- Keep away from children

Storage and maintenance

- Store the External Enclosure Case with inserted HDD/SSD in dry environment
- The External Enclosure Case on its own without inserted drive can be stored in an environment non-condensing) with humidity from 5% up to 90% EN

FaQ

Q: After plugging in the USB cable the drive didn't start to spin, why

This might occur when the drive isn't properly connected or then it is not sufficiently powered. Use different USB port, different cable (ideally a Y split cable with additional USB connector for power).

Q: Installation of the drive was canceled with warning that the device was not recognized.

A: Unplug the drive from the USB port on your computer and try to plug it in again. If that doesn't work, try steps from the previous.

Q: I have a different issue with this product that is not answered here

Please contact your retailer or the support of CONNECT IT brand on contacts listed on last page.

INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING

Dispose of packaging material at a public waste disposal site.

DISPOSAL OF USED ELECTRICAL AND ELECTRONIC APPLIANCES

The meaning of the symbol on the product, its accessory or packaging indicates that this product shall not be treated as household waste. Please, dispose of this product at your applicable collection point for the recycling of electrical & electronic equipment waste. Alternatively in some states of the European Union or other European states you may return your products to your local retailer when buying an equivalent new product. The correct disposal of this product will help save valuable natural resources and help in preventing the potential negative

impact on the environment and human health, which could be caused as a result of improper liquidation of waste. Please ask your local authorities or the nearest waste collection center for further details. The improper disposal of this type of waste may fall subject to national regulations for fines.

For business entities in the European Union

If you wish to dispose of an electrical or electronic device, request the necessary information from your seller or supplier.

Disposal in other countries outside the European Union

If you wish to dispose of this product, request the necessary information about the correct disposal method from local government departments or from your seller.

CE This product meets all the basic EU regulation requirements that relate to it. EU declaration of conformity is available on www.connectit-europe.com
