Product And using Instruction

• Assembly Steps

- Align the chair legs (B) with the support bars (C) and secure using screws (F). Use the Allen Key (J) to tighten the screws.
- Attach the remaining support bars (C) to the assembled legs using screws (H). Ensure to cross the bars as shown in the diagram.
- Place the seat base (D) onto the assembled leg structure, aligning the screw holes.
- Secure the swivel base (E) to the seat base (D) using screws (F). Tighten the screws with the Allen Key (J).
- Attach the chair back (A) to the seat base by aligning it with the swivel base and using screws (G) to secure it in place.
- The chair is now fully assembled. Review all screws to ensure they are tight and the chair is stable before use.

FAQs

• What tools are needed for assembly?

- An Allen Key (J) is included and is the only tool required for assembly.

• Can I use a power tool to assemble the chair?

- It is recommended to use the provided Allen Key to avoid over-tightening and damaging the screws or components.

• What should I do if I have missing screws or parts?

- Contact the manufacturer or retailer where you purchased the chair for replacement parts.

• How do I ensure the chair is stable?

- After assembling, check all screws to make sure they are tight and ensure all parts are securely fastened.

• Is the chair suitable for outdoor use?

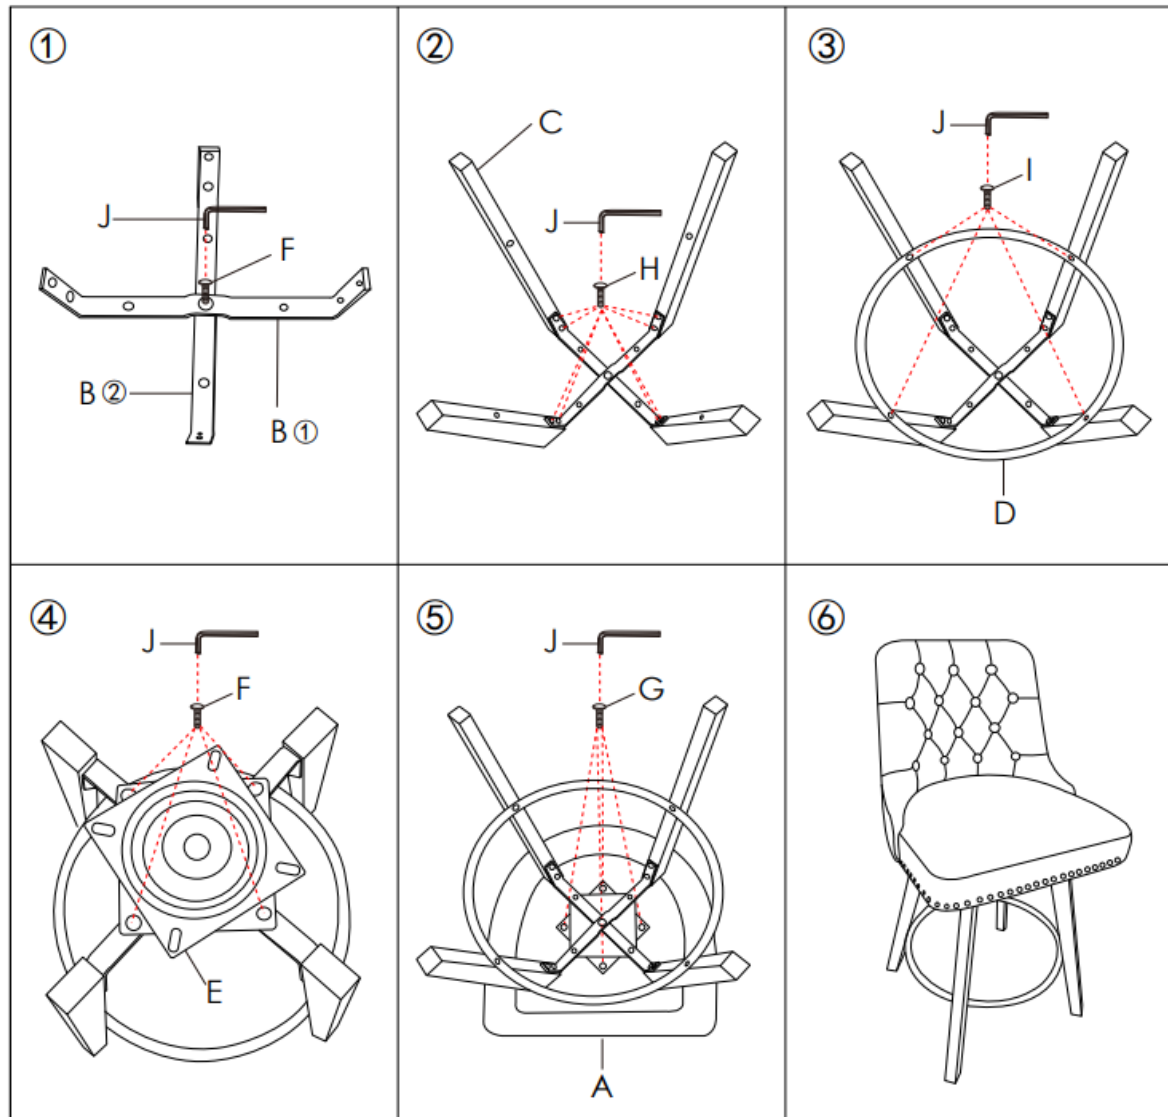

- Check the manufacturer's recommendations, as this information is not provided in the assembly

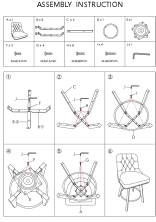

instructions.
