## LOCATION

The device is designed for indoor use only.  
Place the device in a central location for the best WiFi performance.

### **AIRFLOW**

Do not restrict airflow around the device.

The device is air-cooled and may overheat where airflow has been restricted.

Always allow a minimum clearance of 5cm around all sides and the top of the device.

The device may become warm during normal use.

Do not cover, do not put in an enclosed space, do not put under or behind large items of furniture.

### **ENVIRONMENT**

Do not place the device in direct sunlight or any hot areas.

The safe operating temperature of the device is between 0° and 40°C.

Do not allow the device to come in contact with any liquid or moisture.

Do not place the device in any wet or humid areas such as the kitchen, bathroom, or laundry rooms.

### **POWER ADAPTER**

Always use only the power adapter that came with the device.

You should immediately stop using the power adapter if the cable or power adapter is damaged.

### **SERVICE**

There are no user-serviceable components in the device.

Do not attempt to disassemble, repair, or modify the device.

### **SMALL CHILDREN**

Do not leave the device or its accessories within the reach of small children or allow them to play with it.

The device may contain small parts with sharp edges that could cause an injury or which could become detached and create a choking hazard.

### **PRODUCT HANDLING**

- Always treat the device and its accessories with care and keep them in a clean and dust-free place.
- Do not expose the device or its accessories to open flames.
- Do not drop, throw or try to bend the device or its accessories.
- Do not use harsh chemicals, cleaning solvents, or aerosols to clean the device or its accessories.
- Do not paint the device or its accessories.
- Please check local regulations for the disposal of electronic products.
- Arrange power and network cables in a manner such that they are not likely to be stepped on or have items placed on them.

## **FCC STATEMENT**

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
  - (2) this device must accept any interference received, including interference that may cause undesired operation.
- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC

Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **FCC RADIATION EXPOSURE STATEMENT**

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and it also complies with Part 15 of the FCC RF Rules. This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 40 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

## **CAUTION!**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## **COMPANY CONTACT DETAILS**

Name: Casa Systems, Inc.

US address: 100 Old River Rd, Andover, MA 01810, USA
