cudy GS108D 5/8-Port Desktop Switch

Specifications

- Product Name: Cudy Desktop Switch
- Model: 5-Port / 8-Port
- Ports: Ethernet x5 / Ethernet x8

- LED Indicators: PWR, Link/Act
- Compatibility: Desktop Game Console, NAS, IPTV

Product Usage Instructions

Connection
Connect the Desktop Switch by following these steps:

1. Connect the Power Adapter to the switch and a power source.
2. Connect the Ethernet cable from your Router's LAN Port to the WAN Port on the switch.
3. Connect your devices like Desktop Game Console, NAS, or IPTV to the available LAN Ports on the switch.

LED and Interface Explanation
The LED indicators on the switch provide status information:

- **PWR:** Indicates power status – ON (Powered), OFF (No power)
- **Link/Act:** Indicates connection status – ON (Connecting but no activity), Blinking (Transmitting or receiving data), OFF (Link failure)

Quick Installation Guide
Refer to the Quick Installation Guide for a detailed setup process for the 5/8-Port Desktop Switch.

EU Declaration of Conformity
Cudy declares compliance with EU directives. For more information, visit their website or contact support.
