CR2032 lights are not dimmable but provide a soft and warm white glow that suits most decorative purposes.
