**Concept R CP-RB-090 Heater Railing Bracket Set**

## About this instruction manual

Read these instructions for installation carefully and keep them within reach of the product. This ensures that you can refer to information regarding your safety and regarding installation at any time.

### Symbols

In these installation instructions, symbols and signal words are used which have the following meanings:

#### ATTENTION!

This keyword is a warning that damage to property can occur.

This symbol indicates tips and useful information.

## Important information for your safety

### Intended use

The bracket set CP-R-HSR enables the attachment of a wooden railing to all Concept R sauna heaters.

Any use exceeding this scope is considered improper use. Improper use can result in damage to the product and injuries.

The bracket set CP-R-HSR is suitable for the following railing models:

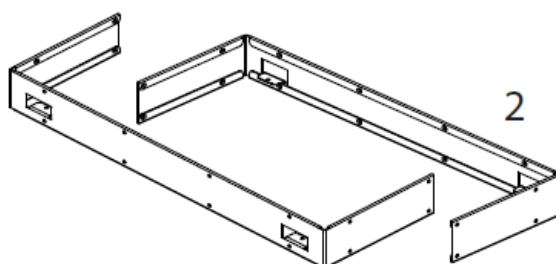

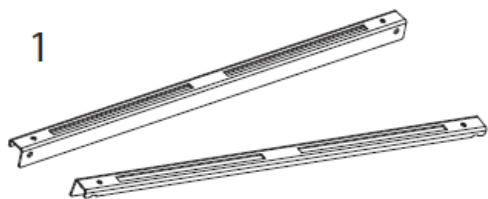

<i><b>Article number</b></i>	<i><b>Description</b></i>	<i><b>Matching heater models</b></i>
CP-R-L1	Small linden wood railing	CP-RB-090 / CP-RB-105
CP-R-L2	Large linden wood railing	CP-RB-120 / CP-RB-150 CP-RCB-090 / CP-RCB-105
CP-R-N1	Small walnut wood railing	CP-RB-090 / CP-RB-105
CP-R-N2	Large walnut wood railing	CP-RB-120 / CP-RB-150 CP-RCB-090 / CP-RCB-105

## General safety information

- Remove any packaging residue from the bracket. This could ignite during operation of the sauna heater.
- Mount the railing bracket and the finished railing with a normal screwdriver. The product can be damaged by a cordless drill.
- For your own safety, consult your supplier in the event of problems that are not described in sufficient detail in

the operating instructions.

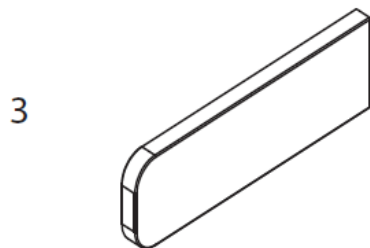

## Scope of delivery

- 2 pcs railing bracket
- 4 pcs rounded head screws (A2 M 3 x 6 mm)
- 28 pcs wood screws (13 mm)
- 2 pcs mounting bracket

Large wood railing (CP-R-L2 and CP-R-N2)

4 pcs side panel

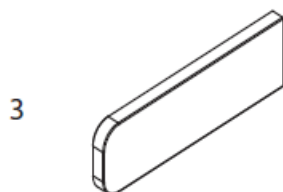

2 pcs short wooden panel

2 pcs long wooden panel

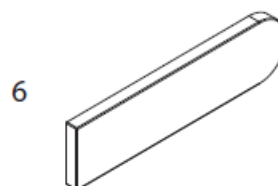

Small wood railing (CP-R-L1 and CP-R-N1)

4 pcs side panel

2 pcs short wooden panel

2 pcs medium wooden panel

## Installation

### ATTENTION!

Damage to the product

The product can be damaged by a cordless drill.

Use a normal screwdriver to install the railing bracket.

### Installing the railing bracket

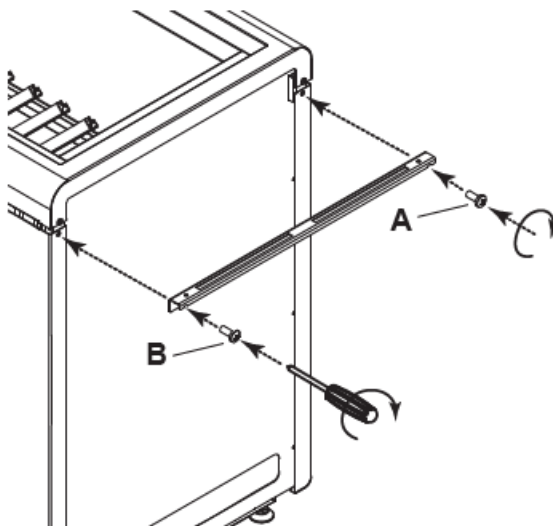

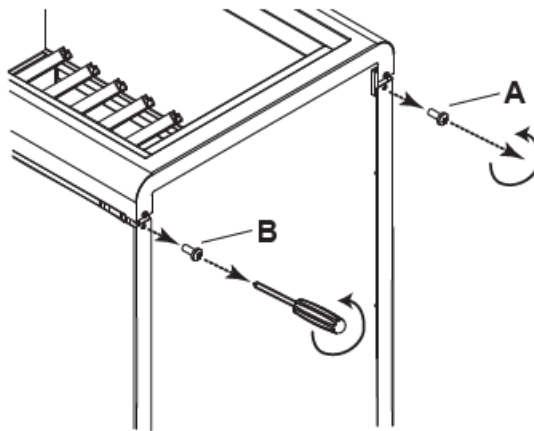

1. Step 1

Remove screws A and B from the sauna heater using a screwdriver.

2. Step 2

Screw the railing bracket 1 to the sauna heater. To do this, use screws A and B.

Install the second railing bracket in the same way on the opposite side of the heater.

Installing wooden parts on the mounting bracket

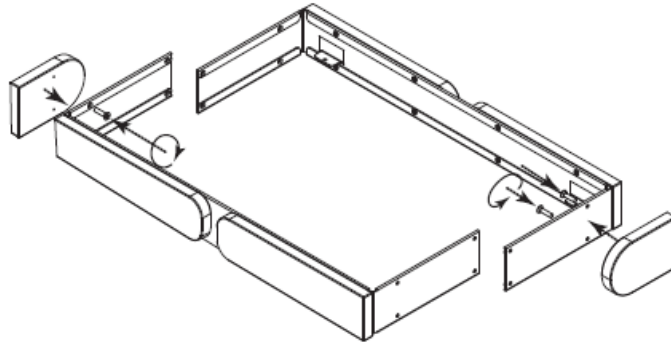

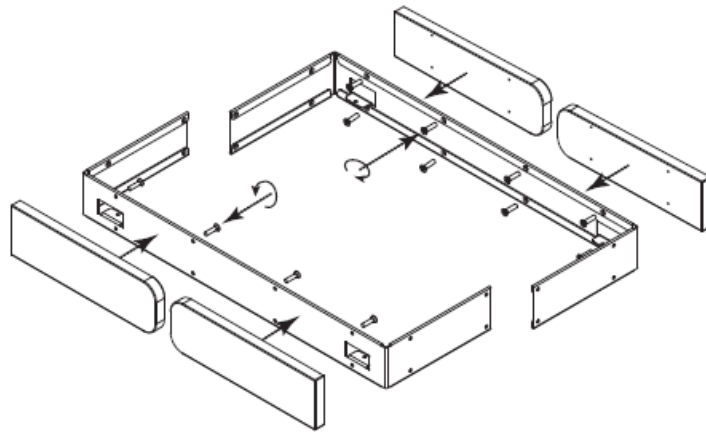

To do this, use the wood screws provided.

3. Step 3

Screw the side panels 3 to the mounting bracket 2. For each side panel, use 4 wood screws.

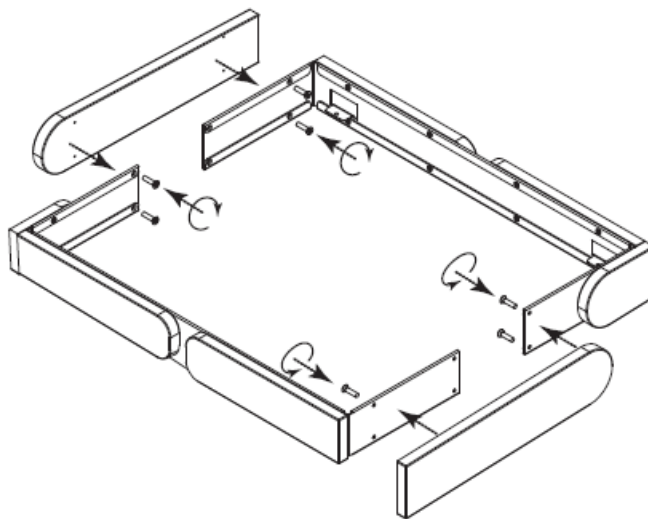

4. Step 4

Screw the short wooden panels 4 to the mounting bracket 2. For each wooden panel, use 2 wood screws.

#### 5. Step 5

Connect the two mounting brackets 2 with the medium or long wooden panels (5 or 6). For each wooden panel, use 4 wood screws.

#### Installing the railing

##### ATTENTION!

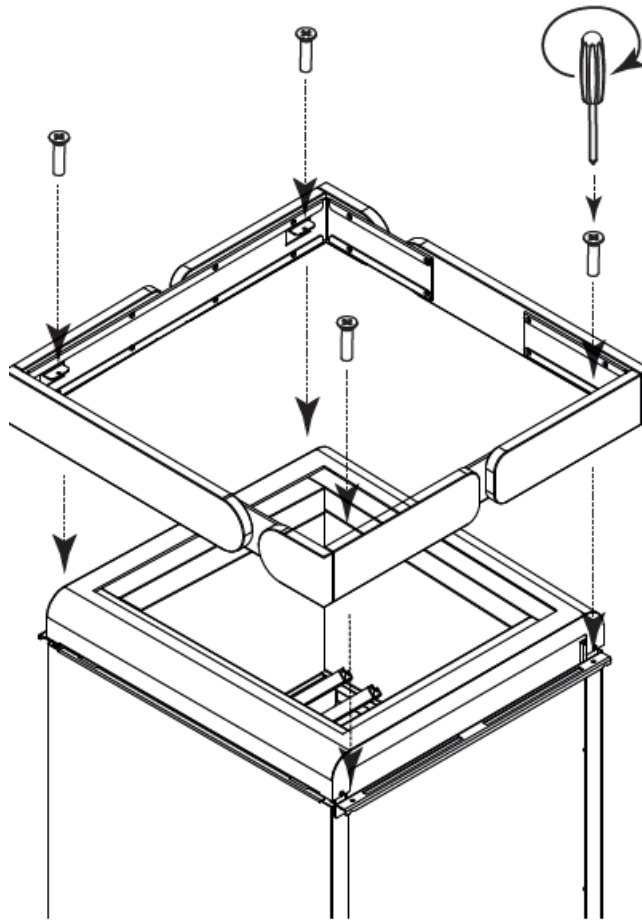

Damage to the product

The product can be damaged by a cordless drill.

Use a screwdriver to install the railing.

#### 6. Step 6

Screw the railing from above to the railing brackets. To do this, use the rounded head screws provided.

## Disposal

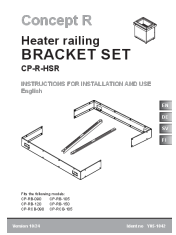

-  Please dispose of packaging materials in accordance with the applicable disposal regulations.
- Used products contain reusable materials and hazardous substances. Therefore, do not dispose of your used product with household waste, but do so in accordance with the locally applicable regulations.
