IMPORTANT SAFETY INSTRUCTIONS

WARNING: To prevent electric shock, make sure the lamp is not plugged in until all steps are complete.

WARNING: TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS TURN LAMP OFF AND WAIT UNTIL SHADE AND ADAPTER ARE COOL BEFORE HANDLING.

- The lamp might get hot after several hours of continuous use. DO NOT place your hands directly on light panel.
- Never use with an extension cord unless the plug can be fully inserted into the receptacles in the extension cord.
- Do not alter the plug.
- The lamp head included with this unit cannot be replaced by the consumer.
- Do not place flammable material near or over the lamp.
- Ensure the lamp is not installed next to any air vents and is not in any moist or damp areas.

• **IN DOOR USE ONLY**

NOTE: The important safety instructions appearing in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution, and care must be used with any electrical product.

CAUTION: Any change or modification to this product not expressly recognized by Enchanté Lites LLC voids Enchanté's responsibility for proper function of product.

+ Key to increase brightness
- Key to decrease brightness
 - **NOTE:** Night light, warm light, and RGB modes cannot all be active at the same time.

PRODUCT MAINTENANCE

1. Always ensure the power is OFF and the lamp has cooled down before performing any maintenance, cleaning or adjustments.
2. To avoid injury or damage to the lamp, ensure that the adapter and any screws are secure before reconnecting to power.
3. To clean, wipe with a damp or dry clean cloth. Never soak the lamp with water.

FCC PART 15

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that the interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

WARRANTY

Sheffield LABS products are manufactured under the highest quality and workmanship standards. Sheffield LABS guarantees the original buyer that this product will be free of fabrication, material and finish defects for one year period starting at the purchase date.

Sheffield LABS recommends professional installation for this product.

Should this product present any leaks derived from a fabrication or material defect during the warranty period, Sheffield LABS will supply the necessary replacement parts free of charge. Sheffield LABS will also replace any pieces presenting defects in finish or fabrication. This warranty is only valid under normal installation, use and service conditions.

This warranty does not apply to any damage caused by normal wearing of the product, incorrect installation or operation, alterations or modifications performed by parties not authorized by Sheffield LABS, or the use of replacement parts any brand other than Sheffield LABS. This warranty also excludes damages caused by the use of abrasive cleaners, containing alcohol or other organic solvents; whether the damage was caused by the consumer or third parties. Sheffield LABS will not be responsible for workmanship expenses, damages incurred during the installation, repair or replacement, or for any direct, indirect, consequent damage or losses related to this product. This warranty being Sheffield LABS sole responsibility, leaving no further right or actions to the original buyer or third parties and liberating Enchanté Lites New York and any other subsidiaries, affiliates, shareholders, distributors, retailers, representatives, agents and employees of these or any other responsibility for visible or hidden defects or damages of any kind.

The purchase, use and ownership of this product implies acceptance on behalf of the original buyer of the terms and conditions of this warranty

In order for the original buyer to make this warranty valid any claim must be accompanied by an original purchase ticket. To make this warranty valid write Sheffield LABS to the email below with subject: "Sheffield LABS Warranty". Explain the kind of defect and include the purchase ticket (original), your full name and address, and phone number. Should the claim be compliant with warranty limitations, all necessary replacement parts will be mailed at no cost to the customer.
