CallTou SW11 Series Wireless Watch Calling System

Product Specifications

- Model: SW11
- Buttons Model: Q-01A/Q-01AB
- Wireless Range: 1000ft/300m
- Waterproof Rating: IP67
- Features: 4 Ringtone Adjustable, Prompt Time & Date, Touch Key

Product Usage Instructions

Safety Precautions:

The product manual contains important safety information. Follow these precautions to ensure safe use:

- Do not place the product near flammable, explosive, or hazardous objects.
- Avoid disassembling the product as it may result in safety hazards.
- Avoid dropping or subjecting the product to strong impacts to prevent failure.
- Use appropriate detergents for cleaning to prevent discoloration or deformation of the product.
- If the product shows any abnormalities like overheating or strange smells, stop using it

immediately.

- Supervise children to prevent them from playing with the product.

How does the system work with caregivers?

The system is designed for elderly care and sends signals to caregivers for bed alarms, fall prevention, hospice care, and home nursing.

Contents:

- Call Button
- Double-Sided Adhesive Tape

Charge the Provided Battery:

Utilize the charging cable and AC plug to charge the provided battery for uninterrupted usage of the product.

Receiver Model: SW11

Buttons Model: Q-01A/Q-01AB

Safety Precautions

The instruction manual contains important information to prevent harm to the user and other people and damage to property, and to ensure safe and correct use of the product. Please thoroughly understand the following contents (displays and graphic symbols)

 **Caution**

	Do not place the product in or near an inflammable, explosive, or hazardous object.
	Do not disassemble the product. Disassembly may result in a risk of safety hazards.
	Do not drop or subject it to strong impact. It will be the cause of the failure.
	Do not use chlorine-based or acidic detergents for cleaning. The main body may become discolored or deformed, or toxic gases may be generated, which may harm your health.
	Do not be mixed with other commercial wastes for disposal.
	If you feel any abnormality such as getting hot or smelling strange, please stop using it immediately. It may cause fire or electric shock.
	Children should be supervised to ensure that they do not play with the appliance.

How does the system work with a caregiver?

Designed for elderly care, it sends a signal to caregivers.
