Coin Cell Battery replacement instructions (QL-820NWBc)

1. Gently lift the safety cover away from the battery cover and keep it in the raised position, as shown.

   DO NOT remove the safety cover.
2. Use a coin or similar object to turn the battery cover in the direction shown in illustration A, and then remove the battery cover.
3. Insert the new battery, making sure the + and – symbols facing the correct direction.
4. Replace the battery cover and, using a coin or similar object, slowly turn the battery cover in the direction shown in illustration B until it locks into place.
