## **CRYSTOP Rectangular Crystal Bar Chandeliers**

## INTRODUCTION

For individuals who wish to add sophistication and elegance to their interior spaces, the CRYSTOP Rectangular Crystal Bar Chandelier is the pinnacle of contemporary luxury lighting. This gorgeous fixture from the respected brand CRYSTOP, which was introduced in early 2024 and costs **\$159.98**, turns any space into a focal point. Its dimensions, including a lengthy, adjustable hanging chain, are 31.5" in length, 9.8" in breadth, and 56.18" in height. Featuring a 6-light E12 bulb system (bulbs not included) that supports LED, halogen, and energy-saving alternatives, this chandelier is made with premium K9 crystals and sturdy metal. Perfect for your dining area, bar, kitchen island, or gallery space, the tumbling crystal tiers create a raindrop appearance and radiate light from all directions. Whether you want to wow visitors or just improve the atmosphere in your house, this chrome-finished pendant lamp is a stunning combination of style and utility.

### Beautiful Rectangle Chandelier for Dining Room

- Beautiful lighting fixture for dining room, Gorgeous chandelier perfectly centred over dining tables and breakfast bars, this rectangular chandelier brings sparkle to your well-appointed spaces.

### Crystal Rectangular Chandelier for Bar

- The elegant and shining crystal lamp will be your good helper. Turning off the

rectangular chandelier is an elegant crystal exhibit. When the lamp is turned on, the crystal chandeliers are beautiful, suitable for any restaurant, coffee shop bar, etc.

### Stunning Kitchen Crystal Chandeliers

- Using this pendant lamp in the kitchen, you will be very happy and love watching the sparkle of light, the rectangular crystal chandelier’s shadow and the colour displayed on the walls every time you switch on the Chandelier.

## WHAT'S IN THE BOX

- Crystal Bar Chandeliers
- User Manual

## FEATURES

- **Elegant Rectangular Design:** This design features a contemporary form adorned with glistening K9 raindrop crystals for an opulent effect.
- **Large Dimensions:** 31.5" L x 9.8" W x 56.18" H, with an 8.67" adjustable hanging chain included.

- **6-Light Configuration:** Provides sufficient light in wider areas by supporting six E12 bulbs, with a maximum power of 40W.
- **Genuine K9 Crystals:** Hand-cut premium-grade crystals with exceptional light refraction and durability are included.
- **Chrome Finish:** The chandelier's opulent appearance is enhanced by a polished chrome base made of glossy silver.

- **Compatible Lights:** Compatible with energy-saving, halogen, and E12 LED lights (bulbs not included).
- **Modern & Glamorous Style:** This style is ideal for people looking for a statement piece that combines crystal elegance with modern minimalism.
- **Versatile Use:** Perfect for living rooms, kitchen islands, dining rooms, pubs, and small business areas.
- **Tiered Crystal Layout:** A descending multi-level crystal drop that resembles a raindrop cascade.
- **Anti-rust Metal Frame:** Constructed from premium metal that is impervious to fading and corrosion.
- **Push-button Switches:** Easy to use and have dependable power control.
- **Adjustable Hanging Length:** The chain's length can be changed to fit different ceiling heights.
- **Safe & Scratch-Protected Base:** To guard against damage during transportation, the base is delivered covered in a gray protective film.
- **Magnificent Light Reflection:** The arrangement of the crystals optimizes light reflection to produce a shimmering atmosphere in every direction.
- **High-end Decorative Appeal:** Intended to enhance any interior space's opulent appearance.

## SETUP GUIDE

- **Power Off First:** Prior to installation, always turn off the electricity at the main breaker.
- **Unpack the Parts with Caution:** Examine all components for damage after carefully opening the packaging.
- **Remove Protective Film:** Before continuing, rip the gray film off the metal base.
- **Examine the User Manual:** Learn about the layout and assembly specifics.
- **Mounting Hardware Preparation:** Prior to installation, collect screws, anchors, and tools.
- **Mount Ceiling Bracket:** Fasten the bracket firmly to a junction box in the ceiling.
- **Metal Frame Assembly:** Assemble the frame structure and metal base in accordance with the diagram.
- **Connect Electrical Wires:** Attach the live, neutral, and ground wires from the chandelier to the wires on the ceiling.

- **Secure Ceiling Plate:** Place the chrome canopy flush with the ceiling surface and tighten it.
- **Hang Crystals in Sequence:** Assemble K9 crystals in numerical sequence or according to labeled strands.
- **Adjust Chain Length:** Before fastening, adjust the chain to meet the necessary ceiling height.
- **Install E12 Bulbs:** Put in six E12 bulbs that are compatible and have the color temperature you choose.
- **Test Power:** Turn on the power again and inspect all of the lights and connections.
- **Evenly Balance the Crystals:** Make sure the crystals hang evenly and free of knots.
- **Final Cleanup:** After installation, use a soft cloth to gently remove fingerprints from the crystals.

## CARE & MAINTENANCE

- **Dust Often:** To avoid accumulation, use a microfiber cloth or a soft feather duster once a week.
- **Wear Gloves When Handling Crystals:** Prevent smudges and fingerprints during cleaning.
- **Use Distilled Water:** Or use a crystal-safe solution on a moist towel to gently wipe crystals.
- **Polish Chrome Base Lightly:** To preserve the gleam of the silver finish, use a polish that is suitable for chrome.
- **Avoid Harsh Chemicals:** Do not use strong solvents, bleach, or ammonia on metal or crystal components.
- **Safe Bulb Replacement:** Before changing any E12 bulbs, make sure the fixture is turned off.
- **Examine Wires Every Year:** For safety, check wires for wear or loose connections once a year.
- **Verify the Crystal Hooks:** Make sure all of the crystal strands are firmly fastened to avoid falls.
- **Protect During Renovations:** If there is painting or other work going on nearby, cover the fixture with a soft cloth.
- **Periodically Tighten Screws:** Light vibrations might cause parts to become loose

over time.

- **Twice a Year Deep Cleaning:** To preserve brightness, perform a thorough cleaning every six months.
- **Avoid Moisture Exposure:** Avoid installing in bathrooms or other wet areas as it is not water-resistant.
- **Store Extra Crystals:** In the event that replacements are needed in the future, keep extras in a secure box.
- **Use the Right Bulb Wattage:** To prevent damage or overheating, never use more than 40W per socket.
- **Maintain Chain Integrity:** Make sure the chain links are securely fastened and free of rust over time.

## TROUBLESHOOTING

| Issue                          | Possible Cause                                  | Suggested Solution                                       |
|--------------------------------|---|--|
| Chandelier not turning on      | Loose wiring or power issue                     | Check the power connection and verify bulb compatibility |
| One or more bulbs not lighting | Faulty or loosely fitted E12 bulbs              | Reinsert or replace with working E12 bulbs               |
| Fixture is tilting             | Uneven mounting or chain imbalance              | Adjust the chain and ceiling bracket for alignment       |
| Dim light output               | Low wattage bulbs or incorrect bulb type        | Use bulbs up to 40W or suitable LED alternatives         |
| Flickering bulbs               | Poor bulb contact or unstable voltage           | Ensure bulb base is fully inserted; check wiring         |
| Crystals appear dull           | Dust or fingerprints accumulation               | Clean gently using a microfiber cloth                    |
| Metal base looks scratched     | Protective film not removed before installation | Remove the gray protective film before setup             |

| Issue                    | Possible Cause                          | Suggested Solution                                       |
|--------------------------|---|--|
| Crystals tangled in box  | Movement during shipping                | Untangle carefully before starting installation          |
| Difficult to install     | Complex layout or unclear instructions  | Follow the manual step-by-step or seek professional help |
| Chain too long for space | Improper adjustment of suspension chain | Adjust chain to suitable height before final mounting    |

## PROS & CONS

### PROS

- Eye-catching luxury design with high-quality K9 crystals
- Wide application across dining, living, kitchen, and bar areas
- Compatible with multiple E12 bulb types
- Durable anti-rust metal construction
- Long adjustable chain for various ceiling heights

### CONS

- Bulbs are not included in the package
- Installation requires time and precision
- Not water-resistant—indoor use only
- Crystals may need frequent cleaning to maintain sparkle
- No built-in dimming feature included

## WARRANTY

CRYSTOP offers a **100% Satisfaction Guarantee** with quality after-sale service. If any component arrives damaged or if you face installation difficulties, you can expect responsive support from the manufacturer to resolve the issue quickly and efficiently. Each purchase reflects CRYSTOP’s commitment to quality and customer care.

## FREQUENTLY ASKED QUESTIONS

Which bulb type is compatible with the CRYSTOP Rectangular Crystal Bar Chandelier?

This chandelier supports 6 x E12 base bulbs, max 40W each (bulbs not included), compatible with LED, halogen, or energy-saving E12 bulbs.

What is the primary material used in the CRYSTOP Bar Chandelier?

The chandelier is made from genuine K9 crystals and high-quality anti-rust metal, offering superior clarity and long-lasting durability.

How do I clean the CRYSTOP Rectangular Crystal Bar Chandelier?

Power off the unit and clean crystals with a soft microfiber cloth. Avoid moisture near electrical connections and remove dust regularly for sparkle.

Why does the metal base of my CRYSTOP chandelier appear dull or scratched?

The metal base is covered with a gray protective film. Please remove it before installation to reveal the polished chrome finish.

What should I do if one or more lights don't work after installing the CRYSTOP chandelier?

Check for loose bulb connections, ensure correct voltage (110–120V), and confirm that the bulbs are functioning properly.

What is the full model name and brand of this chandelier?

This is the CRYSTOP Rectangular Crystal Bar Chandelier, model 12-Silver L31.5 , W9.8 , H56.18, designed for luxury home and commercial decor.

How long does it take to install the CRYSTOP Rectangular Bar Chandelier?

Installation typically takes 1–2 hours, depending on skill level. Professional installation is advised due to the crystal assembly process.
