A4 Ring Size

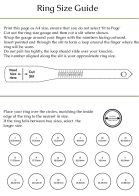

- Print this page as A4 size, ensure that you do not select 'fit to Page'
- Cut out the ring size gauge and then cut a slit where shown.
- Wrap the gauge around your finger with the numbers facing outward.
- Insert pointed end through the slit to form a loop around the finger where the ring will be worn.
- Do not pull too tightly, the loop should slide over your knuckle.
- The number aligned along the slit is your approximate ring size.

- Place your ring over the circles, matching the inside edge of the ring to the nearest in size.
- If the ring falls between two sizes, select the larger size.
