### Purpose

This document describes how to use the web management system for DVR and the cameras managed by DVR

### Symbol Conventions

The symbols that may be found in this document are defined as follows.

Symbol	Description
 <b>DANGER</b>	Indicates an imminently hazardous situation which, if not avoided, will result in death or serious injury.
 <b>WARNING</b>	Indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.
 <b>CAUTION</b>	Indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury.
 <b>NOTICE</b>	Indicates a potentially hazardous situation which, if not avoided, could result in equipment damage, data loss, performance deterioration, or unanticipated results. NOTICE is used to address practices not related to personal injury.
 <b>NOTE</b>	Calls attention to important information, best practices and tips. NOTE is used to address information not related to personal injury, equipment damage, and environment deterioration.

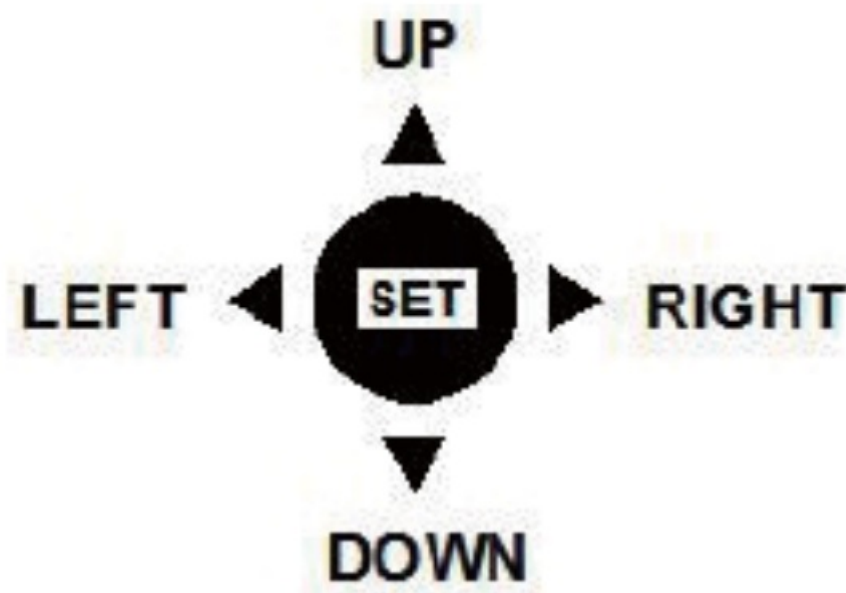

### OSD Main Menu

## Procedure

### Camera Control Using Five Buttons

If your camera has four arrow buttons and one SET button, you can use the buttons to operate the OSD main menu. Figure 1-1 shows the five buttons.

**Figure 1-1** Five-button layout

The buttons have the following functions:

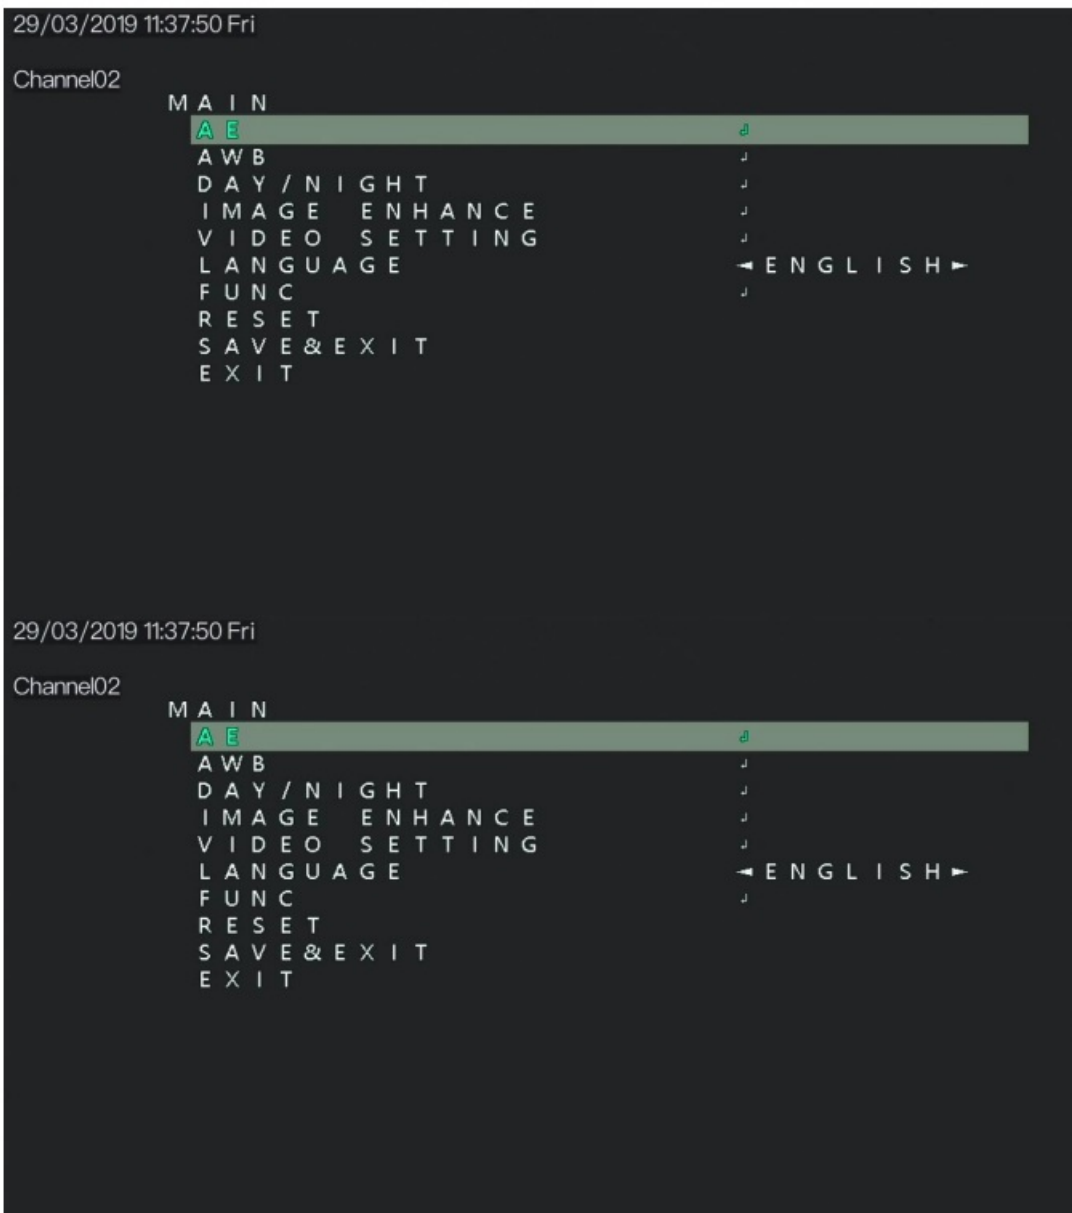

- SET: Press this button to open the OSD main menu or end setup.
- UP/DOWN: Press the two buttons to select the upper or lower menu.
- LEFT/RIGHT: Press the two buttons to select different modes.

—End

### OSD Main Menu Interface

The OSD main menu interface includes AE, AWB, DAY / NIGHT, IMAGE ENHANCE, VIDEO SETTING, LANGUAGE, FUNC, RESET, SAVE & EXIT, and EXIT as shown in **Figure 1-2**.

**Figure 1-2** OSD main menu interface

## OSD Setting

### AE

AE is intended to adjust image brightness by setting parameters such as aperture, shutter, and gain. The **EXPOSURE** interface includes **BRIGHTNESS**, **EXPOSURE MODE**.

### Procedure

Step 1 Press the **UP** or **DOWN** button to select AE.

Step 2 Press the **SET** button to open the **EXPOSURE** interface, as shown in **Figure 2-1**.
