FAQ

- **Q:** What should I do if the SIM card is not recognized when inserted?
- **A:** 1. Confirm whether the card insertion method is correct (SIM Card inserted with the metal side down, and the notched end is facing inward);
- 2. Do not insert or remove the SIM card when the product is turned on.
The product must be turned off to remove and insert the SIM card.
- **Q:** The Netflix display needs to be updated.
- **A:** When it appears that it needs to be updated, please click the "Cancel" button (Don't update or delete the software preloaded on the product).
- **Q:** The SIM card insertion is recognized, but the internet connection does not work.
- **A:** 1. Settings – Network and Internet – APN, manually adjust it;
- 2. Insert the SIM card into the Android phone and check the information parameters of the APN in the phone. Then in the product settings network and Internet – APN – right upper corner "+" sign, add APN parameters (add according to the parameters in the mobile phone);
- 3. If you need a video tutorial of the operation, please contact the store customer service directly.

After-sales Service

- Dear user, thank you for using this product. To protect your rights and interests, we will provide you with high-quality after-sales service. You can enjoy a one-year warranty service from the date of purchase (for failure caused by the quality issue of the product itself).
- Please keep this card properly, as the necessary proof of warranty service, the company reserves the right to interpret the after-sales
