CP PLUS Fingerprint Time Attendance System

Quick guide for Hardware Installation

Step:-1. How to install hardware.

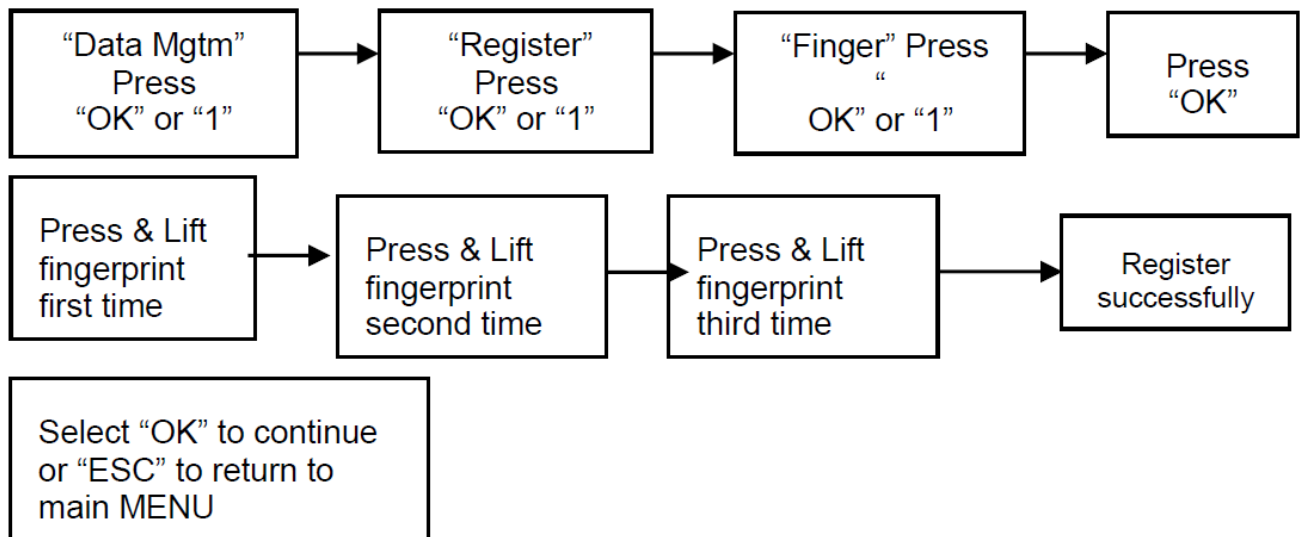

We have to drill three screws of same size on the back side of the device.

**Step:-2 Accessories for connectivity.**

1. Mini "USB" cable.

Step:-3 How to enroll fingerprints

Press "Menu" button and follow below Process.

Note: If you want to go with further operation then you can go with manual enclosed with the device.
