MC-DH3020A2 Multi-Function Griller

Product Information

The MC-DH3020A2 is a countertop electric grill designed for indoor use. The product features a non-stick cooking surface, a glass lid, and a removable drip tray to collect excess oil during cooking. The grill is powered by a 1300W electric heating element and is rated for use with 220-240V~ electrical systems.

Product Specifications

- **Model:** MC-DH3020A2
- **Nominal Voltage:** 220-240V~
- **Nominal Power:** 1300W

Safety Precautions

- Use the grill on a stable, level surface.
- Do not use the grill for any purpose other than cooking.
- Do not use the grill outdoors.
- Allow the grill to cool completely before cleaning or storing.
- Keep the grill away from children and pets.

Instructions

1. Ensure that the grill is placed on a stable, level surface and that the power cord is plugged into a grounded electrical outlet.
2. Adjust the temperature using the control lever on the front of the grill.
3. Coat the cooking surface with cooking oil before use.
4. Place food on the cooking surface and close the glass lid.
5. Flip food as needed to ensure even heating.
6. After cooking, unplug the power cord and allow the grill to cool before cleaning.

Cleaning and Maintenance

- Unplug the power cord after each use and allow the grill to cool before cleaning.
- Clean the cooking surface with a damp cloth and mild detergent. Do not use abrasive cleaners or solvents.
- Remove excess oil from the drip tray and replace it as needed during cooking.
- Do not immerse the grill in water or any other liquid.

Read This Manual

Set your machine on a dry, level surface. Then, follow the cleaning instructions to prepare your machine for use. Always clean your machine before the first use.

SAFETY PRECAUTIONS

Tip

When using your electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric hazard and injury to persons, including the following.

1. Read All Instructions.
2. Do not touch hot surface. Use handles or buttons of control panel. The unit body will become very hot during long-time using, handle it carefully.
3. CAUTION: To reduce the risk of electric shock, cook only in removable container.
4. Close supervision is necessary when any appliance is used by or near children.
5. To protect against electrical shock, do not immerse cord, plug, or cooker body in water or other liquid.
6. Do not add too much water beyond the edge of the porcelain inner pot, or the water will flow out during cooking.
7. Unplug from outlet when do not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
8. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair, or adjustment.

9. The use of accessory attachment not recommended by the appliance manufacturer may cause injuries.
10. Intended for countertop use only.
11. Do not use the appliance for other than intended use.
12. Do not use outdoors.
13. Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
14. Do not let cord hang over edge of table and counter, or touch hot surface.
15. A short power-supply cord is used to reduce the risk resulting from it being grabbed by children, becoming entangled in, or tripping over a longer cord.
16. **WARNING:** Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter, never use outlet below counter, and never use with an extension cord.
17. Prior to first use, please make sure that the electric rating of the appliance is in conformity with the current electric rating.
18. To disconnect, turn any control to "off", then remove plug from wall outlet.
19. **DO NOT** place unit on or near a hot gas or electric burner, or in a heated oven.
20. **DO NOT** put frozen articles inside the porcelain pot when it is too much heat, nor do wash the porcelain pot with the cold water.
21. **DO NOT** uncover the lid when in stewing, other wise the heat will run out and more stewing time will be needed
22. **DO NOT** cooking food directly in the Aluminum pot.
23. **DO NOT** place the porcelain inner pot on gas stove.
24. To avoid any cracks or spoilage that may bring to the baking pan, proper maintenance is nec-essary..
25. Only carry the baking pan from the side han-dles on the cooking base. Do **NOT** carry from the handle on the lid ,even when locked.
26. This appliance is not intended for deep frying foods.
27. **HOUSEHOLD USE ONLY.**
28. When the product is used for the first time, a small amount of white smoke may be emitted, which is a normal phenomenon.
29. During the use of the product, the parts may make a "click" sound due to expansion with heat and contraction with cold. Please feel free to use it.
30. In order to obtain better cooking effect, this product automatically controls the tempera-ture, stops heating when the temperature is too high, and the indicator light goes out; When it is too low, the heating is resumed and the indica-tor light is on.
31. This appliance can be used by children aged-from 8 years and above and persons with reduced physical, sensory or mentalcapabili-ties or lack of experience and knowledge if they have been given supervision or instructioncon-cerning use of the appliance in a safe way and understand the hazards involved.
32. Childrenshall not play with the appliance. Cleaning and user maintenance shall not bemade by children unless they are older than 8 andsupervised.
33. Keepthe appliance and its cord out of reach of children less than 8 years.
34. . Childrenshould be supervised to ensure that they do not play with the appliance
