BUFFBEE

Buffbee BK11 2-in-1 Sound Machine

Launch Date: June 24, 2022

Price: \$33.99

Introduction

The Buffbee BK11 2-in-1 Sound Machine is a multipurpose device that combines a digital alarm clock and a soothing sound machine to help you sleep better. This small and movable device lets you change the settings to fit your needs, whether you want to block out annoying sounds or wake up to soothing sounds. The Buffbee BK11 lets you make the perfect environment for rest and relaxation with 30 noise levels that can be changed, 18 soothing sound options, and 5 unique wake-up sounds. The 0-100% display dimmer makes sure the light won't wake you up at night, and the 7-color changeable night light adds a visual element. With a structure the size of a palm, it's great for use at home, on the go, or in the office. The sleep timer and power backup make it useful and easy to use, and they ensure that it works without interruption. The Buffbee BK11 is a custom-made way to improve your daily routine, whether you're cooling down for the night or getting ready for the day.

- **Product Weight:** 0.64 Pounds (10.24 ounces)
- **Item Model Number:** BK11

Package Includes

- 1 x Buffbee BK11 2-in-1 Sound Machine
- 1 x USB-C Power Cable
- 1 x User Manual

Features

1. Dual Functionality:

The Buffbee BK11 serves as both a sound machine and a light projector, offering two essential tools for relaxation. It combines sound therapy to mask unwanted background noise with light projection to create a peaceful ambiance. This dual-purpose feature enhances sleep quality and promotes relaxation in any environment.

2. Sound Library:

With a vast sound library, this machine provides 30 soothing sounds, including:

- **5 White Noise Options:** Ideal for blocking distractions and promoting deep sleep.

- **3 Fan Sounds:** For those who find fan noises comforting.
- **10 Nature Sounds:** Including calming sounds of the ocean, lullabies, waves, rain, thunderstorm, brook, bird chirping, summer night, and campfire. These nature sounds are perfect for creating a serene environment.

3. **Adjustable Night Light:**

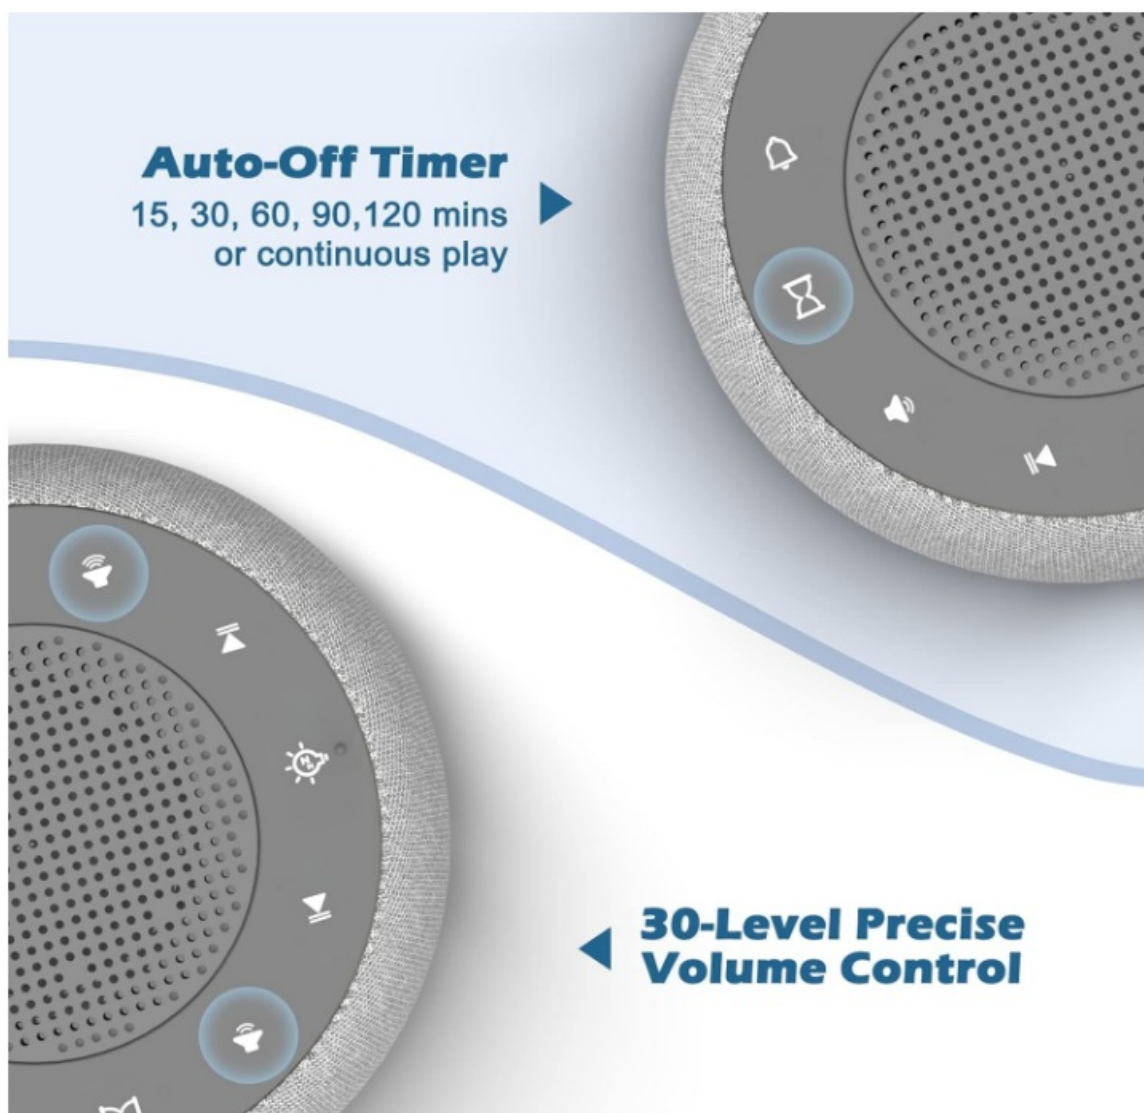

The night light feature is designed with **7 different color options**, allowing you to personalize the ambiance. Each color can be adjusted for brightness, helping you create the ideal setting for sleep or relaxation. The adjustable light is soft and calming, making it suitable for nurseries, bedrooms, or relaxation spaces.

4. **Compact and Portable:**

The Buffbee BK11 is lightweight and compact, making it an ideal travel companion. Whether you're at home, in the office, or traveling, this portable sound machine ensures you have a calming environment wherever you go.

5. **Auto-Off Timer:**

For convenience, the device features a customizable auto-off timer. You can set it to automatically shut off after **15, 30, or 60 minutes**, allowing you to fall asleep without worrying about manually turning off the device.

6. **Memory Function:**

The sound machine is equipped with a memory function, which remembers your last used sound and light settings. This feature ensures that you don't have to reset your preferences every time you use the device, making the user experience more seamless.

7. **USB-C Powered:**

The Buffbee BK11 uses a USB-C power source, making it compatible with a wide range of devices and power

adapters. This modern and energy-efficient charging method ensures quick and convenient charging at home or while traveling.

8. **2-in-1 Design (Sound Machine and Alarm Clock):**

- **Sound Therapy:** The device offers a high-quality sound machine with **5W drivers** and **30-level volume control** to effectively block out environmental noises.
- **Alarm Clock:** The built-in digital alarm clock allows you to wake up to **5 different alarm sounds**, including:

- Beep
- Bird Chirping
- Piano
- Ocean

Brook This dual functionality means the Buffbee BK11 can also serve as your daily alarm clock, gently waking you with your preferred sound.

9. **Sleeping Better with 18 Soothing Sounds:**

With **18 soothing sounds**, including white noise, fan sounds, and nature sounds, you can choose the perfect background noise to promote relaxation, focus, or sleep. Whether you prefer the calming sound of rain or the steady hum of a fan, there's a sound for everyone.

10. **Digital Alarm Clock with 5 Wake-Up Sounds:**

The alarm clock feature provides 5 distinct wake-up sounds that allow you to start your day gently. You can wake up to natural sounds like bird chirping or ocean waves, or choose more traditional alarm options like beeping.

11. **7 Night Light Color Options:**

Choose from **7 night light color options** to enhance the atmosphere of your room. Whether you want a soft glow or a more colorful display, the Buffbee BK11 allows you to select your preferred color for a cozy sleep environment.

12. **0-100% Display Dimmer:**

The digital display is equipped with a **0-100% dimmer**, so you can adjust the brightness of the display according to your preference. Whether you need the display completely dimmed or fully illuminated, you can set it exactly as you like. This prevents the display from disrupting your sleep at night.

13. **5W High-Fidelity Speaker:**

The **5W high-fidelity speaker** ensures the sound is clear and crisp, helping to block disruptive environmental noises with precision. With **30 levels of volume control**, you can easily adjust the sound to your liking,

whether you need a soft background noise or a more prominent sound barrier.

5W Upward-firing Speaker

For rich, detailed sound

14. Digital Clock Features:

- **12/24 Hour Display:** You can choose between a 12-hour or 24-hour format, depending on your preference.
- **30 Levels of Volume Control:** Fine-tune the volume to the perfect level, whether you're using it for sleep or as a wake-up alarm.
- **Alarm Clock:** Set your alarm and wake up to any of the 5 soothing sounds. The alarm ensures a gentle wake-up routine.

Usage

1. **Powering On:** Connect the Buffbee BK11 Sound Machine to a USB power source using the included USB-C cable.
2. **Sound Selection:** Use the buttons on the top of the machine to scroll through the 30 available sounds.
3. **Night Light:** Adjust the light settings using the light control buttons. You can choose your preferred color and brightness.
4. **Auto-Off Timer:** Set the timer for 15, 30, or 60 minutes if you want the device to turn off automatically.
5. **Portability:** The lightweight design makes it easy to take the Buffbee BK11 wherever you go, ensuring a peaceful environment on the go.

Care and Maintenance

- **Cleaning:** Wipe the exterior of the sound machine with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store in a cool, dry place when not in use.
- **Cable Care:** Ensure the USB-C cable is coiled properly and not tangled to prevent damage.
- **Ventilation:** Keep the device away from moisture and ensure proper ventilation to avoid overheating.

Troubleshooting

Issue	Possible Cause	Solution
No Sound	Device is not powered or sound is muted	Ensure the Buffbee BK11 is plugged in and volume is adjusted.
Alarm Not Working	Alarm not set correctly	Double-check the alarm settings on the Buffbee BK11.
No Light	Night light feature turned off	Press the light button on the Buffbee BK11 to activate it.
Low Volume	Volume set too low	Increase the volume using the control buttons on the Buffbee BK11.
Sound Stops Suddenly	Sleep timer set	Check and extend the sleep timer settings on the Buffbee BK11.
Display Too Bright at Night	Display dimmer not adjusted	Adjust the dimmer on the Buffbee BK11 to lower brightness.
Device Not Powering On	Power connection problem	Ensure the Buffbee BK11 is plugged into a proper power source.
Buttons Not Responding	Device might be frozen	Unplug and restart the Buffbee BK11.
Distorted Sound	Speaker malfunction or interference	Restart the Buffbee BK11 and ensure no interference nearby.
Timer Not Working	Timer not properly set	Verify the timer settings on the Buffbee BK11.
Alarm Too Loud	Volume setting too high	Reduce the alarm volume on the Buffbee BK11.
Backup Battery Not Working	Battery drained or incorrectly installed	Replace or reinstall the CR2032 battery in the Buffbee BK11.
Sound Repeating Incorrectly	Sound file corruption	Reset the Buffbee BK11 to its factory settings.
Alarm Doesn't Snooze	Snooze not activated correctly	Press the snooze button once when the alarm goes off on the Buffbee BK11.
Sound Doesn't Change	Button malfunction or software issue	Restart or reset the Buffbee BK11 to resolve this issue.

Pros and Cons

Pros	Cons
Versatile 2-in-1 design	Limited battery life
Wide variety of soothing sounds	Some users report sound quality issues
Adjustable brightness and volume settings	Initial setup may be complex for some
Compact and portable	Night light feature may not be useful for everyone
