5. Focus Ring (Focus control application)

6. View Finder

7. Battery Component
8. Locking Lever

9. Belt Clip

LCD DESCRIPTION

1. Targeting Crosshair
2. Active Laser
3. Magic Slope sign
4. Slope-adjusted distance
5. Straight Line Distance / Slope Angle
6. Distance Unit (Meter / Yard)
7. Low Battery Mark
POWER & MEASUREMENT

- Press the power button to turn the device on.
- Aim the reticle at the target and press the power button again to measure the distance.

1. Press the power button and enable display.
2. Align the crosshair with the target, and press the power button.

3. Slope-adjusted distance is displayed.

4. Straight line distance is displayed.

Automatic power off when the button is not pressed for 10 seconds

MODE BUTTON OPERATION

Set unit of measurement (Default: Meter)

- Each time the M button is pressed, the distance display unit changes to meter (M) – yard (Yd).
M — Meter

Yd — Yard

Magic Slope ON/OFF Settings (Default: ON)

- Pressing the M button for about 2 seconds changes the slope function to ON/OFF order.

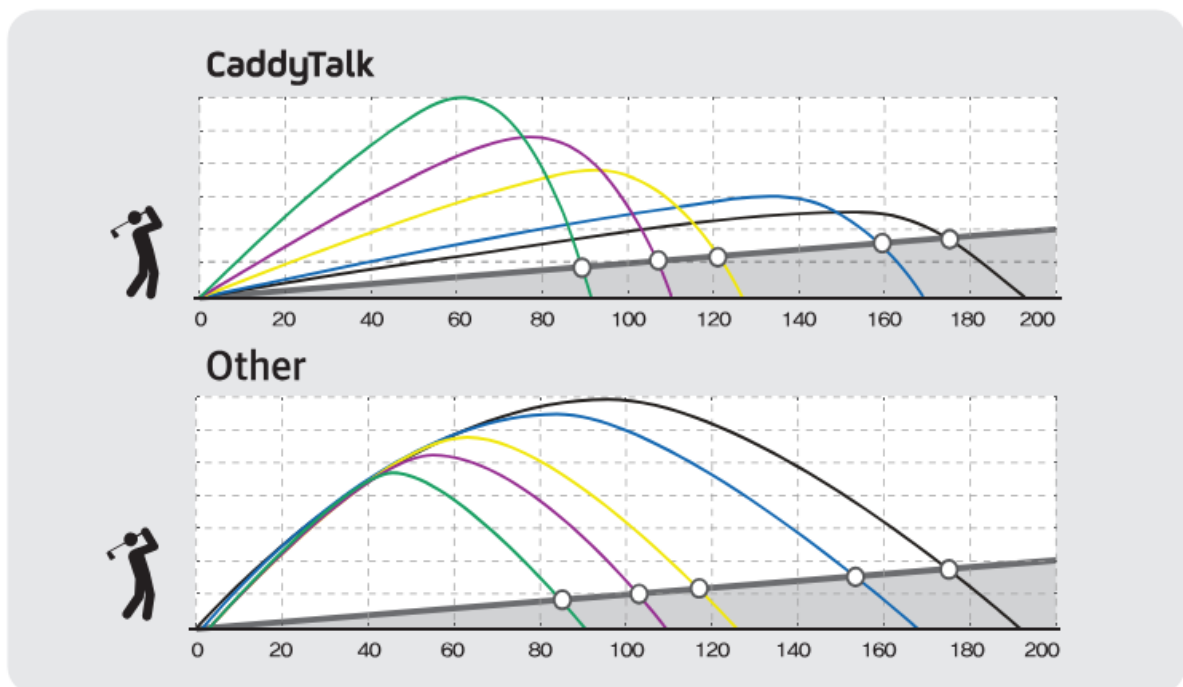

Slope ON

Slope OFF

MAGIC SLOPE

- Considering the altitude (high & low) of the target point, This function shows the best recommendation.
Example of use: for uphill gradient 5.2 degrees

135 M — Magic Slope Correction Distance
127 — Actual straight distance

- The M-Slope is developed directly in the golf zone by applying the concept of ballistics.
- CaddyTalk's Magic Slope provides higher accuracy of recommended distances compared to existing rangefinders.
- See the differences in ballistics between CaddyTalk and other generic products.

HD LASER SYSTEM

- Applying the transverse laser system, CaddyTalk's Minion fires-horizontal lasers to quickly detect pins.
- This allows for quick and accurate target detection even with shaking hands.

PIN FINDER

- Hold the measurement button while you scan the viewfinder left and right.
- Only the distance to the nearest target of the scanned target is displayed.

JOLT

- When the correct distance is displayed after pressing the measurement button, the completion of the measurement will be notified through a vibration alert.
HARD CASE

- The belt clip allows you to attach and detach the product quickly.

BATTERY LEVEL / CHARGING

- The remaining battery level, displayed in the upper right corner of the viewfinder, indicates the device's power status.
- Note that if the battery level drops below 20%, the JOLT function will not be activated.

Low Battery Mark
Indicating less than
20% level.

- Hold both sides of the battery cover's protrusions and gently pull downward.
- Plug in the charging cable to start charging (5V, 2A charger recommended, C-type cable included)
- Overvoltage and overheating can cause damage to the product when using high-speed chargers (over 5V, 2A).

SPECIFICATION

Product	CAODYTALKMINION
Dimensions/Size	99g/L92xH45x W29mm
Type	Formeasuringgolfdistance
Range	3-700m/3.2~765yd
Distance Unit	M(Meter)/Yd(Yard)
Magnification	6X
Battery Type	S00mAh rechargeable internal battery Approx. 8,000 times actuations{FuIICharge)

SAFETY WARNING CARE AND MAINTENANCE

Please read the manual carefully before using the device.

1. Avoid touching the lens with your hands to protect it from foreign substances.
2. Do not disassemble or attempt to repair the product on your own.
3. Wipe the lens and viewfinder with a soft, clean cloth to remove foreign substances.
4. Store the product in a well-ventilated space at room temperature.
5. Keep the device away from heavy rain or water, as it features only basic water resistance.
6. Avoid exposing the lens and viewfinder to direct sunlight to prevent equipment failure.
7. Do not stare directly at the laser beam.
8. Use with care according to your purpose.

9. Objects in front of the laser (e.g. glass, insects, screens, etc.) may affect the accuracy of distance measurement.
10. Keep away from children.
11. Depending on the environment, a 'beep' sound may occur when the device is in operation.
12. Environmental factors (e.g. snow, rain, fog, etc.) may affect the device.
13. Charge the battery regularly to prevent it from completely draining. Note that frequent full charges may reduce battery life.
14. Due to the device's design, part replacements are not possible.
15. Stains or scratches on clothes and belts may occur in some cases when using the hard case.
