- Keyboard dimensions: 282X94.5X8.8mm (open) / 181X94.5X17.6mm (closed)

- Number of QWERTY keys: 67 keys
- Bluetooth®: version 5.1
- Distance: <15m
- Frequency Range: 2.405GHZ – 2.485GHZ
- Battery voltage: 3.7V
- Maximum EIRP: 2.10 dBm
- Lithium battery: 180mAh
- USB-C port voltage: 5V / 1-3mA
- Battery life in standby: approx. 180 days
- Charging time: approx. 2 hours
- Weight: 168g

PAIRING

- Activate the Bluetooth® of your device and open the keyboard.
- The LED (3) will light up for about 2 seconds and the LED (4) will flash for 30 seconds (in order to permit pairing).
- Press the key (2) on the keyboard and pair the name BTKEYBOARDYW from the Bluetooth® menu of the device.
- If pairing is successful, the LED (4) will turn off.
- Stand-by mode is activated when the keyboard is closed.
- If the devices should not pair again, it is advisable to repeat the pairing procedure.

BLUETOOTH® CHANNEL SELECTION

Press FN+A for channel BT1 or FN+S for channel BT2 or FN+D for channel BT3.

The default channel is BT1 and 3 channels can be paired with 3 different devices.

You can change device and select the corresponding channel to automatically connect the paired device with a combination of keys.

CHARGING

- Connect the USB C cable supplied.
- The LED (3) always stays lit during charging and turns off when charging is completed.
- The LED (3) flashes if the battery starts to run down.

STAND-BY MODE

When the keyboard is on for 3 minutes without pairing, it interrupts the pairing and enters stand-by mode.

The keyboard will enter stand-by mode 10 minutes after normal use without operations (press any key to reactivate the keyboard).

WARNINGS

Use the product under adult supervision.

Connecting the Keyboard

To use the Keyboardy, plug the USB connector into an available USB port on your computer or device.

Function Keys

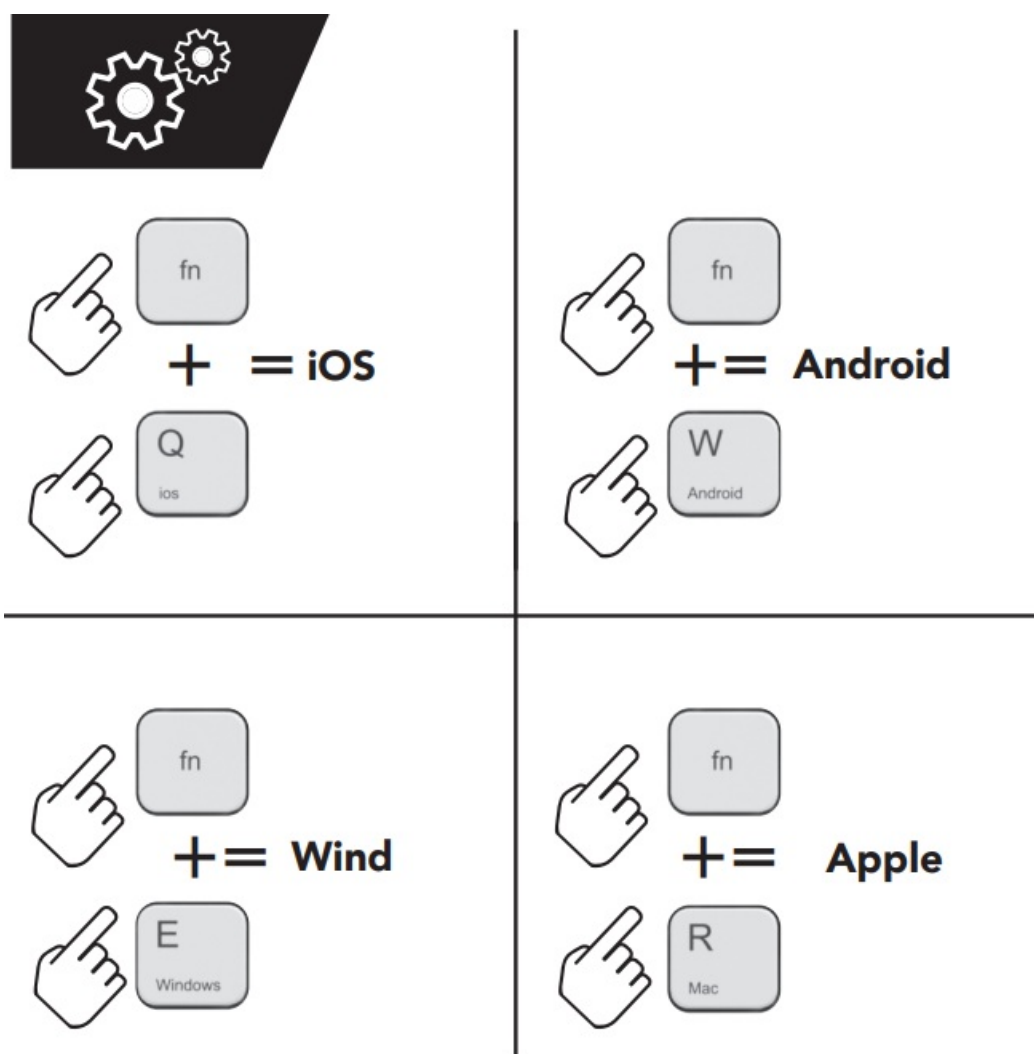

The Keyboardy features special function keys for volume control, media playback, and more. Refer to the user manual for a detailed list of functions.

KEY COMBINATION OF OPERATING SYSTEM KEYS

Cleaning and Maintenance

Regularly clean your Keyboardy with a soft, dry cloth to prevent dust buildup. Avoid using harsh chemicals or abrasive cleaners.

Troubleshooting

If the keyboard is not functioning correctly, try reconnecting it to a different USB port or restarting your device.

- Cellularline S.p.A declares that this Bluetooth® keyboard complies with Directive 2014/53/EU.
- The full text of the EU Declaration of conformity is available at the following
- Internet address: <https://www.cellularline.com/en/dichiarazione-conformita>

- Cellularline S.p.A also declares that this Bluetooth® keyboard complies with the Directive 2011/65/EU updated by 2015/863/EU.

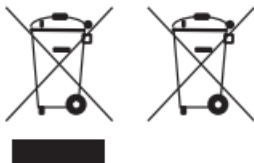

INFORMATION ON THE STATUTORY WARRANTY

Our products are covered by a statutory warranty against conformity defects in accordance with applicable national consumer protection laws.

For more information, please see the following page: www.cellularline.com/it-it/garanzia-legal

INSTRUCTIONS FOR THE DISPOSAL OF DOMESTIC APPLIANCES

(Applicable in EU countries and in any countries with recycling systems)

The bin symbol shown on the product or on instructions indicates that the product must not be disposed of with other domestic refuse at the end of its lifecycle. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Domestic users should contact the sales point where they purchased the product or their local office for information on recycling and safe disposal of this product. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be disposed of together with other commercial waste. The battery in this product cannot be replaced by the user. Do not attempt to open the device or remove the battery, as this could cause malfunctions or seriously damage the product. Please contact your local waste disposal authority to remove the battery in the event of disposal of the device. The battery contained in the device was designed for use during the whole life of the product. For more information please visit the website <http://www.cellularline.com>

In certain cases, using this device can prevent medical devices from working properly (e.g. pacemakers). Please supervise children when they use the device, and keep accessories or packaging out of reach. Do not place the device in places exposed to damp, dust, soot, vapour, direct sunlight, or too high or too low temperatures; otherwise it might malfunction.

Via Lambrakis 1/A, 42122 Reggio Emilia, Italy
