cadence

cadence GC6026 Bluetooth Speaker

Specifications

- Pairing Name: GC6032
- Battery Capacity: 300mAh
- Playback Time (at max volume): 1.5 hours
- Charging Time: 2.5 hours
- Measurements: 75x75x28mm

Charging the Speaker

1. Connect the provided USB cable to a certified 5V USB-C wall adapter.
2. Once turned on, the speaker will enter wireless pairing mode.
3. Search for “6032” on the wireless-enabled device to pair.
4. Use the speaker’s controls or your audio device for track selection and volume control.

Connecting the Speaker Using Wireless

1. Long press the On/Off button to turn on the speaker.
2. Once turned on, the speaker will enter wireless pairing mode.
3. Search for “6032” on the wireless-enabled device to pair.
4. Use the speaker’s controls or your audio device for track selection and volume control.

FAQ

Caution & Safety

The following safety precautions should be observed to avoid risks:

- Use correct voltage charger, 5V only.
- Do not use the product if it is damaged or modified as it may exhibit unpredictable behavior resulting in fire, explosion, and/or risk of injury.
- Do not disassemble the product. Take it to a qualified service person for any repairs.

This device complies with Part 15 of the FCC Rules. Operation is subject to certain conditions to prevent interference and ensure proper functioning. Consult a professional for help if needed.

Bluetooth Speaker

Instruction Manual

What's Included:

1x Wireless Speaker / 1x USB to Type-C Charging Cable

Specifications

- Pairing Name: GC6032
- Battery Capacity: 300mAh
- Playback Time (at max volume): 1.5 hours
- Charging Time: 2.5 hours

- Measurements: 75x75x28mm

LED Indicator

- Charging in Progress: Glowing Red LED
- Charging Complete: Red LED off

Charging the Speaker

- Connect the provided USB cable to a certified 5V USB-C wall adapter.
- Once on, speaker will enter wireless pairing mode.
- Search for “ 6032 on the wireless enabled device to pair.
- Use this speaker's controls or your audio device for track selection and volume control.

Connecting the Speaker Using a Wireless

- Long press On/Off button to turn on the speaker.
- Once on, speaker will enter wireless pairing mode.
- Search for “ 6032 on the wireless enabled device to pair.
- Use this speaker's controls or your audio device for track selection and volume control.

Caution & Safety

1. Please read all safety and operating instructions before use.
2. Do not put fingers or hands into the product.
3. Do not expose product to moisture, sunlight, or other heat sources.
4. Operating temperature range between 32°F (0°C) and 113°F (45°C).
5. Using the product incorrectly or using incorrect output above rating may result in the risk of fire or injury to persons.
6. Use correct voltage charger, 5V only.
7. Do not use the product that is damaged or modified as it may exhibit unpredictable behavior resulting in fire, explosion and/or risk of injury.
8. Do not disassemble the product. Take it to a qualified service person when services or repairs are required. Incorrect reassembly may result in a risk of fire or injury to persons.
9. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety or the product is maintained.
10. Switch off the product when not in use.
11. Keep away from children and ensure all adults who use this product read and follow these instructions and warnings.
12. Keep this manual in a convenient location for future reference and include it when passing the product to 3rd parties.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
