About this item

- **4K UHD Recording Mode** The Coolcrazy N7 dash camera reduces shooting blind spots with car dash cam footage in stunning 4K high resolution. The 4K single dash cam front with super night vision and provides an expansive field of view and crisp images & videos. Used the advanced sensor and 170° wide-angle lens to capture the vehicle number plates and road signs; Provides high-quality evidence to record an accident. Note: Please use the car charger included in the product package.
- **Crystal Night Version with WDR** Dash cams adopt an ultra-large F2.0 aperture and 4 layers lens to increase more light intake, In extremely dark scenarios, with WDR (Wide Dynamic Range) technology, automatically balance exposure level. Even in low-light and high-speed driving scenarios conditions, dashcams for cars ensure precise license plate recognition, and UHD recordings, restore 4K-level details, ensuring clear night shots.
- **GPS Tracking, Wi-Fi & APP Control** COOLCRAZY N7-4k dash cam has built-in GPS, which records and allows you to view real-time live speed and compass on the LCD, and records precise driving routes and , locations. Car on-dash mounted cameras come with built-in 2.4G WiFi, and the app is suitable for all Android & iOS smartphones. With our advanced dashboard camera APP, you can select the resolution: 4k/2k to record videos, download it directly to your phone, share travel scenery & highlight moments to your social media.
- **Accident Lock & 24/7 Parking Monitor** ①G-sensor–Automatically record emergency situation & videos saved. Safely locked to prevent an overwrite. ②Loop recording–Automatically overwrites the oldest videos with the latest ones, when when the TF card is full. It supports U3 Class 10 Micro SD Card, support 128 G Max (not included). ③24H Record/Time Lapse–dash cam 4k capture & record to provide evidence anytime. Note :24H Parking Monitor(Additional Hardwire Kit Needed, Asin: B0CJY9NB6Q).
- **Unique Design & Easy to Use** Dash cams for cars only take 5-20 min from unboxing to installation. Type C port design, which is easier to plug and unplug. The dashcam front camera is equipped 2 million pixels, a Hidden reset button, and supports 75° flexible rotation angle. 3.2" IPS Screen car dash camera display without any reflection, even when travelling at high speeds, and allows you to access UHD live video. The size of the

rechargeable dash cam (3.3in*1.28in*1.29in) is an exquisite appearance & hidden design.
