CIAO TECH CF9080 Wireless Charging Mouse Pad

Product Information

Specifications:

- **Brand:** CONTACT'S FAMILY
- **Manufacturer:** Guangzhou Shi Ketaisi Trading Co.
- **Model:** CF9080-Coffee
- **Type:** Wireless Charging Mouse Pad
- **Color:** Coffee

Product Usage Instructions

Step 1: Connect the Device

Connect the device to the wireless charging port to start charging.

Step 2: Flatten Your Wireless Charging Mouse Pad

Ensure the mouse pad is flat on your desk for optimal charging.

Step 3: Expanding the Back Bracket

If applicable, expand the back bracket for a better viewing angle while charging.

Step 4: Charging Your iPhone

Place your iPhone on its side on the mouse pad to enable charging and standby display.

Indicators:

1. Indicators are on for 2 seconds when plugged into a power source.
2. Indicators remain on while charging.
3. Indicators show on and off if foreign objects like metal or magnetic items are detected.

4. Indicators stay on when the device is fully charged, even though charging has stopped.

Cleaning Instructions:

1. Use a tissue or towel to clean stains from coffee, tea, or snacks.
2. For oil stains or persistent marks, use a wet towel.
3. The pad dries quickly after cleaning.
4. Avoid using caustic cleaning supplies on the desk pad.

Warning: Any changes or modifications not approved by the manufacturer may void the user's authority to operate the equipment.

Note: This device complies with part 15 of the FCC Rules. It must not cause harmful interference and should accept any interference received.

FCC Statement:

- Increase separation between equipment and receiver.
- Connect equipment to an outlet on a different circuit than the receiver.
- Consult a professional for assistance if needed.
- The equipment complies with FCC radiation exposure limits for uncontrolled environments.

Frequently Asked Questions (FAQ):

- **Q: How do I know if my device is fully charged?**

A: The indicators will stay on even after the device is fully charged, indicating that charging has stopped.

- **Q: Can I use any cleaning supplies on the desk pad?**

A: Avoid using caustic cleaning supplies as they may damage the desk pad. Stick to using a tissue, towel, or a wet towel for cleaning.

HOW TO USE

- **Step 1:** Flatten Your Wireless Charging Mouse Pad.

- **Step 2:** Connect the device to the wireless charging port start charging.

- **Step 3:** Expanding the Back Bracket.

- **Step 4:** Turn your iPhone on its side while charging Enable standby display.

Indicators

1. Indicators are on for 2 sec when plugged into a power source.
2. Indicators are on while charging.
3. Indicators show on and off while foreign object like metal, magnetic item, IC-chip is detected.
4. Indicators are still on when device is fully charged, but charging has actually stopped.

How to clean your desk pad

1. Normally, tissue or towel is enough to clean stains from coffee, tea or snacks
2. Use wet towel to clean stains from oil or stains that existed for days.

4. Do not use caustic cleaning supplies to clean your desk pad.

Warning

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement

This equipment has been tested and found to comply with the limits for Class B digital devices, under part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used by the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with the FCC Radiation exposure limit set forth for uncontrolled environments.
