Product Usage Instructions

Setup

Connect to Network:

To connect the Delta PRE MkII to a wired network, follow these steps:

1. Connect an Ethernet cable (not included) between the pre-amplifier and your router.

Connect Your Amplifier and Speakers:

To connect your Delta PRE MkII to your amplifier and speakers, follow these steps:

1. Use audio and speaker cables (not provided) to connect the pre-amplifier to your amplifier and speakers.
2. Refer to the diagram below for reference:

Connect to Power:

To connect the Delta PRE MkII to power, follow these steps:

1. Connect the power cord between the Delta PRE MkII and a wall outlet.

Turn on the Delta PRE MkII:

To turn on the Delta PRE MkII, follow these steps:

1. On the back panel, place the power switch in the 'On' position.
2. On the front panel, press the Power On/Standby button.

Use the HEOS App to Complete Delta PRE MkII Setup:

To complete the setup of the Delta PRE MkII, follow these steps:

1. Go to the Apple App Store, Google Play, or Amazon App Store and search for HEOS to download and install the app.

2. Launch the HEOS app and follow the instructions within the app.

Add Device

If you already have the HEOS app and have set up at least one HEOS built-in device, please follow these steps to add the Delta PRE MkII to your wireless network:

1. Select the Settings icon in the upper-left corner of the main Music menu to display the Settings menu.
2. Select Add Device from the HEOS app's Settings menu and follow the instructions.
