## FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

**WARNING:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if it is not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a different circuit from that which is connected to receiver.
- Consult the dealer or an experienced radio/TV technician for help.

## Package contents

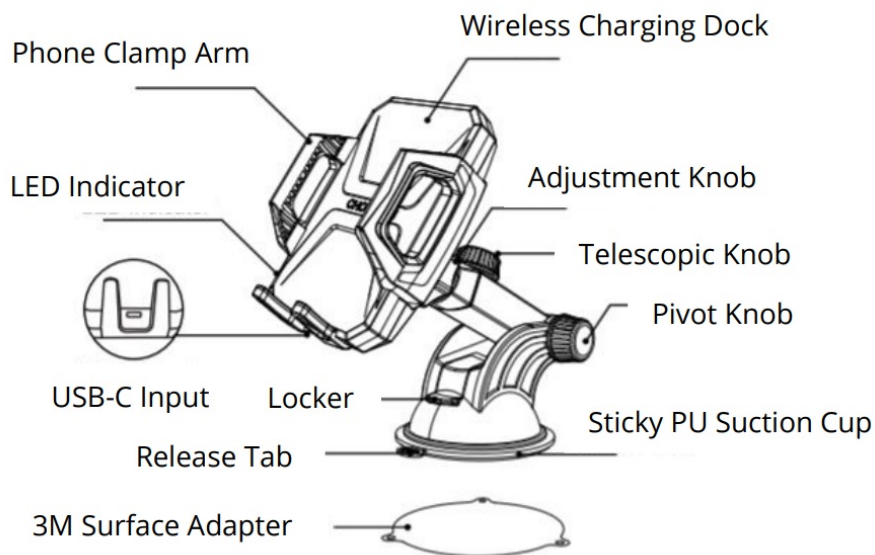

- 1 x Fast Wireless Charger Body
- 1 x Suction Cup Mount
- 1 x Charging Cable
- 1 x User Manual

- 1 x After-sale Card

## Product diagram

## Assemble/Disassemble the Wireless Charger

### Assemble/Disassemble the bracket

**Assemble:** Mount the wireless charging dock to the bracket, slide the notch connectors on the mounting plate. Press down to lock and secure in place.

**Disassemble:** Pull back the wireless charging dock and pull it from the bracket.

### Mount/Dismount on the flat surface

**Mount:** Remove the plastic cover on suction cup -> Clean the desired mounting surface -> Press the locker down until the dock is fixed firmly on the surface.

**\*If you get the 3M surface adapter on the package, please refer to following steps.**

Remove the plastic cover on suction cup -> Clean the desired mounting surface > Stick the surface adapter on the mounting surface -> Put the suction cup on the surface adapter -> Press the locker down until the dock is fixed firmly on the surface adapter.

**Dismount:** Pull the locker up and then pull up the release tab to remove the dock.

### **Place your phone on**

Press the release button on the back to open arms -> Insert device and squeeze the arms back together to secure.

### **Head adjustment**

Loosen the adjustment knob to freely pivot the head, and then retighten to secure.

**Note:** Do not overtighten the adjustment knob.

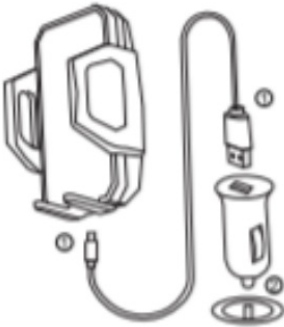

## **How to use the Wireless Charging Dock**

### **Instructions**

1. Please make sure that your device is Qi enabled or installed with Qi receiver kit.
2. A Quick Charge 3.0 / 2.0 power adapter (not included) is required for fast charging function.
3. Please use the USB cable attached.
4. Suggest removing the protective case before charging.

### **Using the Wireless Charging Dock**

1. Connect the wireless charging dock to the cigarette lighter/power adapter with the USB cable attached.
2. Insert the cigarette lighter/power adapter into the socket of your car/wall socket.

### **Important safety instructions**

When using this product, basic precautions should always be followed, including the following:

1. Please read all instructions before using the product.
2. To reduce the risk of injury, close supervision is necessary when the product is used near children.
3. Please do not insert fingers or hands into the product.
4. Please do not expose power bank to water (ex. rain) or cold temperatures (snow).
5. Using a wall charger not recommended or sold by power bank manufacturer may pose risk of fire or injury.
6. Please do not use the power bank more than its output rating. Overload outputs above rating may result in a risk of fire or injury to persons.

7. Do not use the power bank if it is damaged or altered. Damaged or altered batteries may exhibit unpredictable behaviour resulting in fire or injury to persons.
8. Please do not disassemble the power bank. Please seek only authorized service providers when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
9. Do not expose the power bank to fire or excessive temperature. Exposure to fire or temperature above 100°C (or 212°F) may cause explosion.
10. To ensure product safety, please have product serviced by a qualified repair person using original manufacturer's replacement parts.
11. Please be sure to switch off the power bank when not in use.

## Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase.

**The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:**

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically through the fault of the buyer (e.g. during transport, cleaning by inappropriate means, etc.).
- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.
- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the purchased design or use of non-original components.

## EU Declaration of Conformity

This product complies with the essential requirements of Directives 2014/30/EU, 2011/65/EU including amendments 2015/863/EU.

## WEEE

This product must not be disposed of as normal household waste in accordance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE – 2012/19 / EU). Instead, it shall be returned to the place of purchase or handed over to a public collection point for the recyclable waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. Contact your local authority or the nearest collection point for further details. Improper disposal of this type of waste may result in fines in accordance with national regulations.
