COBECTAL

Cobectal ZQA-2000B Air Purifier

Specifications

Power Supply	DC 12V-1A
Rated Power	SW
Speed setting	4 speeds
Operating Conditions	Temperature: 14'-104'F/-10"-40'C
	Humidity: 85% RH
Nosie Level	24dB

Air Purifier Weight	1.98 lb/0.9 kg
Air Purifier Dimensions	170 x 170 x 228mm (6.69 X 6.69 X 8.90in)
Power Adapter	Input: 100-240V~50/60Hz
	Output: 12V~1A

What's in the box?

1 * Air Purifier

1 * High efficiency
composite filter

1 * User Manual

1 * AC Power Adapter
(In the air purifier)

Safety Information

Safety Instruction

- Only use the air purifier as described in this manual.
 - Do not use the air purifier without removing the plastic wrap from the filter.
 - If not removed, the air purifier will not filter air, and may overheat, causing a fire hazard.
 - Do not use the air purifier outdoors.
 - Keep the air purifier away from water or wet, damp areas.
 - Never submerge it in water or liquid.
 - Do not use the air purifier in excessively humid areas.
 - Keep the air purifier away from heat sources such as stovetops, ovens, or radiators.
- Do not use the air purifier in places where combustible gases, vapors, metallic dust,

aerosol(spray) products, or fumes from industrial oil are present.

- Keep the air purifier 5ft (1.5m) away from where oxygen is being administered.
- Supervise children when they are near the air purifier.
- Do not place anything into the openings of the air purifier.
- Do not place heavy objects on the air purifier.
- Keep the inside of the air purifier dry. To prevent moisture build up, avoid placing it in rooms with major temperature changes or underneath air conditioners.
- Always unplug the air purifier before servicing (such as changing the filter).
- Do not use the air purifier if it is damaged or not functioning well, or if the power cord or plug is damaged.
- Do not risk repairing the air purifier by yourself. Contact customer support for assistance.
- Not for commercial use. Household use only.

Power Cord & Plug

- Place the air purifier near the electrical outlet it is plugged into.
- Never place the power cord near any heat sources.
- Do not cover the power cord with a rug, carpet, or other covering.
- Do not place the cord under furniture or appliances.
- Keep the power cord out of areas where people frequently move around. Place the cord in places where it will not be tripped over.
- The air purifier has a polarized plug (one prong is wider than the other),
- which fits into a polarized outlet in only one orientation. This is a safety feature to reduce the risk of electric shock. If the plug does not fit, reverse the plug to the correct orientation. If it still does not fit, do not bypass this safety feature and
- do not try forcing the plug into the outlet. Instead, do not use it with the outlet. This air purifier uses standard US 120V, 60Hz outlets.
- If using it outside the US, check the compatibility

Product Overview

FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.and
2. This device must accept any interference received, including interference that may cause undesired operation.

WARNING: FCC Regulations state that any unauthorized changes or modifications to this equipment not expressly approved by the manufacturer could void the user's authority to operate this equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving
- Increase the separation between the equipment and
- Connect the equipment into an outlet on a circuit different from that to which the receiver is
- Consult the dealer or an experienced radio/TV technician for

Note: A shielded interface cable is required to ensure compliance with FCC regulations for Class B certification.

Warranty Information

Product Name	Air purifier
Model	ZQA-2000B
Date of Purchase	
Order ID	

12-month warranty

There is no other express warranty. This warranty doesn't apply:

- If the product has been modified as is;
- Failure to use the product in accordance with the instructions and directions in the user manual; Damage or defects caused by accident, abuse, misuse or improper or inadequate maintenance; Damage or defects caused by service or repair of the product by anyone other than an authorised service provider or official store;
- Damage or defects occurring in the course of commercial use, rental use or any use other than that for which the product was originally intended;
- Damage or defects that exceed the cost of the product.
- This warranty applies only to the original consumer purchaser of the product and is not transferable to any subsequent owner of the product, whether or not the product is transferred within the specified warranty period.
- This warranty gives you specific legal rights, and you may also have other rights that vary from state to state. Some states do not allow the exclusion or limitation of

incidental or consequential damages, so the above limitations or exclusions may not apply to you.

- For guidance on product use, please contact our customer service team via Amazon email
