How to use

Place pre-wrapped carrier over wearer's head, like a shirt.

Ensure tight, comfortable fit at back

Place child in one leg at a time and spread the fabric from knee to knee.

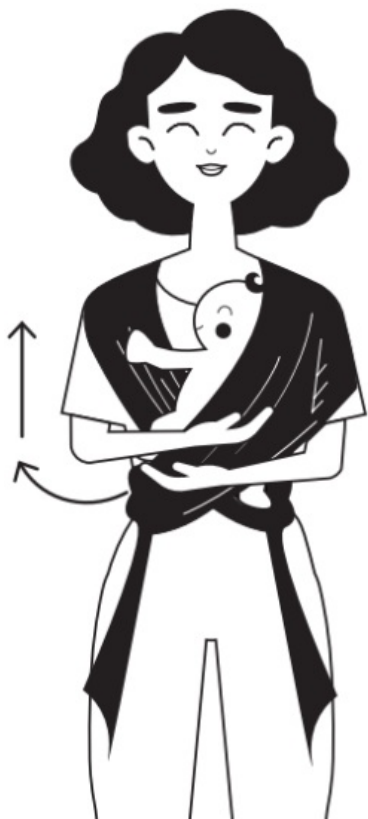

Ensure child is correctly positioned as above and additionally tighten using rings if needed.

Tie extra piece of material to secure fit.

Knot should be firm but not overly tight to avoid discomfort for both wearer and child. Align knot with child's hips for optimal support.

Carefully move fabric to one side and push baby up against you to safely remove child from carrier.

Care & Safety Guide

WASHING INSTRUCTIONS

Keep your CuddleCarry™ Baby Carrier looking and feeling its best with these care tips.

Washing instructions: machine wash cold, gentle cycle. Do not bleach. Do not tumble. Do not iron. Do not dry clean.

Follow these safety guidelines to enjoy handsfree babywearing confidently. Use for babies:

8-35 lbs | 3.6-15.8 kg | 0-36 months.

- A** Baby's face is close enough to kiss and in view at all times.
- B** Ensure the baby's nose is level with or slightly above the top of the carrier.
- C** Baby's spine, pelvis, and legs are well supported.
- D** Baby's spine forms a gentle "J" shaped curve.
- E** Baby's legs are in a spread-squat position & supported knee-to-knee.

Model: Cuddlebug™ CuddleCarry™ Baby Carrier

IMPORTANT! KEEP INSTRUCTIONS FOR FUTURE USE!

WARNING

FALL AND SUFFOCATION HAZARD

WARNING! WHEN USING THIS CARRIER, CONSTANTLY MONITOR YOUR CHILD

FAILURE TO FOLLOW THESE WARNINGS AND THE MANUFACTURER'S INSTRUCTIONS CAN RESULT IN DEATH OR SERIOUS INJURY.

FALL HAZARD – Babies can fall through a wide leg opening or out of carrier.

- Adjust leg openings to fit baby's legs snugly.

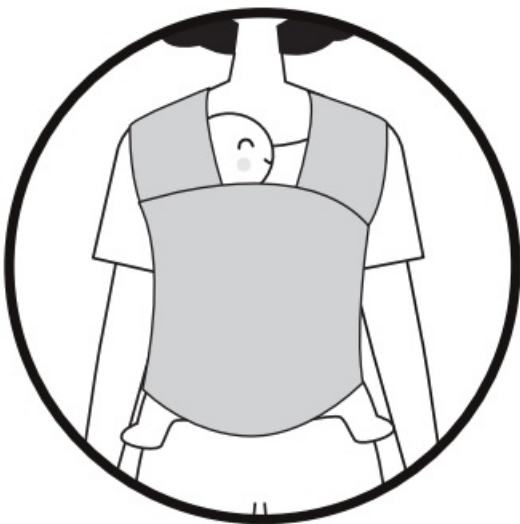

- Before each use, make sure all buckles and adjustments are secure.
- Take special care when leaning or walking.
- Never bend at the waist; bend at knees.
- Only use this carrier with children 8-35 lbs, 3.6-15.8 kg, 0-36 months.

SUFFOCATION HAZARD – Babies under 4 months can suffocate in this product if face is pressed tight against your body.

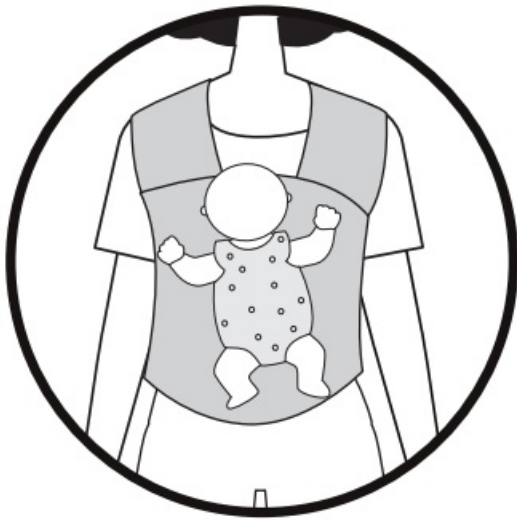

- Do not strap an infant too tight against your body.
- Allow room for head movement.
- Keep infant's face free from obstructions at all times.
- If you nurse your baby in the carrier, always reposition after feeding so baby's face is not pressed against your body.
- Never use this carrier with babies smaller than 8 pounds without seeking the advice of a healthcare professional.
- **WARNING!** Constantly monitor your child and ensure the mouth and nose are unobstructed.
- **WARNING!** For pre-term, low birthweight babies and children with medical conditions, seek advice from a health professional before using this product.
- **WARNING!** Ensure your child's chin is not resting on its chest as its breathing may be restricted which could lead to suffocation.
- **WARNING!** To prevent hazards from falling ensure that your child is securely positioned in the carrier.
- When using this carrier, constantly monitor your child.
- Always check to ensure that all adjustments are secure.
- Cuddlebug is an inward-only facing carrier. Do not face baby out in your Cuddlebug.
- Check for ripped seams, torn straps or fabric, and damaged hardware before each use. If found, stop using carrier.
- Ensure that the baby is safely positioned in the carrier according to manufacturer's instructions for use.
- Ensure proper placement of child in product including leg placement.
- If pregnant, consult your doctor before using.
- Never leave a baby in a carrier that is not being worn.
- Check on the baby often. Ensure that the baby is periodically repositioned.
- Never use carrier while engaging in activities such as cooking and cleaning, which involve a heat source or exposure to chemicals.
- The carrier is not a car or bike seat safety device. Never wear carrier while driving or being a passenger in a motor vehicle.
- Awareness of hazards in the domestic environment e.g. heat sources, spilling of hot drinks.
- Only use the product for the number of children (1) for which the product is intended.
- Your movement and the child's movement may affect your balance.
- Take care when bending and leaning forwards or sideways.
- Always bend at your knees to protect your back.
- The carrier is not suitable for use during sporting activities e.g. running, cycling, swimming and skiing and other fast-moving physical activity where the chance of impact or falling is high.
- The carer should be aware of the increased risk of your child falling out of the carrier as they becomes more

active.

- Regular inspection of the carrier for any signs of wear and damage.
- Keep this carrier away from children when it is not in use.
- Baby carriers allow parents to be hands-free to do other things, but you must always be active in caring for your child. Please follow the instructions carefully and refer to the safety guidelines.
- This carrier should not be used by persons with any kind of muscular, skeletal, back, leg, or any other physical problems that might interfere with safe use.
- Do not use the carrier if under the influence of alcohol or medication.
- Never use a soft carrier when balance or mobility is impaired because of exercise, drowsiness, or medical conditions.
- Babies younger than 4 months can suffocate in this product if face is pressed tightly against your body. Babies at greatest risk of suffocation include those born prematurely and those with respiratory problems.
- Ideally, your baby's nose should always be parallel to the ground.
- Only use carriers that are appropriate for your baby's age and weight.
- Heroes Group is not responsible for the improper use of the carrier.
- Use common sense and your best judgment to keep your baby safe and secure when carrying your baby.
- Do not place objects in the carrier that could present a possible suffocation hazard.
- Make sure to protect your baby from the elements. Their arms, legs, and head may need sun protection. Dress the baby in weather -appropriate clothing and don't use a baby carrier in circumstances that could lead to heat stress.
- If you nurse your baby in carrier, always reposition after feeding so baby's face is not pressed against your body.
- Do not use the carrier in water at any time.

CORRECT: Chin up, face visible, nose & mouth free

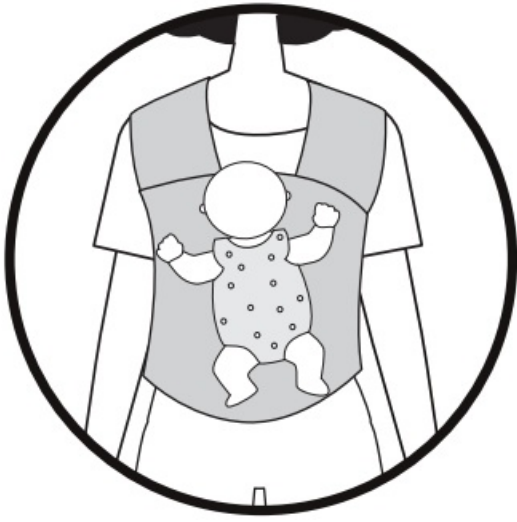

INCORRECT: Baby's face is covered.

INCORRECT: Baby is too low.

INCORRECT: Baby is hunched with chin touching chest.

INCORRECT: Baby's nose pressed tightly against wearer.
