Safety Notice

- Before use, check the compatibility of the information on this product and the product you will be connecting to it.
- Connect this product only to a mains supply the voltage of which is the same as that shown on the type plate of this product.
- This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they are under supervision or have been instructed on how to use the product by a person responsible for their safety.
- This product is not a toy. Keep it out of reach of children who should be supervised to ensure that they do not play with this product.
- If plastic bags are part of the packaging material of this product, keep them out of reach of children and do not allow children to play with them. There's a choking hazard.
- Use this product only for the purpose for which it is intended. Improper use of this product may cause a risk of fire, explosion or other hazard and may void the warranty
- Unplug this product from the mains when not in use.
- Do not short the connectors on this product.

- It is prohibited to use this product if it shows any signs of mechanical damage or has a suspicious odour.
- This product is intended for indoor use only; do not use it outdoors.
- Do not use or leave this product in damp, dusty or otherwise contaminated environments.
- Do not expose this product to excessive pressure or shock.
- Protect this product from excessive moisture; never immerse it in water or other liquid, and do not expose it to dripping or splashing water.
- Protect this product from the intrusion of foreign objects.
- If this product is damaged, have it repaired by a professional (service) company. Repairs to this product must only be carried out by the manufacturer, an authorized service centre or similarly qualified person to avoid a dangerous situation.
- Never repair this product yourself, disassemble it or make any modifications to it – there is a risk of electric shock.
- Do not wash this product under running water. Use only a clean, soft, dry, lint-free cloth for cleaning. Do not use solvents, cleaning agents or other chemicals for cleaning.

The use of the product limits your awareness of surrounding sounds. Therefore do not drive vehicles or operate any machines when using the product. Clean the product using a soft damp cloth that does not give up any fluff. Do not use any aggressive agents for cleaning

INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING MATERIALS

Packaging materials and old appliances shall preferably be recycled. The packaging materials of this product can be disposed of as sorted waste. The same applies to the plastic bags made of polyethylene (PE) and other materials – please hand them over for recycling.

DISPOSAL OF WASTE ELECTRICAL & ELECTRONIC EQUIPMENT

In accordance with the European Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), this appliance is labeled with this symbol on the product or its packaging to indicate that this product shall not be treated as household waste. It must be disposed of at a collection site for recycling of waste electrical and

electronic equipment. The proper disposal of this product helps to prevent adverse impacts on the environment and human health, which could otherwise result from improper waste disposal. The disposal shall be carried out in accordance with waste management regulations. For more detailed information about the recycling of this product, contact the local authorities, household waste disposal services or the shop where you have bought the product. For proper disposal, renewal and recycling, hand the products over to the designated collection sites. Alternatively, in some EU or other European countries, you can return the products to your local dealer when buying an equivalent new product. The proper disposal of this product helps to preserve valuable natural resources and prevent potential adverse impacts on the environment and human health, which could result from improper waste disposal. For details, contact your local authorities or the nearest collection facility. In case of improper disposal of this type of waste, fines may be imposed in accordance with national legislation.

For business entities in the EU countries

If you want to dispose of electrical and/or electronic equipment, please contact your dealer or supplier for the necessary information.

Disposal in other countries outside the European Union

This symbol is valid in the European Union. If you want to dispose of this product, contact your local authorities or your dealer for the necessary information about the proper way of disposal.

In accordance with the law, we provide the take-back, processing and free environmentally friendly disposal of electrical and electronic equipment through the collective system of REMA Systém, a.s. The main purpose is to protect the environment by ensuring the efficient recycling of waste electrical and electronic equipment.

For the current list of collection sites, see the web www.rema.cloud

This product meets all the basic requirements of the applicable EU directives. It is CE marked. This mark indicates the conformity of the product's technical characteristics with the applicable technical regulations. The EU Declaration of Conformity is available at www.connectit-europe.com

FAQ

Can this charger be used outdoors?

No, the charger is intended for indoor use only.

Is there an LED indicator for all charging areas?

No, the LED indicator is only for indicating headphone charging.

What should I do if the product has a suspicious odor or shows signs of damage?

Do not use the product and contact a professional for repairs.

Can I repair the product myself?

Repairs should only be done by a professional or authorized service company.

Can the product be cleaned with water?

No, use only a clean, soft, dry, lint-free cloth for cleaning. Do not use solvents or chemical cleaners.

How do I dispose of the product at the end of its life?

Dispose of the product in accordance with local electrical and electronic equipment waste regulations.
