### Model name

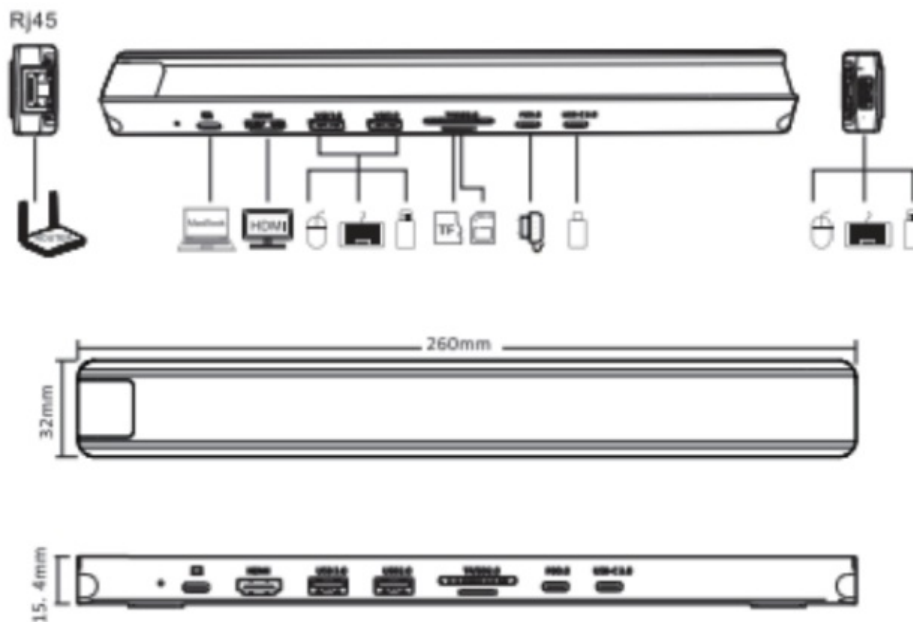

USB Type-C to HDMI + RJ45 + SD/TF + USB3.0 + 2 x USB2.0 + USB C2.0 + PD3.0

### Package contents

HUB-M43 product x 1

User manual x 1

Double-headed Type-C line x 1

### Features

1. Support resolution up to 4K@60Hz, backward compatible
2. Support USB Type-C billboard function
3. USB3.0 port, data transfer speed up to 5 Gb/s, backward compatible
4. USB C2.0 port, data speed up to 480 Mb/s, backward compatible
5. USB2.0 port, data speed up to 480 Mb/s, backward compatible

6. SD/Micro-SD card slot, compliant with USB2.0 data interface protocol (first insert, first read)

**Power input:** USB-C power delivery 60 W, PD3.0

**Ethernet extension:** 100 Mbps RJ45 Network port with indicator light

## Specifications

1 x HDMI port	1 x USB3.0 port
2 x USB2.0 port	1 x USB C2.0 port
1 x SD card reader	1 x TF card reader
1 x USB Type-C charging port	1 x RJ45 100 Mbps (with indicator light)

## General descriptions

This adapter can extend the video & audio of the smart devices with a free USB Type-C port, e. g. a tablet to the display devices such as a HD TV, a monitor, a projector etc.

Innovative HDMI output easily streams vivid 4K Ultra HD media to a larger monitors, projectors, HDTVs, and other devices with HDMI port. Supports for mirroring and extended mode.

It has USB2.0 and USB3.0 interface, which can connect peripherals such as mouse, keyboard, and USB flash disk storage devices, and supports power delivery to smart devices without worrying about the smart devices powering off while using.

SD/TF card reader delivers outstanding performance for data transmission between USB and is compatible with flash card interface.

It can be charged and used for devices simultaneously. Enjoy full-speed pass-through charging while using with a cable capable of supporting 60 W. Maximum input of 60 W for the hub's operation allows the hub to give your MacBook Pro up to 60 W (13") and 60 W (15") pass-through charge while connecting peripherals syncing data or displaying media via HDMI.

It can be used for computers mobile phones and other smart devices such as MacBook, Samsung s8, s9, Huawei Mate & P-series mobile phones, etc., widely used in entertainment and other occasions.

## FAQ

### **Q: No sound from the HDMI output?**

– A: Please set the audio output device on the device (e.g., a computer) as the current display device.

### **Q: Can not read SD/TF after connecting to some devices?**

– A: It is recommended to plug the SD/TF card to the SD/TF port first, then connect this hub to the USB-C port of the device, e.g., phone, tablet etc.

### **Q: If connecting the PD power adapter and HDMI display device with the hub prior to connecting the input device (e.g., tablet, smartphone) with the hub, there is no HDMI output?**

– A: Please try connecting the input device prior to connecting the PD power adapter.

### **Q: The power adapter is connected, but there is not any charging indication/notice on the device end.**

– A: Please check if the power adapter supports PD: Some device only support PD power adapter and could not work with the normal USB Type-C power adapter (e.g., the USB Type-C power adapter supporting QC).

## Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase.

The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation, and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically through the fault of the buyer (e.g., during transport, cleaning by inappropriate means, etc.).
- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.
- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the purchased design or use of non-original components.

## EU Declaration of Conformity

### Identification data of the manufacturer's / importer's authorized representative:

Importer: Alza.cz a.s.

Registered office: Jankovcova 1522/53, Holešovice, 170 00 Prague 7

CIN: 27082440

### Subject of the declaration:

Title: USB Type-C HUB

Model / Type: HUB-M43

The above product has been tested in accordance with the standard(s) used to demonstrate compliance with the essential requirements laid down in the Directive(s):

Directive No. 2014/30/EU

Directive No. 2011/65/EU as amended 2015/863/EU

## WEEE

This product must not be disposed of as normal household waste in accordance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE – 2012/19 / EU). Instead, it shall be returned to the place of purchase or handed over to a public collection point for the recyclable waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. Contact your local authority or the nearest collection point for further details. Improper disposal of this type of waste may result in fines in accordance with national regulations.
