CLAFFEY POOLS Del Ozone 100 Ozone Generator System

Product Information

OZWOINTEESRYISZTINEGM is an ozone system designed for pool equipment. It helps to maintain the cleanliness and purity of pool water by utilizing ozone technology.

Product Usage Instructions: How to Winterize Your Ozone System

1. STEP 1: Turn off all power in the breaker box located at the pool equipment.

2. STEP 2: Turn inlet ball valve and outlet ball valve off. These valves are typically identified by blue or red handles.

3. STEP 3: Open the ozone drain line system spigot. This will drain any standing water in the ozone system.

Note: Repeat the above steps (STEP 1 to STEP 3) to ensure proper winterization of your OZWOINTEESRYISZTINEGM.

Additional Information

For more detailed instructions and information on winterizing your OZWOINTEESRYISZTINEGM, please visit CLAFFEYPOOLS.COM.
