Brizled GP-SW050DC2000-IP44(US)-B 66ft 200 LED RGB String Lights

Launch Date: June 19, 2020

Price: \$29.99

Introduction

The Brizled GP-SW050DC2000-IP44(US)-B 66ft 200 LED RGB String Lights are the best way to make any event more colorful. These lights can be used indoors or outdoors, and they make decorations for holidays, parties, weddings, and everyday events look better. With a huge selection of RGB colors and dynamic lighting modes, users can quickly change the look of their display to fit any mood or theme. When you're not close to the device, the included remote control makes it easy to change settings, colors, and effects. With LED technology that uses less energy, these lights not only give off beautiful light but also help you save money on your power bills. Because they have an IP44 grade for weather resistance, you can use them outside all year as long. The memory function saves your previous settings for added ease, and the easy installation process makes setup a breeze. The Brizled GP-SW050DC2000-IP44(US)-B lights are great for any event, whether you want to make a cozy or busy space feel more fun.

- **Light Source Type:** LED
- **Power Source:** Corded Electric
- **Theme:** Holiday

- **Occasion:** Easter, Christmas, Wedding, Halloween, Thanksgiving
- **Style:** 200 LED – Remote
- **Controller Type:** Remote Control
- **Number of Light Sources:** 200
- **Voltage:** 110V
- **Included Components:** 200 LED RGB Christmas String Lights, User Manual, Remote Controller
- **Item Weight:** 0.97 Pounds
- **Water Resistance Level:** Water Resistant
- **Seasons:** Spring, Autumn, Winter
- **Manufacturer:** NINGBO GOLDEN POWER ELECTRONIC CO LTD
- **Part Number:** HHGDELLD048
- **Item Model Number:** GP-SW050DC2000-IP44(US)-B
- **Batteries Included?:** No
- **Batteries Required?:** No

Package Includes

- 200 LED RGB String Lights
- Power Adapter
- Remote Controller
- User Manual

Features

1. **Color Changing:** The Brizled GP-SW050DC2000-IP44(US)-B offers a vibrant range of RGB colors, allowing you to create dynamic and colorful lighting effects for any occasion.
2. **Multiple Modes:** With various modes available, including steady on, flashing, and fading, you can easily customize the ambiance to suit your needs, whether it's a lively party or a calm evening.
3. **Remote Control:** The included remote control allows for convenient operation from a distance. You can easily switch modes, adjust brightness, and change colors without having to reach for the lights themselves.

Please remove the insulation sheet before use

4. **Energy Efficient:** Designed to consume low power, the Brizled GP-SW050DC2000-IP44(US)-B helps save on energy bills while providing bright and vibrant lighting.
5. **Weather Resistant:** Rated IP44, these lights are protected against splashes and outdoor conditions, making them ideal for both indoor and outdoor decorations.
6. **Versatile Use:** Perfect for holidays, parties, weddings, and everyday use, the Brizled GP-SW050DC2000-IP44(US)-B lights can enhance any setting, from festive gatherings to cozy evenings.
7. **Easy Installation:** The lightweight and flexible design allows for a simple setup, making it easy to hang or wrap the lights wherever needed.
8. **Various Colors and Modes for Options:** With 20 single colors and combinations for various holidays (e.g., multicolor for Christmas, red-white-blue for July 4th, orange-purple for Halloween), the lights cater to every festive occasion throughout the year.
9. **Memory Function & Timer Options:** Featuring a memory function, the lights retain your last settings. The timer options (4H, 6H, 8H) allow the lights to automatically turn on and off according to your schedule, simplifying usage.
10. **Adjustable Speed & Brightness:** The lights offer 8 levels of brightness and 10 levels of speed for dynamic modes, allowing you to set the perfect atmosphere for any occasion, from intimate dinners to lively parties.
11. **UL Safety Adapter & Multifunctional Remote:** Equipped with a UL-certified low-voltage power adapter for safe use, the lights can be controlled through both a switch button and a 48-key multifunctional remote, providing flexibility and convenience.
12. **Waterproof String Lights:** With an IP44 rating, these string lights work well in rainy conditions, making them perfect for outdoor decorations. Ensure to protect the power adapter from water exposure.
13. **Dynamic RGB Revolution Lights:** Unlike typical RGB string lights, the Brizled GP-SW050DC2000-IP44(US)-

B allows you to achieve dynamic modes with any color you select, boasting over 490 dynamic lighting effects for unique displays.

14. **Cost-Effective Lighting Solution:** With an array of functions and modes, these lights offer exceptional value compared to other RGB options, providing versatility and creativity in lighting displays.
15. **Customizable Effects:** The lights can be paused or played, allowing you to select your favorite colors and effects easily, making them an engaging and interactive choice for all your lighting needs.

Usage

- Plug the lights into a power source using the included adapter.
- Hang or drape the lights around your desired area for decorations.
- Use the remote control to select colors, modes, and adjust brightness.
- Utilize the timer function to set automatic on/off times.
- Ensure the power adapter is protected from moisture when used outdoors.
- Create enchanting displays for holidays, parties, weddings, or everyday ambiance.

Care and Maintenance

- **Storage:** Store lights in a cool, dry place when not in use.
- **Inspection:** Regularly check for signs of wear or damage on lights and cables.
- **Cleaning:** Wipe with a soft, dry cloth; avoid harsh chemicals or abrasives.
- **Moisture Protection:** Keep the power adapter and connectors away from water.

- **Operation:** Do not overload circuits; avoid connecting too many strings together.
- **Temperature Control:** Keep away from direct heat sources and extreme temperatures.

Troubleshooting

| Issue | Possible Causes | Solutions |
|-----------------------------|---------------------------------------|---|
| Lights won't turn on | Power source disconnected | Check power connections and ensure they are plugged in. |
| | Faulty power adapter | Test with a different power adapter if available. |
| Color not changing | Incorrect mode selected | Cycle through the modes using the remote control. |
| | Firmware needs updating | Consult the user manual for updates if applicable. |
| Flickering lights | Loose connections | Ensure all connections are secure. |
| | Power supply issues | Try plugging the lights into a different outlet. |
| Remote control not working | Dead remote batteries | Replace the batteries in the remote. |
| | Obstruction between remote and lights | Clear any obstructions between the remote and the lights. |
| Timer not functioning | Timer settings not properly set | Reset the timer settings as per the user manual. |
| | Power issues | Verify the lights are plugged in correctly. |
| Waterproofing issues | Improper connection | Ensure all connectors are assembled correctly to avoid water ingress. |
| Color appears dull | Incorrect voltage supply | Check that the power supply matches the specifications. |
| Memory function not working | Power reset | Unplug the lights and plug them back in to reset. |
| Installation issues | Insufficient support | Ensure lights are securely fastened to prevent sagging or damage. |

Pros and Cons

| Pros | Cons |
|-------------------------------|---|
| Versatile color options | May require additional hooks for installation |
| Energy-efficient | Remote control batteries not included |
| Durable and weather-resistant | Limited range of timer settings |
