CONNECTING (PAIRING)

1. Slide the power switch on the back of the keyboard from OFF to ON.
2. Press and hold one of the four Bluetooth buttons on the keyboard until you see a flashing blue light under the key.
3. Go to Settings > Devices > Bluetooth & other devices > Add Bluetooth or other device > Bluetooth and select Brydge W-Type.

Note: The Brydge W-Type can be paired with up to four devices but can only be used with one device at a time. To switch between devices, tap the relevant Bluetooth key to select the appropriate device.

CHARGE

To charge your Brydge W-Type, insert the supplied USB-C cable into the charging port on the back of the keyboard. The battery is charging when the Bluetooth 1 key flashes red. The flashing will stop when the battery is fully charged.

FUNCTION MODE

The Brydge W-Type is preset in media mode where you have control of play, pause, volume and other features. To access function keys (F1-F12), switch to function mode by pressing the function and esc keys at the same time.

HAVE A QUESTION? Visit www.brydge.com/support

Thank you for purchasing a Brydge product. This product comes with a 1-year limited hardware warranty on the terms and conditions set out in this document and at www.brydge.com/warranty. All Brydge warranties are non-transferrable and are only available to the original end-user of the product. Warranties do not apply to products purchased from online vendors unauthorized to sell Brydge-branded product. If a defect arises during the warranty period, cease using the product and contact Brydge. To obtain warranty service, visit www.brydge.com/support or call +1 (435) 604-0481. Brydge, at its sole discretion and option, will (1) repair the product at no charge using new parts or parts that are equivalent to new in performance and reliability, or (2) replace or exchange the product with a product of equivalent functionality and value. Brydge offers free return shipping on any approved warranty claims. A shipping label will be provided to you if you are within the United States. If you are outside the United States, Brydge will reimburse your return shipping to a maximum of US\$15.00 after providing a copy of the shipping receipt.

Australia Only: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Brydge Technologies LLC | 1912 Sidewinder Dr., Suite 104, Park City, UT 84060 USA

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference. (2) This device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the

FCC Rules

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION

DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

The battery shall not be exposed to excessive heat such as sunshine, fire or the like.
