Product Usage Instructions

Oven Functions

- Bake: Set the desired temperature and time, place your dish in the oven, and press start.
- Broil: Use the broil function for quick high-heat cooking, ideal for browning or crisping dishes.
- Convection Bake: Utilize the convection feature for even baking results with efficient air circulation.
- Oven Light: Turn on the oven light to check on your cooking without opening the oven door.

Burners

- Use the control knobs to adjust the flame intensity on each burner.
- The high-performance burners are suitable for various cooking techniques such as boiling, simmering, and searing.

Cleaning and Maintenance

- Ensure the gas range is turned off and cool before cleaning.
- Clean the grates and burner caps with warm soapy water and a non-abrasive sponge.
- Always refer to the user manual for specific cleaning instructions and maintenance tips.

Frequently Asked Questions

- **Q: Can this gas range be converted to use propane?**
A: Yes, this gas range is convertible to propane with the appropriate conversion kit (sold separately). Refer to the user manual for detailed instructions.
- **Q: How do I set the digital timer on the gas range?**
A: To set the digital timer, press the Timer button, use the +/- buttons to adjust the time, and press Start to begin the countdown.
