Cheerble WICKEDBONE Smart Bone

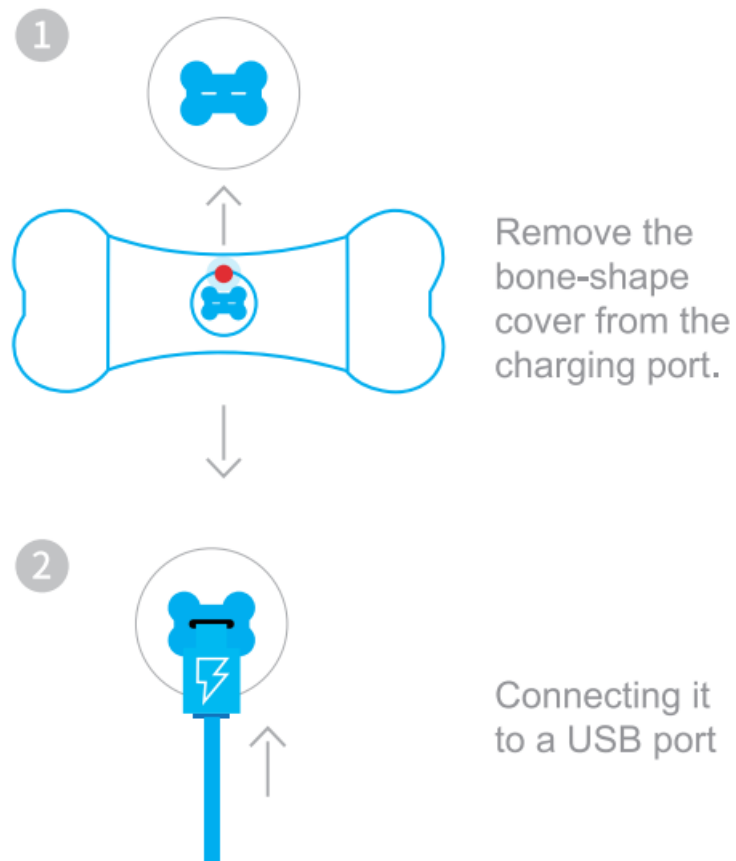

DOWNLOAD WICKEDBONE APP

Scan the QR code below or search “Wickedbone” in the App store to install Wickedbone App.

ACTIVATE WICKEDBONE

Charge your Wickedbone by connecting it to a USB port. When the indicator light is on, it is ready to use.

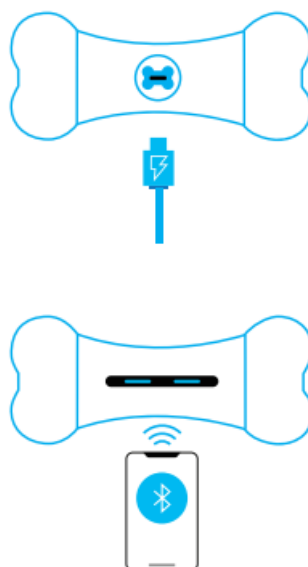

DISCONNECT USB CABLE

Before connecting Wickedbone to this application, make sure to disconnect it from the USB charger.

TOUCH TO CONNECT

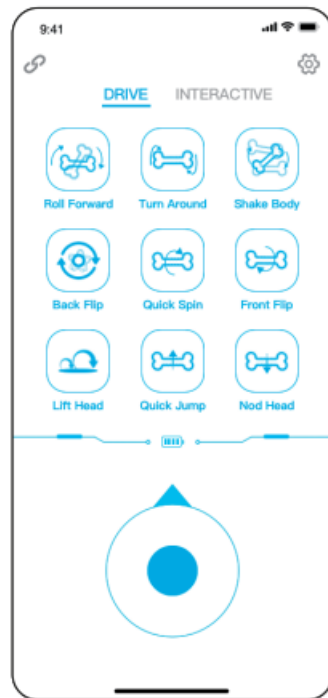

Click the “cONNECT” button on this application, followed by touching your Wickedbone with a mobile device. Wickedbone will then automatically connect.

DRIVE MODE – EASY TO OPERATE

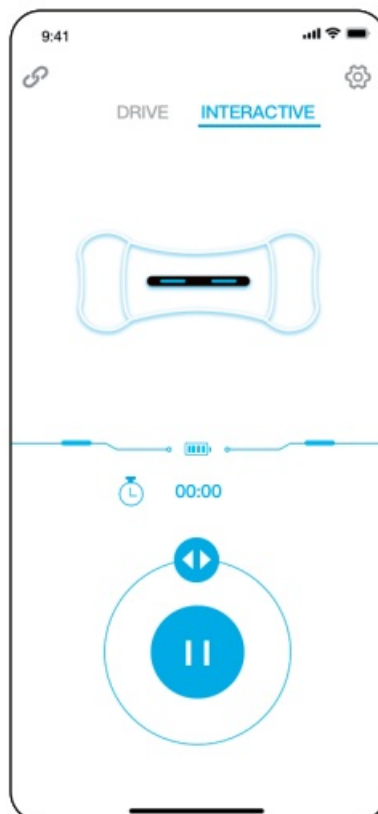

Control it through the Wickedbone App and move it with a virtual joystick. Choose between Wickedbone's 9

available motions and you will soon discover and create new action combos as you and your pet play.

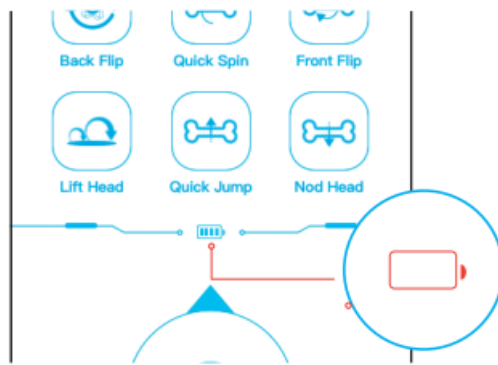

INTERACTIVE MODE RESPONDS TO PET'S TOUCH

Programmed to attract your pet's attention and does not require manual operation, Wickedbone acts responsively to different types of touch, always in a playful manner to play with your pet.

LOW BATTERY

You should charge your Wickedbone when the battery icon in this application is flashing red.

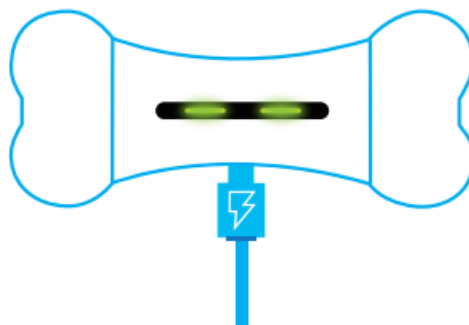

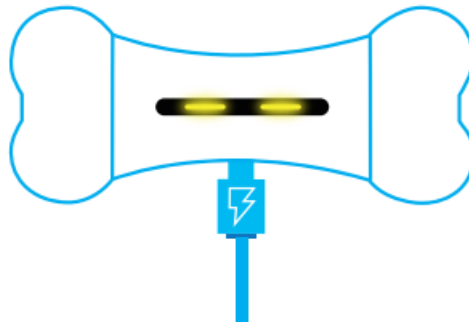

CHARGING

After plugging your Wickedbone into a USB power socket, the orange LED indicator will light up, meaning that Wickedbone is charging.

CHARGING COMPLETED

When the green LED indicator lights up, it means charging is complete.

REMOVE THE TIRES

By following the direction of the arrow, you can remove the Wickedbone tires, for cleaning or replacement purposes.
