Receiving mode

Receiving mode

1. Turn the PMR ON and connect the [OUT] to your *non-Bluetooth* device
2. Find the PMR206BT in your *Bluetooth* device and pair
3. Start playing music

Transmitter mode

Transmitter mode

1. Turn the PMR ON and connect the [IN] to your non-Bluetooth device
2. Connect your Bluetooth device with the PMR206BT using the  buttons (Make sure your Bluetooth device is disconnect from any other device)
3. Start playing music

Power ON/OFF

- **ON:** Press [0] to turn ON
- **OFF:** Press and hold [0] to turn OFF

Note: After 5 min. of the absence of a connection it will automatically go into “sleep-mode” (lights will turn OFF).

Receiving mode

Makes it able to stream audio to a non-Bluetooth device

- Insert one end of the Jack-to-Jack cable into the [OUT] socket on the PMR and the other end to the Audio input (Jack or RCA*) of your non-Bluetooth device
- Turn ON the PMR (Red+Blue LEDs will start flashing fast)
- Set your Bluetooth device to ‘Search’ using the devices’ Bluetooth
- Choose ‘PMR206BT_Caliber from the list.
- If the connection is successful the Blue LED will start flashing slowly and you can start playing music.
- using the provided adapter cable

Transmitter mode

Makes it able to stream audio from a non-Bluetooth device to e.g. Bluetooth speakers or headphones.

- Turn ON the PMR (Blue LED will start flashing fast)
- Insert one end of the Jack-to-Jack cable into the [IN] socket on the PMR and the other end to the Audio output (e.g. headphone socket) of your non-Bluetooth device
- Short press the [] on the PMR to enter search mode
- Make sure your Bluetooth device is not connected to any other device and with 10m. of the PMR\
- If the connection is successful (could take some time) the Blue LED will start flashing slowly and you can start playing music.

If you want to connect a 2nd Bluetooth device short press the [] on the PMR again to let it search and connect to the 2nd device (Max. 2 devices can be connected at the same time).
