COKUNST KP3 Type-C Charging Wine Openers

Launch Date: November 29, 2021

Price: \$18.99

Introduction

The COKUNST KP3 Type-C Charging Wine Opener is a sleek, modern, and useful tool that makes opening wine bottles a breeze. With its sleek stainless steel finish and small size, it not only looks good in your kitchen or bar, but it also works well. The USB Type-C charging port charges quickly and reliably, so you can use the opener more than once without having to constantly charge or change the batteries. It's very easy to use because it only needs one touch, and the foil cutter that comes with it makes sure that the wine bottle is ready to go. It's strong enough to open up to 80 bottles on a single charge, thanks to the food-grade key. This small, lightweight opener is great for any wine lover and can be used at home, in a restaurant, or even outside. The COKUNST KP3 makes sure that every wine experience is smooth and enjoyable by having safety features like an automatic stop once the cork is taken out.

- **Color:** Black
- **Finish Type:** Stainless Steel
- **Brand:** COKUNST
- **Item Weight:** 8 ounces
- **Product Dimensions:** 7.7 inches (Length) x 1.7 inches (Width)
- **Is Customizable:** No
- **Manufacturer:** COKUNST
- **UPC:** 745672411814
- **Number of Items:** 1

- **Country of Origin:** China
- **Item Model Number:** KP3
- **Battery Requirement:** 3 AAA batteries (required for operation)

Package Includes

- 1 x COKUNST KP3 Type-C Charging Wine Opener
- 1 x Type-C USB Charging Cable
- 1 x Foil Cutter
- 1 x User Manual
- 1 x Wine Pourer
- 1 x Wine Stopper

Features

- **Effortless Opening:**

The **COKUNST KP3** wine opener is designed to remove corks quickly and efficiently, taking only 6-8 seconds to uncork a bottle of wine. The one-touch operation ensures that you can open your wine with minimal effort, saving time and energy.

- **USB Type-C Charging:**

Equipped with a modern **Type-C charging port**, this wine opener offers fast and convenient charging. Unlike older USB connectors, Type-C can be plugged in either way, making it hassle-free. The rechargeable design eliminates the need for replacing batteries, and you can recharge the opener repeatedly for continuous use.

- **High Battery Capacity:**

On a single full charge, the **COKUNST KP3** can open up to 80 bottles, making it ideal for frequent use at home or in professional settings. This high-capacity battery ensures that you won't need to recharge often, even during large gatherings or parties.

- **One-Touch Operation:**

With a single button, the opener works automatically to remove the cork. Simply press the button to start the uncorking process and watch as the cork is smoothly extracted in just a few seconds. This makes it user-friendly, even for those unfamiliar with electric openers.

- **LED Indicator:**

The opener features a **blue LED light** that illuminates during use and charging. This LED not only adds a modern touch but also provides a visual cue of the device's status. You can easily see when it's ready to use or when it's charging.

- **Compact Design:**

The **COKUNST KP3** wine opener has a sleek and compact design that fits comfortably in your hand, offering a balance of style and functionality. The minimalist build ensures it doesn't take up much space, whether on your countertop or in your kitchen drawer.

- **Durable Build:**

Made with high-quality stainless steel and BPA-free materials, this wine opener is built to last. The sturdy construction ensures durability even after frequent use, making it a reliable tool for any wine enthusiast.

- **Foil Cutter Included:**

The package includes a **foil cutter**, allowing you to easily and safely remove the foil seal from your wine bottles. This ensures you have everything you need for an effortless wine-opening experience.

- **Quiet Operation:**

Unlike many electric gadgets that can be noisy, the **COKUNST KP3** operates quietly, generating less than 60 decibels of sound. This makes it suitable for use in quiet settings, like intimate dinners or restaurants, without disturbing the ambiance.

- **Safety Features:**

The opener is equipped with safety mechanisms to prevent accidental operation. It automatically stops once the cork is fully removed, ensuring you don't have to worry about it running unnecessarily. The design also ensures that fingers are kept safe from the moving parts.

- **Ergonomic Grip:**

With a comfortable and ergonomic grip, the opener is easy to hold and control. The smooth finish ensures that even extended use is comfortable, making it easy to open multiple bottles at a time without strain.

- **Lightweight and Portable:**

Weighing only 1.1 pounds, the **COKUNST KP3** is lightweight and easy to carry. Whether you're hosting a party, heading to a friend's house, or traveling, this portable wine opener is perfect for on-the-go use.

- **Sturdy Corkscrew:**

The corkscrew is made from **food-grade, safe materials** that ensure durability and safety during use. It is strong enough to handle various types of corks, whether synthetic or natural, without causing damage.

- **Energy Efficient:**

This opener is designed to be energy efficient, using minimal power during operation. The rechargeable battery ensures long-lasting use without the need for constant recharging or power consumption.

- **Universal Compatibility:**

The **COKUNST KP3** is compatible with most wine bottles, making it a versatile choice for any wine collection. Whether you're uncorking standard wine bottles or those with unique sizes, this opener is designed to handle them with ease.

- **Rechargeable & Powerful:**

This wine opener uses **Type-C charging** technology, ensuring you don't need to worry about replacing batteries. Simply recharge the device for continuous use. The powerful battery can open more than 50 bottles on a single charge without any performance drop.

- **Easy to Use:**

To use the **COKUNST KP3**, simply place it over the bottle, press the button, and let the opener do the work. In just 6 seconds, the cork is extracted with precision. The transparent shell allows you to see the opener in action, while the blue LED light adds a stylish touch.

- **Reusable & Durable:**

Made with high-quality materials, this wine opener is designed to be long-lasting. Even after multiple uses, the opener remains reliable, extracting corks smoothly without damage to the device. Its durability ensures it will serve you for years to come.

- **Lightweight & Space-Saving:**

- The small and lightweight design allows you to store it anywhere and take it with you on the go. It easily fits in kitchen drawers, picnic baskets, or travel bags, making it ideal for home use, parties, weddings, and outdoor events.

- **Perfect for Many Occasions:**

With its chic and modern design, this wine opener makes for a great gift for wine lovers. Whether at home, in restaurants, at a bar, or even outdoors, the **COKUNST KP3** is suitable for any occasion and will add a touch of sophistication to wine service.

- **Rechargeable Electric Wine Opener with LED Light:**

The built-in **LED blue light** illuminates when in use, making it easy to view the action. It also activates when charging, providing a cool aesthetic and functional feature that makes it easy to track its status.

- **Durable Button:**

- The opener features a **durable button** made of stainless steel, ensuring a long lifespan and smooth operation. The button's design allows for effortless use and adds to the overall sleek look of the wine opener.

- **Perfect Gift for Wine Lovers:**

The **COKUNST KP3** comes in an elegant design, perfect for gifting. Whether it's for wine enthusiasts, friends, family, or even for personal use, it's a thoughtful and functional gift for any occasion.

Usage

1. **Charge the Wine Opener:** Plug in the Type-C cable and allow the device to fully charge (around 2.5 to 3

- hours).
2. **Use the Foil Cutter:** Place it around the neck of the bottle and rotate to remove the foil.
 3. **Position the Opener:** Place the wine opener on top of the bottle, ensuring it's vertical and centered.
 4. **Press the Down Button:** The corkscrew will automatically penetrate the cork and remove it from the bottle.
 5. **Remove the Cork:** Press the up button to eject the cork from the opener.
 6. **Pour the Wine:** Use the included wine pourer for a drip-free pour.
 7. **Seal the Bottle:** Use the wine stopper to preserve leftover wine.

Care and Maintenance

1. **Cleaning:** Wipe the exterior of the opener with a soft, damp cloth. Avoid using abrasive cleaners or submerging the device in water.
2. **Foil Cutter:** Rinse under running water and dry after use.
3. **Charging:** Use the provided Type-C USB cable for charging. Avoid overcharging by unplugging when fully charged.
4. **Storage:** Keep in a dry place, away from extreme temperatures.
5. **Battery Maintenance:** Recharge the wine opener every few months, even if not in use, to maintain battery health.

Troubleshooting

Issue	Possible Cause	Solution
Wine opener not working	Battery is drained or not charged	Charge the device using the Type-C cable for 2.5-3 hours
LED light does not turn on	Charging cable not properly connected	Ensure the Type-C cable is firmly connected to both the opener and power source
Opener not removing cork properly	Opener not centered on bottle or cork is stuck	Place the opener vertically on the bottle and press the down button again
Device making unusual noise	Corkscrew may be obstructed	Check for obstructions around the corkscrew and clear any debris
Opener stops midway during operation	Battery is low or cork is too tight	Charge the device or try rotating the bottle gently during operation
Cork not ejecting from opener	Corkscrew did not fully retract	Press the up button to fully release the cork from the opener
Slow charging	Using a low-power USB adapter	Use a higher power adapter with proper voltage for faster charging
Foil cutter not working effectively	Blade may be dull	Replace foil cutter if it shows signs of wear or use a different angle for cutting
Blue LED light not turning on during use	Battery is low or defective LED	Charge the device or contact customer support if LED remains non-functional
Device overheating during use	Continuous use without rest	Allow the device to cool down between bottle openings to prevent overheating

FAQs

How do you charge the COKUNST KP3 Type-C Charging Wine Opener?

The COKUNST KP3 Type-C Charging Wine Opener charges via a USB Type-C cable, which provides fast and convenient charging. Simply plug it into a USB power source for 2.5 to 3 hours to fully recharge.
