WIRELESS MOUSE
CMO-3100 series

THANK YOU
FOR BUYING A CONNECT IT PRODUCT.
Do you want to be the first to know about other news of CONNECT IT? Follow us on social media.

- Before putting this product into operation please read through the User's Manual carefully, even if you are already familiar with the use of similar products. Use the product only as described in this User's Manual.
- Keep this User's Manual for future reference. It is an integral part of the product and may contain important instructions for commissioning this product, its operation and cleaning.
- Make sure that all other people handling this product are familiar with this Manual. If you hand the product over to other people, make sure that they read this User's Manual, which shall be given to them together with the product.

We recommend keeping the original packaging of the product, proof of purchase and the warranty card, if supplied, at least for the warranty period. In case of transport, we recommend packing the product in the original packaging, in which it has been delivered in, as it protects it best against damage during transport.

Contents

Specifications

Technical Specifications:

- 2.4 GHz wireless technology
- Operating range: up to 10 m
- Six buttons including scroll wheel
- Resolution: 1000/1600 DPI
- Dimensions: 112 x 75 x 40 mm
- Interface: USB 1.1 and higher
- Easy Plug & Play installation
- Power supply: 1× AA battery (included)

Compatibility:

- Operating system: Microsoft Windows XP/Vista/7/8/10 and Mac OS

The product is compatible with Mac OS, but some product features, which Mac OS does not support, may not work properly.

Installation

Battery installation:

1. Open the battery cover on the bottom of the mouse.
2. Insert 1 x AA battery into the mouse. Make sure that the battery is inserted in the right direction according to the marked polarity.
3. Close the battery cover.
4. To turn on, slide the switch to the ON position.

USB receiver installation:
Insert the USB receiver into a free USB port and wait for the drivers to install automatically.
Description of each part

DPI change

To change the DPI, press and hold the left mouse button and the middle scroll wheel for 3 seconds. The default mouse resolution is 1000 DPI. DPI is regulated in 2 levels, 1000 DPI and 1600 DPI. To change the DPI, the mouse must be turned on.

Nano smart switch

This mouse has 2 nano receivers (USB-A and USB-C), each of which can be connected to a different device. Thanks to the new nano smart switch technology, you can switch to the device you want to work with.

1. Left button	6. Back
2. Right button	7. ON/OFF
3. Scroll wheel	8. USB-A
4. Button for switching the nano receiver	9. USB-C
5. Forward	

Troubleshooting

When connecting a USB-A nano receiver:

- We recommend connection this device straight to a USB port on your computer.
- If this device is plugged in to a USB hub, make sure that the USB hub and the USB port to which it is connected can provide this device and other devices connected to the same USB hub with enough power.
- Alternatively, we recommend using an external power source with the USB hub (if the USB hub supports such functionality).

Instructions for a non-functioning (unpaired) USB nano receiver:

1. Switch to 2.4 GHz by pressing the button on the bottom of the mouse.
2. Turn off the mouse and remove the unpaired USB-A nano receiver from the computer.
3. Place the unpaired USB-A nano receiver near the mouse, but do not plug it into the computer.

4. Turn on the mouse.

5. Press and hold the left, right, and middle buttons (scroll wheel) on the mouse simultaneously for 5 seconds.

6. The USB receiver will re-pair with the mouse.

7. Plug the receiver back into the computer.

Notices

INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING MATERIALS
Packaging materials and old appliances shall preferably be recycled. The packaging materials of this product can be disposed of as sorted waste. The same applies to the plastic bags made of polyethylene (PE) and other materials please hand them over for recycling.

DISPOSAL OF WASTE ELECTRICAL & ELECTRONIC EQUIPMENT
In accordance with the European Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), this appliance is labeled with this symbol on the product or its packaging to indicate that this product shall not be treated as household waste. It must be disposed of at a collection site for recycling of waste electrical and electronic equipment. The proper disposal of this product helps to prevent adverse impacts on the environment and human health, which could otherwise result from improper waste disposal. The disposal shall be carried out in accordance with waste management regulations. For more detailed information about the recycling of this product, contact the local authorities, household waste disposal services or the shop where you have bought the product. For proper disposal, renewal and recycling, hand the products over to the designated collection sites. Alternatively, in some EU or other European countries, you can return the products to your local dealer when buying an equivalent new product. The proper disposal of this product helps to preserve valuable natural resources and prevent potential adverse impacts on the environment and human health, which could result from improper waste disposal. For details, contact your local authorities or the nearest collection facility. In case of improper disposal of this type of waste, fines may be imposed in accordance with national legislation.

For business entities in the EU countries
If you want to dispose of electrical and/or electronic equipment, please contact your dealer or supplier for the necessary information.

Disposal in other countries outside the European Union
This symbol is valid in the European Union. If you want to dispose of this product, contact your local authorities or your dealer for the necessary information about the proper way of disposal.
In accordance with the law, we provide the take-back, processing and free environmentally friendly disposal of electrical and electronic equipment through the collective system of REMA Systém, a.s. The main purpose is to protect the environment by ensuring the efficient recycling of waste electrical and electronic equipment.
For the current list of collection sites, see the web **www.rema.cloud**

This product meets all the basic requirements of the applicable EU directives. It is CE marked. This mark indicates the conformity of the product`s technical characteristics with the applicable technical regulations. The EU Declaration of Conformity is available at **www.connectit-europe.com.**
