COMPUSTAR
COMPUSTAR PRO T11 2-Way LCD, 3-Mile Range Remote Kit

QUICK START CARD

Rechargeable Battery: Your 2WT11R-SS is equipped with a rechargeable battery. Use the included USB cable to charge your remote. We recommend charging your remote before first use. Charge time is approximately 2 hours.

Register online at www.compustar.com within 10 days of purchase to activate your new remote's warranty.

A tap of this button will lock your doors and/or arm your Compustar alarm.

A tap of this button will unlock your doors and/or disarm your Compustar alarm.

Holding this button for 2.5 seconds will pop your trunk, if equipped. If not, ask your Compustar Dealer for details on how to get it. Double tap to view the clock.

Holding this button for 2.5 seconds will start your vehicle. The 2WT11R-SS will receive a page back alert and run time countdown timer will start. Run Time Extension: If enabled, double tapping this button will reset your remote start run time or turbo timer.

Tapping these two buttons will mute and unmute the siren on your Compustar alarm. Holding them for 2.5 seconds will turn the Shock Sensor on or off.

Function Button: This button is used to access advanced remote functions. Please see the following table for more info.

Wake/Mute Button: Tap this button to wake the screen. Hold this button for 2 seconds to mute your remote. Hold for 2 seconds to unmute. If enabled, tap this button to enable sliding doors via Auxiliary 1 and 2 then double tap Lock or Unlock to activate.

	Then Press					2.5 Sec	2.5 Sec
1 x		Drive Lock On/Off	Turbo Timer On/Off	Auxiliary 1	Auxiliary 2	Auxiliary 3	Auxiliary 4

WARNING

It is the responsibility of the vehicle operator to ensure that their vehicle is parked in a safe and responsible manner.

1. When leaving the vehicle, it is the user's responsibility to ensure that the gearshift lever is in "Park" in order to

- avoid accidents upon remote starting. (Note: Make sure that the automatic vehicle cannot start in "Drive".)
2. It is the user's responsibility to ensure that the remote starter is disabled or put into valet mode before servicing.

FCC COMPLIANCE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.

IC COMPLIANCE

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s).

Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.
