COMPOZ Leaflet for Android Instructions

We are very happy to welcome you as a member of the Compoz community  
As the creator of the world's first home fragrance Compositeur, Compoz celebrates a certain idea of the French Art-de-vivre, of pleasure, of well-being and of authentic luxury.

- A natural and bespoke perfumery
- A healthy and refined diffusion mode.
- An intuitive and simple application.
- A committed approach, both sustainable and circular.
- An immediate response to your needs and desires for an unrivalled olfactory pleasure

We hope that Compoz Wilf give you as much pleasure as had in imagining it

Enjoy the experience!

The Compo: team

## **IMPORTANT SAFETY INSTRUCTIONS.**

This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or persons lacking experience or knowledge, unless they have been given prior supervision or instruction concerning use of the device by a person responsible for their safety.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

- Children must not play with the device.
- Read carefully, keep and follow all these instructions.
- Heed all warnings.
- Use only the supplied Compoz wipe for cleaning, especially the Composer touch screen.

- Never block the Compositeur air inlet and outlet. Follow the manufacturer's installation instructions.
- Do not install this device near any heat source such as a radiator, heat register, oven, or other apparatus (including amplifiers) that produce heat.
- Use only the accessories specified by the manufacturer, including the supplied AC adapter.
- Cleaning and user maintenance shall not be made by children without supervision
- Refer all servicing to the COMPOZ service department. Servicing is required when the device has been damaged in any way (e.g. the AC adapter or detachable power supply has been damaged, liquid has been spilled or objects have fallen into the device, the Compositeur has been exposed to rain, does not operate normally, or has been dropped).
- Unplug this device during lightning storms or when unused for long periods of time.

#### **WARNINGS:**

- Only use the detachable power supply provided by the manufacturer to connect your compositeur to a wall power outlet (use of any other power supply will void your warranty).
- The Compositeur is intended for operation in a room temperature range of 5 to 40°C.
- The Compositeur is designed for operation in the following voltage range: 100V-240V 50Hz/60Hz.
- This device must be installed and used at least 20cm from human body.
- Do not use the Compositeur in a bathroom or in humid environments.
- The Compositeur is not waterproof; do not place it near water or leave it outside in rainy weather to limit the risk of fire or electric shock.
- Protect the device from dripping or splashing. Do not place objects filled with liquids, such as vases, on the Compositeur. As with any electronic product, do not spill liquids on this device. Exposure to liquids may cause malfunction and/or fire.
- Never place flammable objects, such as lighted candles, on the unit.
- Whether in a horizontal or vertical position, be sure to place the Compositeur only on a solid, flat surface to ensure optimum operating performance.

#### **NOTES:**

- The legal mentions are located on the Compositeur bottom part.
- If the power plug or a multi-plug socket is used to disconnect the device, it must remain easily accessible.
- There are no user-serviceable parts inside the device.
- Please contact COMPOZ customer service for servicing.

#### **CAUTION:**

Unauthorised modifications may compromise your safety, compliance with regulations and the proper functioning of the device and will invalidate the warranty.

ARTIRIS SAS – COMPOZ – 75017 PARIS

<https://compoz-parfum.com/en>

The undersigned, ARTIRIS SAS // COMPOZ declares that the Compoz5 radio equipment is in conformity with the Directive 2014/53/EU.

The full text of the EU Declaration of Conformity is available at:

<https://compoz-parfum.com/en/conformity>

#### **REGULATORY INFORMATION:**

This symbol means that the product should not be disposed of with household waste, but taken to an appropriate collection point for recycling. Proper disposal and recycling protects natural resources, human health and the environment. For more information on the disposal and recycling of this product, contact your local council, waste collection service or the shop where you purchased this product.

Model: Compoz5			
Compoz5	BLUETOOTH	WIFI	RFID
Frequency band	2400MHz - 2483.5MHz		13.553MHz-13.567MHz
RF Power	10dBm	20dBm	-10dBμA/m à 10 meters

## REGULATIONS AND STANDARDS

### Device: Compoz5

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

**CAUTION:** This device may not be modified, altered, or changed in any way without signed written permission from ARTIRIS SAS. Unauthorized modification could void the user's authority to operate the equipment and will void the ARTIRIS SAS warranty.

This device complies with FCC radiation exposure limits set forth for general population (uncontrolled exposure). End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter meets mobile (20cm) limits as demonstrated in the RF Exposure Analysis. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with FCC multi-transmitter product procedures

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

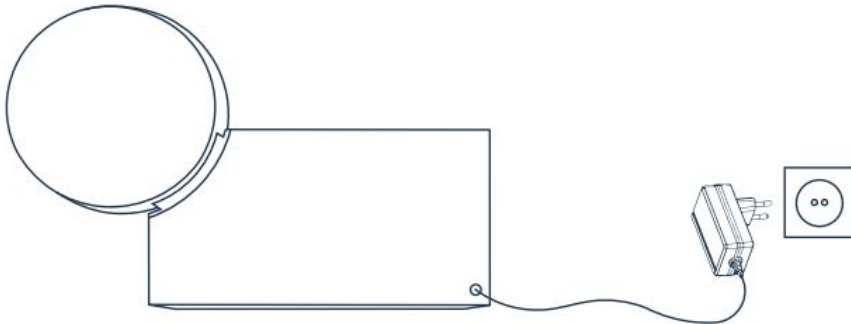

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

This device complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment (uncontrolled exposure). End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter meets mobile (20cm) limits as demonstrated in the RF Exposure Analysis test report. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## COMPOSITEUR SETUP

**As easy as 1, 2, 3.**

1. Connect the Compositeur to a power outlet using the power supply provided in the box. The plug is located on the Compositeur rear panel at the bottom right.

2. The touchscreen lights up, and the Compositeur is initialized for 5 seconds.

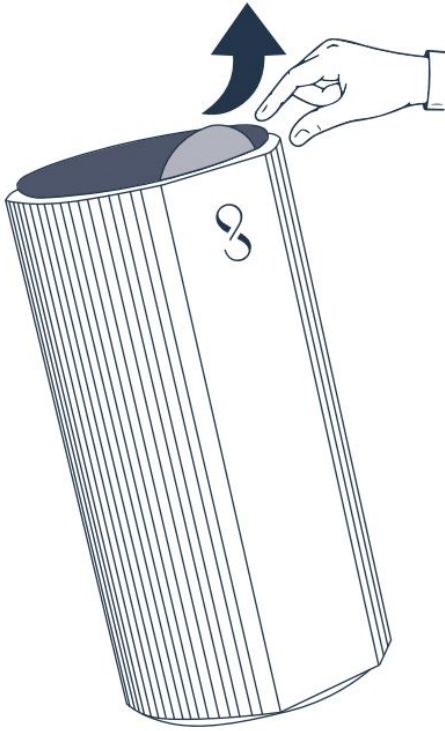

3. Select the display language. You are now ready to insert your Compoz essential oil pods!

## PREPARATION OF COMPOZ® PODS

before use.

 REMOVE BEFORE USE

Before using for the first time, remove the protective freshness seals on both sides of the Compoz pod.

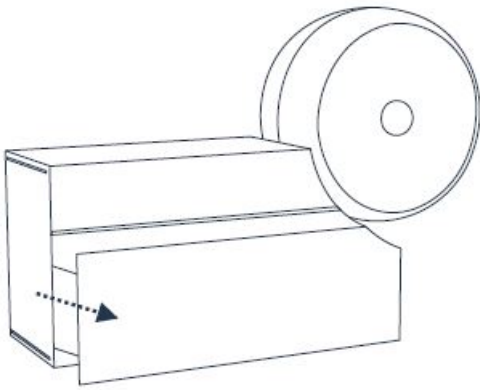

**NEED HELP?**

Find all our step-by-step video tutorials on:

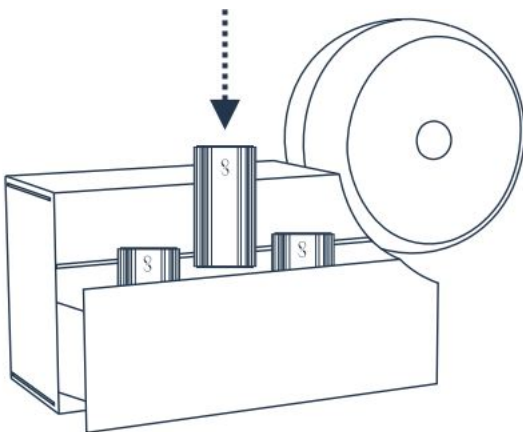

**Inside the Compositeur**

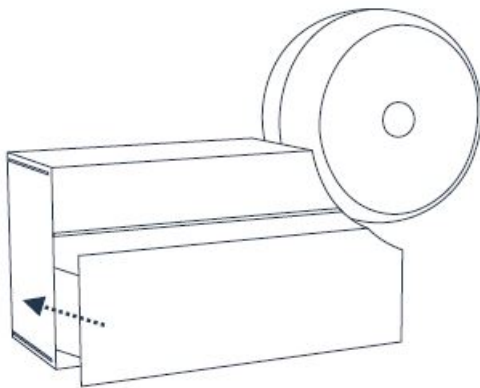

1. Open the drawer with the on-screen button

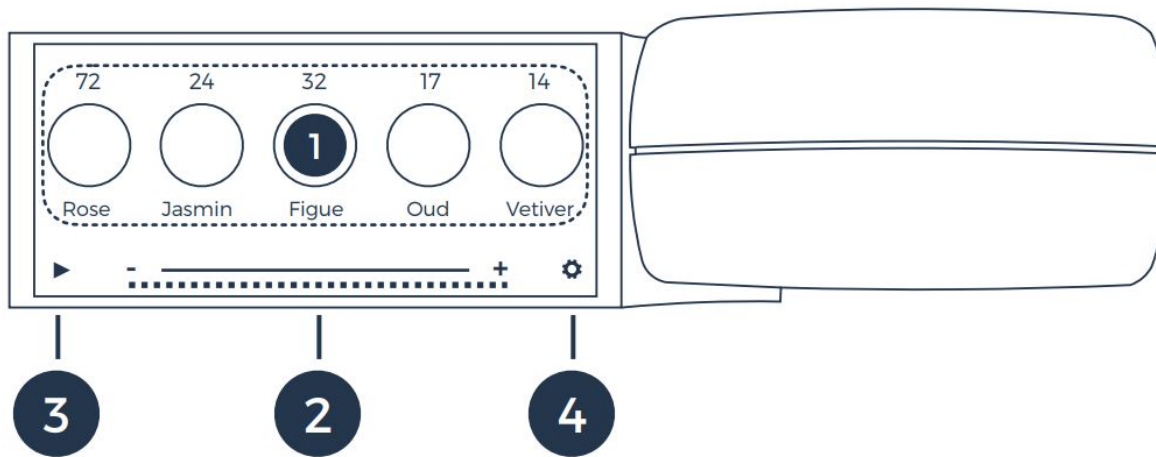

2. Simply insert up to 5 Compoz pods of natural essential oils

3. Close the drawer with the on-screen button

**Directly from the touchscreen**

1. Select the essential oil you wish to diffuse by clicking on its visual.
2. Use the slider to adjust the level of each essential oil in your composition
3. Play your composition
4. Adjust the settings of your composition: intensity, diffusion time, etc...

You can continue to adjust in real-time your composition even after you start diffusing it until you find the perfect match.

## DIFFUSION INTENSITY RECOMMENDATION

Depending on the size of your room.

	< 12 m <sup>2</sup>	12 <-> 24 m <sup>2</sup>	24 m <sup>2</sup> <-> 35 m <sup>2</sup>
Puissance <i>Release power</i>	1 → 2	3 → 4	5 → 6
Nombre minimum de capsules à utiliser <i>Minimum number of pods to use</i>	 x1	 x3	 x5

## Programmation

**Note:** The Scheduling feature is only available with Wifi-connected Compositeur (Please refer to 'Step3: Wifi setup')

Quick setup guide  
Bluetooth & Wifi  
Setup time: 5 minutes

Download the Compoz® application

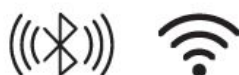

Step 1: Create your account

## Step 2: Bluetooth pairing

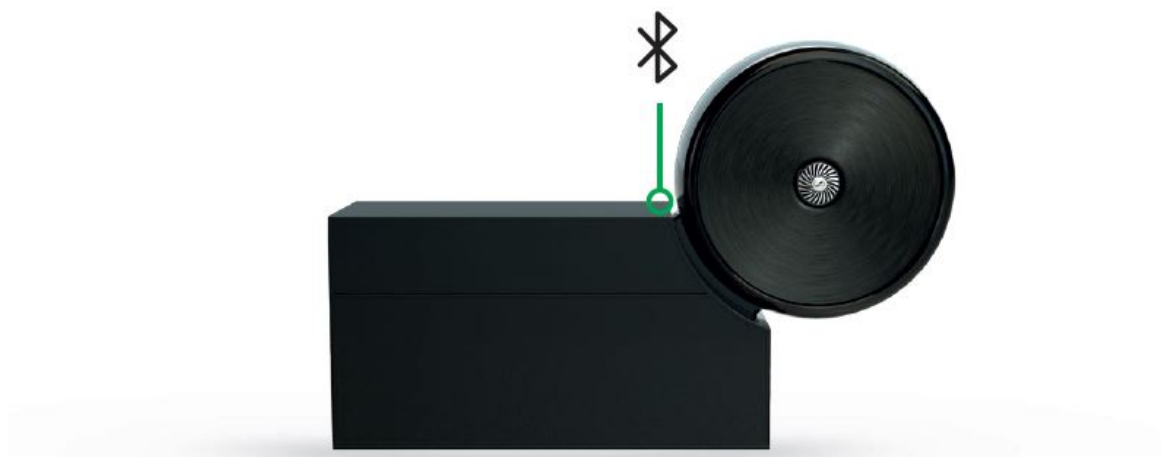

1

Activate your phone's Bluetooth and WiFi.

2

Activate the Compositeur's Bluetooth detection by clicking on the icon located at the top right of the touchscreen.

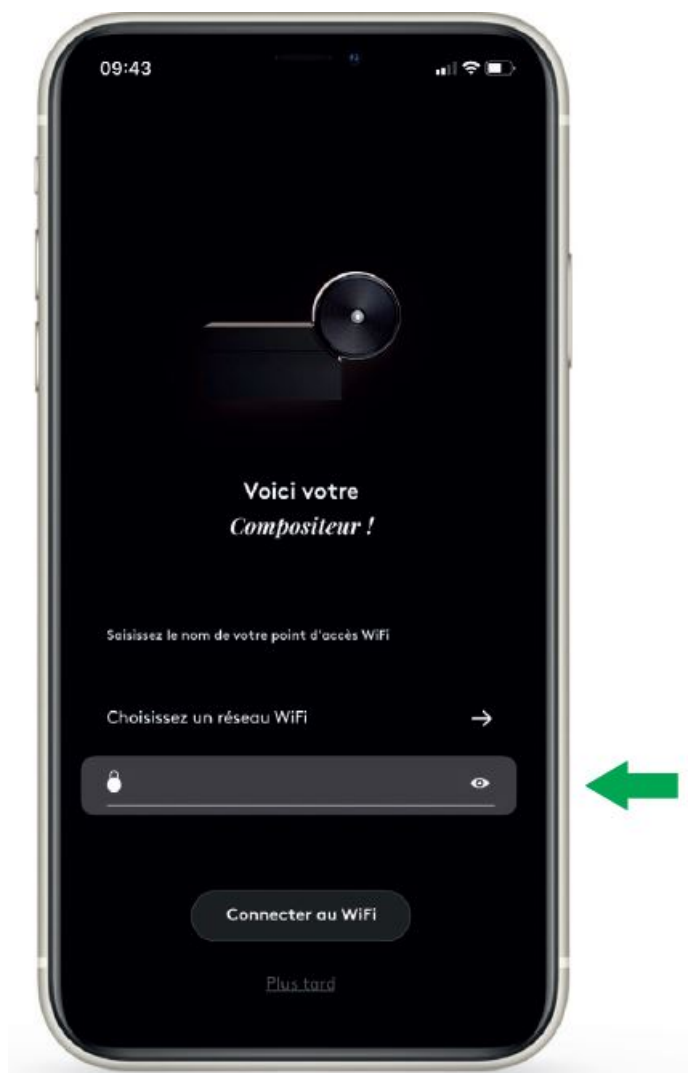

3

Copy the Bluetooth pairing code automatically displayed on the Compositeur touchscreen when requested by the Compoz application.

### Step 3: WiFi setup

Select your Wifi network and enter your password

**Note:** the Compoz application cannot read or save your password, which therefore remains strictly confidential
