CANOPIA PA707010 Signature Shelf Kit

Product Information: Canopia Signature Shelf Kit

The Canopia Signature Shelf Kit is a product designed and manufactured by Palram Industries Ltd. It is a versatile shelf kit that can be installed on most Canopia greenhouse models. The shelf kit comes with assembly instructions, which are important to read and follow carefully before starting the assembly process. The kit is recyclable, and customers can contact customer care for any concerns or questions.

Tools & Equipment Needed:

- 2 people
- Wrench 10 mm | 3/8
- Work gloves
- Spirit Level

Product Usage Instructions

Before starting the assembly process, it is important to read and follow the instructions carefully. The following steps should be followed:

Step 1:

Refer to the attached drawing to determine if the shelf can be installed on greenhouse corners where the profile allows.

Step 2:

During the assembly process, you will encounter different icons for different products. Please refer to the relevant assembly step for important additional comments when encountering an information icon.

Step 3:

Tighten all screws once assembly is completed. This will ensure that the shelf is sturdy and secure.

It is important to note that the shelf kit requires two people for assembly. Additionally, work gloves and a spirit level are recommended for safety and accuracy during the installation process.

The Canopia Signature Shelf Kit also comes with plant hangers, which can be used to hang plants from the shelf. The kit includes two plant hangers per 20 inches of shelf length.

DURING ASSEMBLY

During assembly, you will encounter different icons for different products. Please see below for more information:

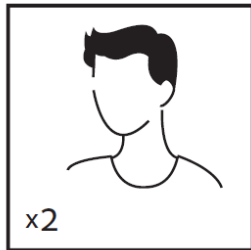

This icon indicates that the installer should be inside the product.

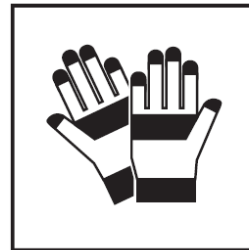

Tighten all screws once assembly is completed.

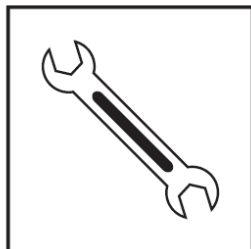

TOOLS & EQUIPMENT

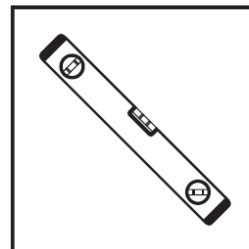

☐ 2 people needed

☐ Work gloves

☐ Wrench
10 mm | 3/8"

☐ Spirit Level

IMPORTANT ASSEMBLY STEPS

When encountering this information icon during assembly, please refer the relevant assembly step for important additional comments.

Step 1:

This shelf kit is compatible with most of Canopia greenhouse models. It is also possible to install the shelf on greenhouse corners, where the profile allows (see attached drawing).

Step 2:

Multiple shelves can be joined in a row, in such a configuration, some parts will remain unused. Important – always install the shelves from left to right!

Step 3:

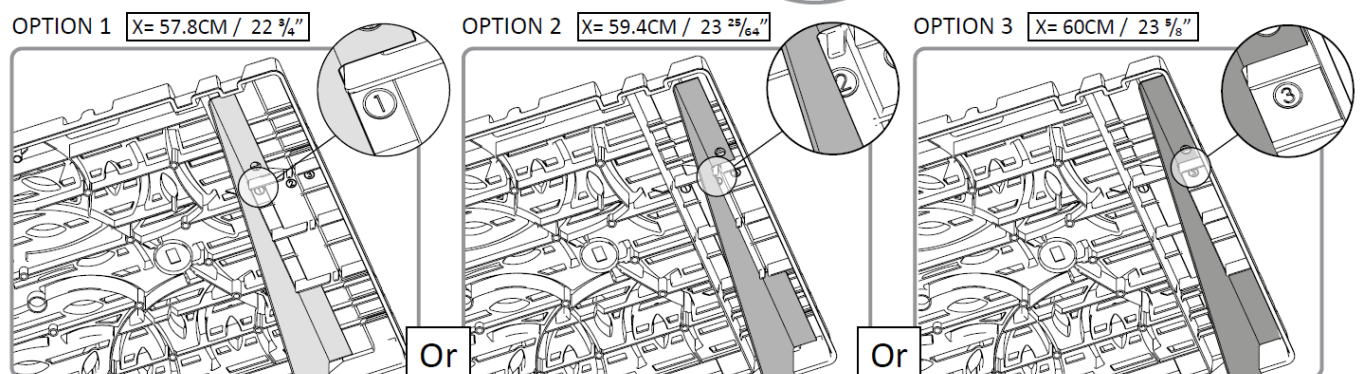

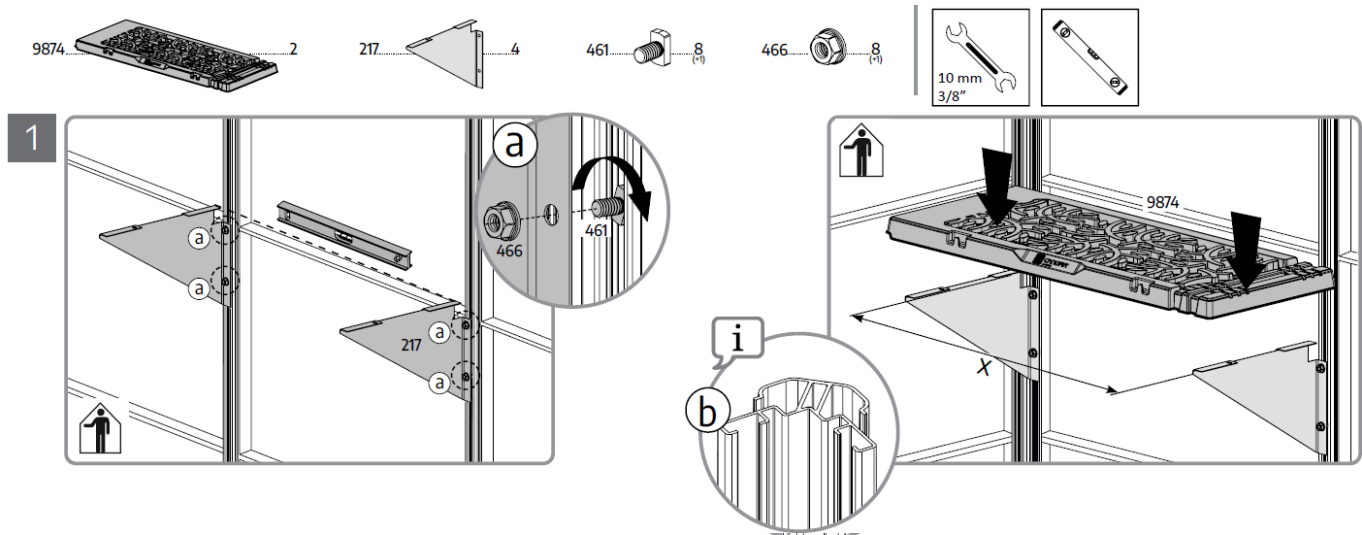

Optional: Canopia certified plant hangers (sold separately) can be attached in designated locations.

MAX loading weight – shelf 20kg (44.1 lbs) / hanger 2kg (4.4 lbs).

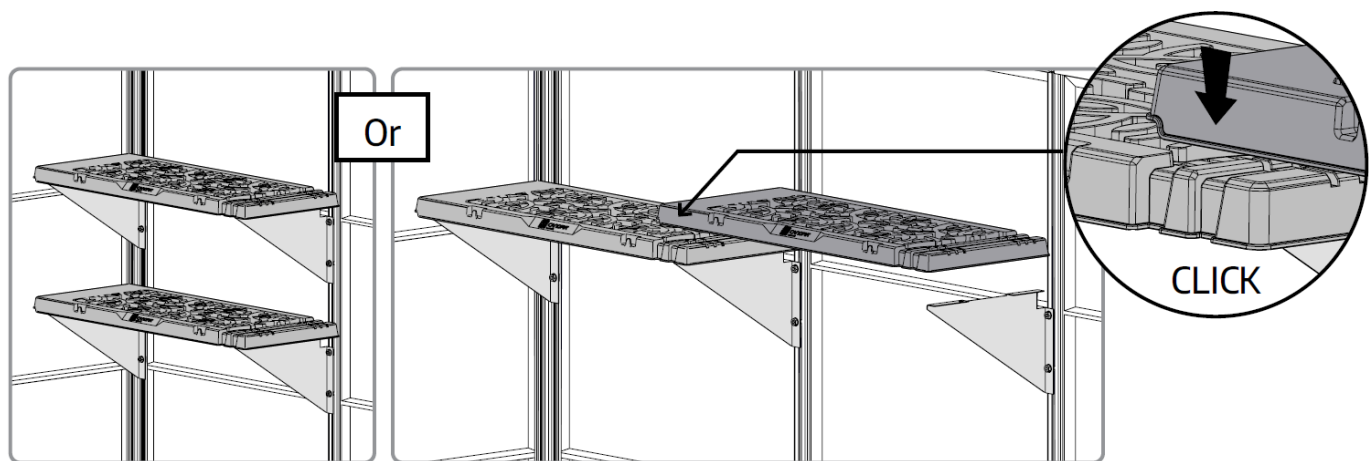

This shelf kit is compatible with most of Canopia greenhouse models.

It is also possible to install the shelf on greenhouse corners, where the profile allows (see attached drawing b)
